7 adopted the child; and

8 (c) The child was not conceived by artificial
9 insemination while the person ordered to pay child support and
10 the child's mother were in wedlock.

11 (3) The court shall not deny relief on a motion filed
12 in accordance with subsection (1) solely because of the
13 occurrence of any of the following acts if the person ordered
14 to pay child support did not know at the time of the
15 occurrence of the act that he was not the natural father of
16 the child:

17 (a) The person ordered to pay child support married

7 motion of any party shall, order the child's mother, the
8 child, and the person ordered to pay child support to submit
9 to genetic tests. The clerk of the court shall schedule such
10 genetic testing not later than 30 days after the court issues
11 its order.

12 (b) If the mother of the child or the person ordered
13 to pay child support willfully fails to submit to genetic
14 testing, or if either such party is the custodian of the child
15 and willfully fails to submit the child for testing, the court
16 shall issue an order determining the relief on the motion
17 against the party so failing to submit to genetic testing. If
18 a party shows good cause for failing to submit to genetic
19 testing, such failure shall not be considered willful.

20 (c) The party requesting genetic testing shall pay any
21 fees charged for the tests. If the custodian of the child is
22 represented by an administrative agency in its role as an
23 agency providing enforcement of child support orders, such

25 the test and may seek reimbursement for the fees from the
26 person against whom the court assesses the costs of the
27 action.
