17	and insert: performing the duties of a certified nursing		
18	assistant. Unless otherwise approved by the agency, licensed		
19	nurses counted towards the minimum staffing requirements for		
20	certified nursing assistants must exclusively perform the		
21	duties of a certified nursing assistant for the entire shift		
22	and shall not also be counted towards the minimum staffing		
23	requirements for licensed nurses. If the agency approved a		
24	facility's request to use a licensed nurse to perform both		
25	licensed nursing and certified nursing assistant duties, the		
26	facility must allocate the amount of staff time specifically		
27	spent on certified nursing assistant duties for the purpose of		
28	documenting compliance with minimum staffing requirements for
