service provided in such facility, except the cost of a 1 physician's services which is billed independently of the 2 3 facility. 4 (3) When more than one licensed facility is operated 5 by the reporting organization, the information required by 6 this section shall be reported for each facility separately. 7 (4) (a) Within 120 days after the end of its fiscal year, each health care facility, excluding continuing care 8 9 facilities and nursing homes as defined in s. 408.07(14) and (36), shall file with the agency, on forms adopted by the 10 agency and based on the uniform system of financial reporting, 11 12 its actual financial experience for that fiscal year, including expenditures, revenues, and statistical measures. 13 14 Such data may be based on internal financial reports which are 15 certified to be complete and accurate by the provider. However, hospitals' actual financial experience shall be their 16 17 audited actual experience. Nursing homes that do not participate in the Medicare or Medicaid programs shall also 18 19 submit audited actual experience. Every nursing home shall submit to the agency, in a format designated by the agency, a 20 statistical profile of the nursing home residents. The agency, 21 22 in conjunction with the Department of Elderly Affairs and the Department of Health, shall review these statistical profiles 23 and develop recommendations for the types of residents who 24 might more appropriately be placed in their homes or other 25 26 noninstitutional settings. 27 (b) Each nursing home shall also submit a schedule of the charges in effect at the beginning of the fiscal year and 28 29 any changes that were made during the fiscal year. A nursing home which is certified under Title XIX of the Social Security 30 Act and files annual Medicaid cost reports may substitute 31 48

1	copies of such reports and any Medicaid audits to the agency
2	in lieu of a report and audit required under this subsection.
3	For such facilities, the agency may require only information
4	in compliance with this chapter that is not contained in the
5	Medicaid cost report. Facilities that are certified under
б	Title XVIII, but not Title XIX, of the Social Security Act
7	must submit a report as developed by the agency. This report
8	shall be substantially the same as the Medicaid cost report
9	and shall not require any more information than is contained
10	in the Medicare cost report unless that information is
11	required of all nursing homes. The audit under Title XVIII
12	shall satisfy the audit requirement under this subsection.
13	(5) In addition to information submitted in accordance
14	with subsection (4), each nursing home shall track and file
15	with the agency, on a form adopted by the agency, data related
16	to each resident's admission, discharge, or conversion to
17	Medicaid; health and functional status; plan of care; and
18	other information pertinent to the resident's placement in a
19	nursing home.
20	(6) Any nursing home which assesses residents a
21	separate charge for personal laundry services shall submit to
22	the agency data on the monthly charge for such services,
23	excluding drycleaning. For facilities that charge based on the
24	amount of laundry, the most recent schedule of charges and the
25	average monthly charge shall be submitted to the agency.
26	(6) (7) The agency may require other reports based on
27	the uniform system of financial reporting necessary to
28	accomplish the purposes of this chapter.
29	(7)(8) Portions of patient records obtained or
30	generated by the agency containing the name, residence or

7	(8) (9) The identity of any health care provider,
8	health care facility, or health insurer who submits any data

10	pursuant to the provisions of this section shall remain
11	confidential and exempt from the provisions of s. 119.07(1)
12	and s. 24(a), Art. I of the State Constitution. As used in
13	this section, "proprietary business information" shall

15	specific provider contract reimbursement information;
16	information relating to security measures, systems, or

28	s. 119.07(1) and s. 24(a), Art. I of the State Constitution.
29	Such proprietary business information may be used in published
30	analyses and reports or otherwise made available for public
31	disclosure in such manner as to preserve the confidentiality

of the identity of the provider. This exemption shall not
 limit the use of any information used in conjunction with
 investigation or enforcement purposes under the provisions of
 s. 456.073.

5 <u>(9)(10)</u> No health care facility, health care provider, 6 health insurer, or other reporting entity or its employees or 7 agents shall be held liable for civil damages or subject to 8 criminal penalties either for the reporting of patient data to 9 the agency or for the release of such data by the agency as 10 authorized by this chapter.

(10)(11) The agency shall be the primary source for 11 12 collection and dissemination of health care data. No other agency of state government may gather data from a health care 13 14 provider licensed or regulated under this chapter without 15 first determining if the data is currently being collected by the agency and affirmatively demonstrating that it would be 16 17 more cost-effective for an agency of state government other than the agency to gather the health care data. The director 18 19 shall ensure that health care data collected by the divisions within the agency is coordinated. It is the express intent of 20 the Legislature that all health care data be collected by a 21 22 single source within the agency and that other divisions 23 within the agency, and all other agencies of state government, obtain data for analysis, regulation, and public dissemination 24 purposes from that single source. Confidential information may 25 26 be released to other governmental entities or to parties 27 contracting with the agency to perform agency duties or functions as needed in connection with the performance of the 28 duties of the receiving entity. The receiving entity or party 29 shall retain the confidentiality of such information as 30 provided for herein. 31

1	(11) (12) The agency shall cooperate with local health
2	councils and the state health planning agency with regard to
3	health care data collection and dissemination and shall
4	cooperate with state agencies in any efforts to establish an
5	integrated health care database.
6	(12) (13) It is the policy of this state that
7	philanthropic support for health care should be encouraged and
8	expanded, especially in support of experimental and innovative
9	efforts to improve the health care delivery system.
10	(13)(14) For purposes of determining reasonable costs
11	of services furnished by health care facilities, unrestricted
12	grants, gifts, and income from endowments shall not be
13	deducted from any operating costs of such health care
14	facilities, and, in addition, the following items shall not be
15	deducted from any operating costs of such health care
16	facilities:
17	(a) An unrestricted grant or gift, or income from such
18	a grant or gift, which is not available for use as operating
19	funds because of its designation by the health care facility's
20	governing board.
21	(b) A grant or similar payment which is made by a
22	governmental entity and which is not available, under the
23	terms of the grant or payment, for use as operating funds.
24	(c) The sale or mortgage of any real estate or other
25	capital assets of the health care facility which the health
26	care facility acquired through a gift or grant and which is
27	not available for use as operating funds under the terms of
28	the gift or grant or because of its designation by the health
