C. EFFECT OF PROPOSED CHANGES:

The bill codifies all prior special acts relating to the Southeast Volusia Hospital District into a single act and repeals all prior special acts relating to the District's charter. This bill maintains the governing board's current authority to levy a tax no more than 4 mills on the dollar on taxable property within the District. The bill increases the quorum requirement for the governing board from three to four members.

Background

The Southeast Volusia Hospital District was created in 1947 by chapter 24961, Laws of Florida and has been subsequently amended by special acts. The Southeast Volusia Hospital District is an independent special district and is currently authorized to levy up to 4 mills ad valorem tax on taxable district property.

Codification

Codification is the process of bringing a special act up-to-date. After a special district is created, special acts often amend or alter the special district's charter provisions. To ascertain the current status of a special district's charter, it is necessary to research all amendments or changes made to the charter since its inception or original passage by the Legislature. Codification of special district charters is important because it allows readers to more easily determine the current charter of a district.

Codification of special district charters was authorized by the 1997 Legislature when it amended chapter 189, Florida Statutes, to provide for codification of all special district charters either by December 1, 2001, or when any act relating to such district is introduced to the Legislature, whichever occurs first. Section 189.429, Florida Statutes (1997), also required that no changes be made to a district's charter, as it existed on October 1, 1997. However, the 1998 Legislature amended section 189.429, Florida Statutes, to: (1) extend the codification deadline to December 1, 2004; (2) allow for the adoption of the codification schedule provided for in an October 3, 1997, memorandum issued by the Chair of the Committee on Community Affairs; (3) remove the prohibition of substantive amendments in a district's codification bill; and (4) remove the requirement that a codified charter must be submitted prior to the introduction of any act relating to the charter or prior to the scheduled deadline. Any codified act relating to a special district must provide for the repeal of all prior special acts of the Legislature relating to the district.
