SUMMARY ANALYSIS

In the 2002 General Election, Floridians amended the State Constitution to require a single state university system comprised of all public universities, with a board of trustees administering each university and a board of governors governing the state university system.

HB 319 amends the Florida Statutes to reflect the adoption of this constitutional amendment by establishing the Board of Governors as a body corporate comprised of: 14 members appointed by the Governor and subject to confirmation by the Senate; the Commissioner of Education; the chair of the Advisory Council of Faculty Senates or the equivalent; and the president of the Florida Student Association or the equivalent. The appointed members serve staggered seven year terms.

HB 319 also revises statutory provisions relating to university boards of trustees. Each university will be administered by a university board of trustees comprised of 13 members, 6 of whom are appointed by the Governor and 5 of whom are appointed by the Board of Governors. These 11 members are subject to confirmation by the Senate. The chair of the faculty senate or the equivalent, and the president of the student body of the university serve as the final 2 members of the board. The appointed members serve staggered 5 year terms.

The fiscal impact of this bill is indeterminate.

B. EFFECT OF PROPOSED CHANGES:

Prior to January 7, 2003, each state university was governed by a 13 member board of trustees. Each member was appointed by the Governor and subject to confirmation by the Senate. Each board of trustees was vested, by law, with the authority to govern and set policy for its university as necessary to provide proper governance and improvement of the university in accordance with law and rules of the Florida Board of Education.

In the 2002 General Election, Floridians amended the State Constitution to require a single state university system comprised of all public universities, with a board of trustees administering each university and a board of governors governing the state university system. The amendment took effect January 7, 2003.

HB 319 amends the Florida Statutes to reflect the adoption of this constitutional amendment by establishing the Board of Governors as a body corporate comprised of: 14 members appointed by the Governor and subject to confirmation by the Senate; the Commissioner of Education; the chair of the Advisory Council of Faculty Senates or the equivalent; and the president of the Florida Student Association or the equivalent. The appointed members serve staggered seven year terms.

HB 319 also revises statutory provisions relating to university boards of trustees. Each university will be administered by a university board of trustees comprised of 13 members, 6 of whom are appointed by the Governor and 5 of whom are appointed by the Board of Governors. These 11 members are subject to confirmation by the Senate. The chair of the faculty senate or the equivalent, and the president of the student body of the university serve as the final 2 members of the board. The appointed members serve staggered 5 year terms.

1. Applicability of Municipality/County Mandates Provision:

see Other.

2. Other:

This bill does not appear to have any constitutional issues.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

An analysis prepared by the Department of Education (DOE) suggests the phrase "beginning July 1, 2003" in sections 1 and 2 of the bill is inaccurate, in that the staggering of terms would only occur on July 1, 2003.

In addition, DOE reports that the provision in section 2, requiring that the chair and vice chair be selected at the first regular meeting after July 1 conflicts with the resolution by the Board of Governors stating that such selection should occur at the first regular meeting.
