Representative Arza offered the following:

Amendment (with title amendment)

Remove line(s) 168-172, and insert:

benefit district.

(c) As an alternative to the creation of an educational facilities benefit district by a local general purpose government pursuant to the procedures set forth in paragraphs (a) and (b), a local general purpose government may adopt a resolution with a finding of necessity and specification of the geographic boundaries of the educational facilities benefit district. The resolution must state that:

1. The economic, social, and housing circumstances in the defined area create unique requirements for students in the area.

Amendment No. (for drafter's use only)

26 2. A shortage of specifically targeted educational
27 opportunities exists to meet the unique requirements of students
28 in the defined area.

29 3. The creation of an educational facilities benefit
30 district is necessary to fulfill the requirements of the
31 students in the defined area.

32
33 The educational facilities benefit district shall be created by
34 ordinance in which the local general purpose government shall
35 accept data and analysis confirming that the conditions set
36 forth in the finding of necessity exist and can be met through
37 the educational opportunities offered by charter schools. The
38 creation of an educational facilities benefit district under
39 this subsection shall be conditioned upon the consent of the
40 local general purpose government creating such district. Prior
41 to January 2008, the authority to create an educational
42 facilities benefit district by a local general purpose
43 government pursuant to this subsection shall be limited to Dade
44 County.
