Representative Arza offered the following:

Amendment

Remove line(s) 268, and insert:
and for capital improvements pursuant to s. 1011.71(2). The amount of local effort funds that may be received annually by an educational facilities benefit district or a community development district shall be computed in an amount not to exceed the average per-student local effort funds generated in the school district where the educational facilities benefit district or the community development district is located.
