## **HOUSE OF REPRESENTATIVES STAFF ANALYSIS**

BILL #: HB 623

Northwest Florida Water Management District

SPONSOR(S): Evers

TIED BILLS: IDEN./SIM. BILLS: SB 1748

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR	
1) Environmental Regulation (Sub)		Lotspeich	Lotspeich	
2) Natural Resources				
3) Finance and Taxation				
4)		_		
5)		_		

## **SUMMARY ANALYSIS**

The bill extends the date by which implementation of the Environmental Resource Permit (ERP) program is to be assumed by the Northwest Florida Water Management District (NWFWMD) from July 1, 2003 until such time as a voter-approved constitutional amendment is passed that would increase the current constitutional millage rate imposed on the NWFWMD.

## **FULL ANALYSIS**

## I. SUBSTANTIVE ANALYSIS

## A. DOES THE BILL:

1.	Reduce government?	Yes[]	No[]	N/A[x]
2.	Lower taxes?	Yes[]	No[x]	N/A[]
3.	Expand individual freedom?	Yes[]	No[]	N/A[x]
4.	Increase personal responsibility?	Yes[]	No[]	N/A[x]
5.	Empower families?	Yes[]	No[]	N/A[x]

For any principle that received a "no" above, please explain:

The bill extends the date by which implementation of the ERP program is to be assumed by the NWFWMD. This extension is tied to the passage of a voter-approved constitutional amendment that would increase the current constitutional millage rate imposed on the NWFWMD.

## **B. EFFECT OF PROPOSED CHANGES:**

# **Present Situation**

In 1993, Part IV of Chapter 373, F.S., was amended to direct creation of the ERP program and a unified statewide wetland delineation methodology. This was done to streamline environmental permitting and provide statewide consistency, while considering differing hydrologic and topographic features

This document does not reflect the intent or official position of the bill sponsor or House of Representatives.

STORAGE NAME: h0623.nr.doc DATE: March 4, 2003 throughout the state. Streamlining was accomplished by combining the water management districts' Management and Storage of Surface Waters (MSSW) and the Department of Environmental Protection's (DEP) dredge and fill and stormwater permits into a single ERP that was then linked to the review of requests to conduct activities on sovereign submerged lands. The unified statewide wetland delineation methodology was ratified by the Legislature in 1994 and DEP and four of the five water management districts implemented ERP rules in October 1995. However, the geographic area of the NWFWMD was exempted from the ERP program by s. 373.4145, F.S., as amended, until July 1, 2003. Consequently, the 16 counties of Northwest Florida continue to be regulated under the MSSW, dredge and fill, and stormwater programs in effect prior to development of the ERP program. The 1994 unified statewide wetland delineation methodology does apply in this area, but only for non-isolated wetlands.

One of the difficulties in expanding the ERP program into Northwest Florida is that, under Florida's constitution NWFWMD's ad valorem tax level is capped at 0.05 mill (\$0.05 per \$1000), whereas the other water management districts have a constitutional cap of 1.0 mill and statutory caps varying from 0.24 to 0.75 mill. Under the constitutional cap, NWFWMD lacks sufficient revenue to fully implement the water management provisions of ch. 373, F.S., including a comprehensive ERP program. During the 2000 Session, legislation was proposed to accelerate implementation of the ERP program in Northwest Florida. This legislation, which failed to pass, would have authorized a vote on a constitutional amendment to set NWFWMD's millage at the same level as the other water management districts and would have accelerated implementation of the ERP program to October 1, 2001.

# Effect of Proposed Change

The bill extends the current division of regulatory responsibilities of the DEP and the NWFWMD for MSSW, dredge and fill, and stormwater until twelve months after such time as a voter-approved constitutional amendment becomes effective increasing the authorized millage cap for the NWFWMD.

## C. SECTION DIRECTORY:

Section 1. Reenacts Subsections 373.4145(1) through (4), F.S. and amends (6) and (7) to provide for the repeal of those sections after a voter-approved constitutional amendment becomes effective.

Section 2. Provides that the bill shall take effect upon becoming law.

# **II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT**

#### A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None

2. Expenditures:

None

STORAGE NAME: h0623.nr.doc PAGE: 2 March 4, 2003

	None
	2. Expenditures: None
C.	DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR: None
D.	FISCAL COMMENTS: None
	III. COMMENTS
A.	CONSTITUTIONAL ISSUES:
	Applicability of Municipality/County Mandates Provision:  None
	2. Other: The bill contains provisions that would be triggered 12 months after the effective date of a voter-approved amendment to s. 9, Art. VII of the Florida Constitution which would increase the authorized millage available to the NWFWMD.
В.	RULE-MAKING AUTHORITY: None
C.	DRAFTING ISSUES OR OTHER COMMENTS:

**B. FISCAL IMPACT ON LOCAL GOVERNMENTS:**
