 8 reasons of health, religion, or conscience may be subjected to  
 9 quarantine.

10 a. Examination, testing, vaccination, or treatment may  
 11 be performed by any qualified person authorized by the State  
 12 Health Officer.

13 b. If the individual poses a danger to the public

 28 person by individuals as defined in ss. ~~s.~~ 464.003 and  
 29 464.0125.

30 Section 9. Subsection (1) of section 400.211, Florida  
 31 Statutes, is amended to read:

Bill No. CS for CS for SB 696

Amendment No. \_\_\_\_ Barcode 213312

1           400.211 Persons employed as nursing assistants;  
 2 certification requirement.--  
 3           (1) To serve as a nursing assistant in any nursing  
 4 home, a person must be certified as a nursing assistant under  
 5 part II of chapter 464, unless the person is a registered  
 6 nurse, a or practical nurse, or a certified geriatric  
 7 specialist certified or licensed in accordance with part I of  
 8 chapter 464 or an applicant for such licensure who is  
 9 permitted to practice nursing in accordance with rules adopted  
 10 by the Board of Nursing pursuant to part I of chapter 464.

11           Section 10. Paragraphs (a) and (c) of subsection (3)  
 12 of section 400.23, Florida Statutes, are amended to read:

13           400.23 Rules; evaluation and deficiencies; licensure  
 14 status.--

15           (3)(a) The agency shall adopt rules providing for the  
 16 minimum staffing requirements for nursing homes. These  
 17 requirements shall include, for each nursing home facility, a  
 18 minimum certified nursing assistant staffing of 2.3 hours of  
 19 direct care per resident per day beginning January 1, 2002,  
 20 increasing to 2.6 hours of direct care per resident per day  
 21 beginning January 1, 2003, and increasing to 2.9 hours of  
 22 direct care per resident per day beginning January 1, 2004.  
 23 Beginning January 1, 2002, no facility shall staff below one  
 24 certified nursing assistant per 20 residents, and a minimum  
 25 licensed nursing staffing of 1.0 hour of direct resident care  
 26 per resident per day but never below one licensed nurse per 40  
 27 residents. For purposes of computing nursing staffing minimums  
 28 and ratios, certified geriatric specialists shall be

1 nursing assistance services to residents on a full-time basis.  
2 Each nursing home must document compliance with staffing  
3 standards as required under this paragraph and post daily the  
4 names of staff on duty for the benefit of facility residents  
5 and the public. The agency shall recognize the use of licensed  
6 nurses for compliance with minimum staffing requirements for  
7 certified nursing assistants, provided that the facility  
8 otherwise meets the minimum staffing requirements for licensed  
9 nurses and that the licensed nurses so recognized are  
10 performing the duties of a certified nursing assistant. Unless  
11 otherwise approved by the agency, licensed nurses counted  
12 towards the minimum staffing requirements for certified  
13 nursing assistants must exclusively perform the duties of a  
14 certified nursing assistant for the entire shift and shall not  
15 also be counted towards the minimum staffing requirements for  
16 licensed nurses. If the agency approved a facility's request  
17 to use a licensed nurse to perform both licensed nursing and  
18 certified nursing assistant duties, the facility must allocate  
19 the amount of staff time specifically spent on certified  
20 nursing assistant duties for the purpose of documenting  
21 compliance with minimum staffing requirements for certified  
22 and licensed nursing staff. In no event may the hours of a  
23 licensed nurse with dual job responsibilities be counted  
24 twice.

25 (c) Licensed practical nurses licensed under chapter  
26 464 who are providing nursing services in nursing home  
27 facilities under this part may supervise the activities of  
28 other licensed practical nurses, certified geriatric  
29 specialists, certified nursing assistants, and other  
30 unlicensed personnel providing services in such facilities in  
31 accordance with rules adopted by the Board of Nursing.

Amendment No. \_\_\_\_ Barcode 213312

1           Section 11. Paragraph (b) of subsection (2) of section  
2 409.908, Florida Statutes, is amended to read:

3           409.908 Reimbursement of Medicaid providers.--Subject  
4 to specific appropriations, the agency shall reimburse  
5 Medicaid providers, in accordance with state and federal law,  
6 according to methodologies set forth in the rules of the  
7 agency and in policy manuals and handbooks incorporated by  
8 reference therein. These methodologies may include fee  
9 schedules, reimbursement methods based on cost reporting,  
10 negotiated fees, competitive bidding pursuant to s. 287.057,  
11 and other mechanisms the agency considers efficient and  
12 effective for purchasing services or goods on behalf of  
13 recipients. If a provider is reimbursed based on cost  
14 reporting and submits a cost report late and that cost report  
15 would have been used to set a lower reimbursement rate for a  
16 rate semester, then the provider's rate for that semester  
17 shall be retroactively calculated using the new cost report,  
18 and full payment at the recalculated rate shall be affected  
19 retroactively. Medicare-granted extensions for filing cost  
20 reports, if applicable, shall also apply to Medicaid cost  
21 reports. Payment for Medicaid compensable services made on  
22 behalf of Medicaid eligible persons is subject to the  
23 availability of moneys and any limitations or directions  
24 provided for in the General Appropriations Act or chapter 216.  
25 Further, nothing in this section shall be construed to prevent  
26 or limit the agency from adjusting fees, reimbursement rates,  
27 lengths of stay, number of visits, or number of services, or  
28 making any other adjustments necessary to comply with the  
29 availability of moneys and any limitations or directions  
30 provided for in the General Appropriations Act, provided the  
31 adjustment is consistent with legislative intent.

Bill No. CS for CS for SB 696

Amendment No. \_\_\_\_ Barcode 213312

1 (2)

2 (b) Subject to any limitations or directions provided  
3 for in the General Appropriations Act, the agency shall  
4 establish and implement a Florida Title XIX Long-Term Care  
5 Reimbursement Plan (Medicaid) for nursing home care in order  
6 to provide care and services in conformance with the  
7 applicable state and federal laws, rules, regulations, and  
8 quality and safety standards and to ensure that individuals  
9 eligible for medical assistance have reasonable geographic  
10 access to such care.

11 1. Changes of ownership or of licensed operator do not  
12 qualify for increases in reimbursement rates associated with  
13 the change of ownership or of licensed operator. The agency  
14 shall amend the Title XIX Long Term Care Reimbursement Plan to  
15 provide that the initial nursing home reimbursement rates, for  
16 the operating, patient care, and MAR components, associated  
17 with related and unrelated party changes of ownership or  
18 licensed operator filed on or after September 1, 2001, are  
19 equivalent to the previous owner's reimbursement rate.

20 2. The agency shall amend the long-term care  
21 reimbursement plan and cost reporting system to create direct  
22 care and indirect care subcomponents of the patient care  
23 component of the per diem rate. These two subcomponents  
24 together shall equal the patient care component of the per  
25 diem rate. Separate cost-based ceilings shall be calculated  
26 for each patient care subcomponent. The direct care  
27 subcomponent of the per diem rate shall be limited by the  
28 cost-based class ceiling, and the indirect care subcomponent  
29 shall be limited by the lower of the cost-based class ceiling,  
30 by the target rate class ceiling, or by the individual  
31 provider target. The agency shall adjust the patient care

Bill No. CS for CS for SB 696

Amendment No. \_\_\_\_ Barcode 213312

1 component effective January 1, 2002. The cost to adjust the  
2 direct care subcomponent shall be net of the total funds  
3 previously allocated for the case mix add-on. The agency shall  
4 make the required changes to the nursing home cost reporting  
5 forms to implement this requirement effective January 1, 2002.

6 3. The direct care subcomponent shall include salaries  
7 and benefits of direct care staff providing nursing services  
8 including registered nurses, licensed practical nurses,  
9 certified geriatric specialists, certified under part I of  
10 chapter 464, and certified nursing assistants who deliver care  
11 directly to residents in the nursing home facility. This  
12 excludes nursing administration, MDS, and care plan  
13 coordinators, staff development, and staffing coordinator.

14 4. All other patient care costs shall be included in  
15 the indirect care cost subcomponent of the patient care per  
16 diem rate. There shall be no costs directly or indirectly  
17 allocated to the direct care subcomponent from a home office  
18 or management company.

19 5. On July 1 of each year, the agency shall report to  
20 the Legislature direct and indirect care costs, including  
21 average direct and indirect care costs per resident per  
22 facility and direct care and indirect care salaries and  
23 benefits per category of staff member per facility.

6 community. The agency shall base the establishment of any  
7 maximum rate of payment, whether overall or component, on the  
8 available moneys as provided for in the General Appropriations  
9 Act. The agency may base the maximum rate of payment on the  
10 results of scientifically valid analysis and conclusions  
11 derived from objective statistical data pertinent to the  
12 particular maximum rate of payment.

16 Section 18. James and Esther King Center for Universal  
17 Research to Eradicate Disease.--

18 (1) The Legislature finds that an estimated 128  
19 million Americans suffer from acute, chronic, and degenerative  
20 diseases and that biomedical research is the key to finding  
21 cures for these diseases that negatively affect all  
22 Floridians. The Legislature further finds that, while there is  
23 much research being conducted throughout this state and  
24 throughout the world, there is a lack of coordination of  
25 efforts among researchers. The Legislature, therefore, finds  
26 that there is a significant need for a coordinated effort if  
27 the goal of curing disease is to be achieved. Moreover, the  
28 Legislature finds that the biomedical technology sector meets  
29 the criteria of a high-impact sector, pursuant to section  
30 288.108, Florida Statutes, having a high importance to this  
31 state's economy with a significant potential for growth and

Bill No. CS for CS for SB 696

Amendment No.      Barcode 213312

1 contribution to our universities and quality of life.

2 (2) It is the intent of the Legislature that Florida  
3 strive to become the nation's leader in biomedical research  
4 and commit itself to being the state to find cures for the  
5 most deadly and widespread diseases. It is further the intent  
6 of the Legislature that there be a coordinated effort among  
7 the state's public and private universities and the biomedical  
8 industry to discover such cures. Moreover, it is the intent of  
9 the Legislature to expand the state economy by attracting  
10 biomedical researchers and research companies to this state.

11 (3) There is established the James and Esther King  
12 Center for Universal Research to Eradicate Disease, which  
13 shall be known as the "CURED."

14 (a) The purpose of the center is to coordinate,  
15 improve, expand, and monitor all biomedical research programs  
16 within the state, facilitate funding opportunities, and foster  
17 improved technology transfer of research findings into  
18 clinical trials and widespread public use.

19 (b) The goal of the center is to find cures for  
20 diseases such as cancer, heart disease, lung disease,  
21 diabetes, and neurological disorders, including Alzheimer's  
22 disease, epilepsy, and Parkinson's disease.

23 (c) The center shall hold an annual biomedical  
24 technology summit in Florida to which biomedical researchers,  
25 biomedical technology companies, business incubators,  
26 pharmaceutical manufacturers, and others around the nation and  
27 world are invited to share biomedical research findings in  
28 order to expedite the discovery of cures. Summit attendees  
29 will be required to cover the costs of such attendance or  
30 obtain sponsorship for such attendance.

31 (d) The center shall encourage clinical trials in this

Bill No. CS for CS for SB 696

Amendment No.      Barcode 213312

1 state on research that holds promise of curing a disease or  
2 condition. The center shall facilitate partnerships between  
3 researchers, treating physicians, and community hospitals for  
4 the purpose of sharing new techniques and new research  
5 findings, as well as coordinating voluntary donations to  
6 ensure an adequate supply of adult stem cells or cord blood.

7 (e) The center shall also encourage the discovery and  
8 production in Florida of vaccines that prevent disease.

9 (f) The center shall monitor the supply and demand  
10 needs of researchers relating to stem cell research and other  
11 types of human tissue research. If the center determines that  
12 there is a need for increased donation of human tissue, it  
13 shall notify hospitals licensed pursuant to chapter 395,  
14 Florida Statutes, that have entered into partnership  
15 agreements with research institutes conducting stem cell  
16 research located in the same geographic region as the  
17 researchers demanding the stem cells or other tissues. Such  
18 hospitals shall then implement programs that encourage  
19 voluntary donations of cord blood or other needed adult  
20 tissue.

21 (g) The center shall be funded through private, state,  
22 and federal sources.

23 (h) The center shall serve as a registry of all known  
24 biomedical grant opportunities and may assist any public or  
25 private biomedical research program in this state in preparing  
26 grant requests.

27 (i) The center shall maintain a website with links to  
28 peer-reviewed biomedical research. The website shall also  
29 contain a list of all known biomedical research being  
30 conducted in Florida and shall facilitate communication among  
31 researchers and other interested parties.

3 House of Representatives no later than January 15 which  
4 contains recommendations for legislative change necessary to  
5 foster a positive climate for biomedical research in this  
6 state.

7       (k) The duties of the center may be outsourced by the  
8 Department of Health to a private entity or state university.

9       (4) There is established within the center an advisory  
10 council which shall meet at least annually.

11       (a) The council shall consist of the members of the  
12 board of directors of the Florida Research Consortium and at  
13 least one representative from:

1 amended to read:

2           456.073 Disciplinary proceedings.--Disciplinary  
3 proceedings for each board shall be within the jurisdiction of  
4 the department.

5           (1) The department, for the boards under its  
6 jurisdiction, shall cause to be investigated any complaint  
7 that is filed before it if the complaint is in writing, signed  
8 by the complainant, and legally sufficient. A complaint filed  
9 by a state prisoner against a health care practitioner  
10 employed by or otherwise providing health care services within  
11 a facility of the Department of Corrections is not legally  
12 sufficient unless there is a showing that the prisoner  
13 complainant has exhausted all available administrative  
14 remedies within the state correctional system before filing  
15 the complaint. However, if the department determines after a  
16 preliminary inquiry of a state prisoner's complaint, that the  
17 practitioner may present a serious threat to the health and  
18 safety of any individual who is not a state prisoner, the  
19 department may determine legal sufficiency and proceed with  
20 discipline. The Department of Health shall be notified within  
21 15 days whenever the Department of Corrections disciplines or  
22 allows a health care practitioner to resign for an offense  
23 related to the practice of his or her profession. A complaint  
24 is legally sufficient if it contains ultimate facts that show  
25 that a violation of this chapter, of any of the practice acts  
26 relating to the professions regulated by the department, or of  
27 any rule adopted by the department or a regulatory board in  
28 the department has occurred. In order to determine legal  
29 sufficiency, the department may require supporting information  
30 or documentation. The department may investigate, and the  
31 department or the appropriate board may take appropriate final

1 action on, a complaint even though the original complainant  
2 withdraws it or otherwise indicates a desire not to cause the  
3 complaint to be investigated or prosecuted to completion. The  
4 department may investigate an anonymous complaint if the  
5 complaint is in writing and is legally sufficient, if the  
6 alleged violation of law or rules is substantial, and if the  
7 department has reason to believe, after preliminary inquiry,  
8 that the violations alleged in the complaint are true. The  
9 department may investigate a complaint made by a confidential  
10 informant if the complaint is legally sufficient, if the  
11 alleged violation of law or rule is substantial, and if the  
12 department has reason to believe, after preliminary inquiry,  
13 that the allegations of the complainant are true. The  
14 department may initiate an investigation if it has reasonable  
15 cause to believe that a licensee or a group of licensees has  
16 violated a Florida statute, a rule of the department, or a  
17 rule of a board. Except as provided in ss. 458.331(9),  
18 459.015(9), 460.413(5), and 461.013(6), when an investigation  
19 of any subject is undertaken, the department shall promptly  
20 furnish to the subject or the subject's attorney a copy of the  
21 complaint or document that resulted in the initiation of the  
22 investigation. The subject may submit a written response to  
23 the information contained in such complaint or document within  
24 20 days after service to the subject of the complaint or  
25 document. The subject's written response shall be considered  
26 by the probable cause panel. The right to respond does not  
27 prohibit the issuance of a summary emergency order if  
28 necessary to protect the public. However, if the secretary, or  
29 the secretary's designee, and the chair of the respective  
30 board or the chair of its probable cause panel agree in  
31 writing that such notification would be detrimental to the

Bill No. CS for CS for SB 696

1 investigation, the department may withhold notification. The  
2 department may conduct an investigation without notification  
3 to any subject if the act under investigation is a criminal  
4 offense.

5           Section 24. (1) The Division of Medical Quality  
6 Assurance of the Department of Health shall conduct a study of  
7 clinical and academic training requirements of certified  
8 optometric practitioners, licensed pursuant to chapter 463,  
9 Florida Statutes, to determine the extent to which prescribing  
10 authority may be expanded. The study group shall be composed  
11 of the following members:

12           (a) One pharmacologist representing the University of  
13 Florida;

14           (b) One pharmacologist representing Nova Southeastern  
15 University;

17 Agricultural and Mechanical University;

18           (d) One ophthalmologist representing Mayo Clinic  
19 Jacksonville;

20           (e) One ophthalmologist representing Bascom Palmer Eye  
21 Institute;

22           (f) One board-certified internist appointed by the  
23 University of South Florida;

25 Optometry;

27 the Florida Optometric Association; and

28           (i) One certified optometric practitioner appointed by  
29 the Nova Southeastern University College of Optometry.

30           (2) The study group shall be chaired by the Secretary  
31 of Health or his or her designee. The study shall be completed

4 completed and presented to the Governor, the President of the  
5 Senate, and the Speaker of the House of Representatives by  
6 January 31, 2004.

7       (3) This section shall take effect upon becoming a  
8 law.

9           Section 25. Present subsection (4) of section  
10 465.0265, Florida Statutes, is redesignated as subsection (5),  
11 and a new subsection (4) is added to that section, to read:

12           465.0265 Centralized prescription filling.--

13       (4) Pharmacies accessing the same prescription records  
14 in a centralized database or pharmacy computers linked in any  
15 other manner may refill or dispense prescriptions at the  
16 request of another pharmacy so linked if the pharmacies have  
17 the same owner or have a written contract specifying the  
18 services to be provided by each pharmacy, the responsibilities  
19 of each pharmacy, and the manner in which the pharmacies will  
20 comply with federal and state laws and rules. Prescriptions  
21 refilled or dispensed using such a system shall not be  
22 considered prescription transfers or copies if the computer  
23 system registers a complete and full audit trail of all  
24 activities and includes the identification of the pharmacies  
25 and pharmacists accessing the centralized database and if the  
26 system restricts access to the computerized prescription  
27 records to pharmacies or other authorized personnel.

28           Section 26. Subsection (2) of section 466.006, Florida  
29 Statutes, is amended to read:

4 12-point boldface type which states: "This examination does  
5 not meet the licensure requirements of chapter 466, Florida  
6 Statutes, for licensure in the State of Florida. Persons  
7 wishing to practice dentistry in Florida must pass the Florida  
8 licensure examinations. For more information on Florida's  
9 licensure examination procedures, please contact the Florida  
10 Board of Dentistry."

11 (h) The student must be enrolled as a dental student

20 evidence suggesting that the student poses an unreasonable  
21 risk to any live patients who are required for the clinical  
22 portion of the regional examination. In order to protect the  
23 health and safety of the public, the board may request  
24 additional information and documents pertaining to the  
25 candidate's mental and physical health in order to fully  
26 assess the candidate's fitness to engage in exercises  
27 involving a live patient.

28 (3) A student who takes the examination pursuant to
