B. EFFECT OF PROPOSED CHANGES:

This bill codifies all prior special acts relating to the Manatee County Port Authority in Manatee County into a single act and repeals all prior special acts relating to the District’s charter. This bill conforms the District’s authority to the Port Facilities Financing Law, chapter 315, Florida Statutes, and other applicable general laws. This bill revises the definition of port facilities. The bill also makes other changes that do not appear to alter the effect of existing law pertaining to the District.

Chapter 315, F.S., Port Facilities Financing

Chapter 315, F.S., provides for Port facilities bonds, sources of payment and security for bonds; contracts for borrowing of money; trust agreement or resolution; remedies; refunding bonds; exemption from taxation; and bonds, and legal investments. Chapter 315, F.S., does not authorize the imposition of ad valorem taxation by ports.

Codification

Codification is the process of bringing a special act up-to-date. After a special district is created, special acts often amend or alter the special district’s charter provisions. To ascertain the current status of a special district’s charter, it is necessary to research all amendments or changes made to the charter since its inception or original passage by the Legislature. Codification of special district charters is important because it allows readers to more easily determine the current charter of a district.

Codification of special district charters was initially authorized by the 1997 Legislature and is codified in section 189.429, F.S. and s. 191.015, F.S. The 1998 Legislature subsequently amended both sections of statute. Current law provides for codification of all special district charters by December 1, 2004. The 1998 law allows for the adoption of the codification schedule provided for in an October 3, 1997, memorandum issued by the Chair of the Committee on Community Affairs. Any codified act relating to a special district must provide for the repeal of all prior special acts of the Legislature relating to the district. Additionally, the 2001 Legislature amended section 189.429, Florida Statutes to provide that reenactment of existing law pursuant to section 189.429: (1) shall not be construed to grant additional authority nor to supercede the authority of an entity; (2) shall continue the application of exceptions to law contained in special acts reenacted pursuant to the section; (3) shall not be construed to modify, amend, or alter any covenants, contracts, or other obligations of any district with respect to bonded indebtedness; and (4) shall not be construed to affect a district’s ability to levy and collect taxes, assessments, fees, or charges for the purpose of redeeming or servicing the district’s bonded indebtedness.

Since the enactment of sections 189.429 and 191.015, F.S., 122 special districts have codified their charters.

Status Statement Language

Section 189.404(5), F.S., provides that after October 1, 1997, the charter of any newly created special district shall contain and, as practical, the charter of a preexisting special district shall be amended to contain, a reference to the status of the special district as dependent or independent. When necessary, the status statement shall be amended to conform to the Department of Community Affairs' determination or declaratory statement regarding the status of the district.
