65 Section 2. Paragraph (c) of subsection (3) of section
 66 1008.22, Florida Statutes, is amended, subsection (9) is
 67 renumbered as subsection (10), and a new subsection (9) is added
 68 to said section, to read:

69 1008.22 Student assessment program for public schools.--

70 (3) STATEWIDE ASSESSMENT PROGRAM.--The commissioner shall
 71 design and implement a statewide program of educational
 72 assessment that provides information for the improvement of the
 73 operation and management of the public schools, including
 74 schools operating for the purpose of providing educational
 75 services to youth in Department of Juvenile Justice programs.
 76 Pursuant to the statewide assessment program, the commissioner
 77 shall:

78 (c) Develop and implement a student achievement testing
 79 program known as the Florida Comprehensive Assessment Test
 80 (FCAT) as part of the statewide assessment program, to be
 81 administered annually in grades 3 through 10 to measure reading,
 82 writing, science, and mathematics. Other content areas may be
 83 included as directed by the commissioner. The testing program
 84 must be designed so that:

85 1. The tests measure student skills and competencies
 86 adopted by the State Board of Education as specified in
 87 paragraph (a). The tests must measure and report student
 88 proficiency levels in reading, writing, mathematics, and
 89 science. The commissioner shall provide for the tests to be
 90 developed or obtained, as appropriate, through contracts and

HB 0045A, Engrossed 1

2003

91 project agreements with private vendors, public vendors, public
92 agencies, postsecondary educational institutions, or school
93 districts. The commissioner shall obtain input with respect to
94 the design and implementation of the testing program from state
95 educators and the public.

96 2. The testing program will include a combination of norm-
97 referenced and criterion-referenced tests and include, to the
98 extent determined by the commissioner, questions that require
99 the student to produce information or perform tasks in such a
100 way that the skills and competencies he or she uses can be
101 measured.

102 3. Each testing program, whether at the elementary,
103 middle, or high school level, includes a test of writing in
104 which students are required to produce writings that are then
105 scored by appropriate methods.

106 4. A score is designated for each subject area tested,
107 below which score a student's performance is deemed inadequate.

108 The school districts shall provide appropriate remedial
109 instruction to students who score below these levels.

110 5. Students must earn a passing score on the grade 10
111 assessment test described in this paragraph or on an alternate
112 assessment as described in subsection (9) in reading, writing,
113 and mathematics to qualify for a regular high school diploma.
114 The State Board of Education shall designate a passing score for
115 each part of the grade 10 assessment test. In establishing
116 passing scores, the state board shall consider any possible
117 negative impact of the test on minority students. All students
118 who took the grade 10 FCAT during the 2000-2001 school year
119 shall be required to earn the passing scores in reading and
120 mathematics established by the State Board of Education for the

HB 0045A, Engrossed 1

2003

121 March 2001 test administration. Such students who did not earn
122 the established passing scores and must repeat the grade 10 FCAT
123 are required to earn the passing scores established for the
124 March 2001 test administration. All students who take the grade
125 10 FCAT for the first time in March 2002 and thereafter shall be
126 required to earn the passing scores in reading and mathematics
127 established by the State Board of Education for the March 2002
128 test administration. The State Board of Education shall adopt
129 rules which specify the passing scores for the grade 10 FCAT.
130 Any such rules, which have the effect of raising the required
131 passing scores, shall only apply to students taking the grade 10
132 FCAT after such rules are adopted by the State Board of
133 Education.

134 6. Participation in the testing program is mandatory for
135 all students attending public school, including students served
136 in Department of Juvenile Justice programs, except as otherwise
137 prescribed by the commissioner. If a student does not
138 participate in the statewide assessment, the district must
139 notify the student's parent and provide the parent with
140 information regarding the implications of such nonparticipation.
141 If modifications are made in the student's instruction to
142 provide accommodations that would not be permitted on the
143 statewide assessment tests, the district must notify the
144 student's parent of the implications of such instructional
145 modifications. A parent must provide signed consent for a
146 student to receive instructional modifications that would not be
147 permitted on the statewide assessments and must acknowledge in
148 writing that he or she understands the implications of such
149 accommodations. The State Board of Education shall adopt rules,
150 based upon recommendations of the commissioner, for the

HB 0045A, Engrossed 1

2003

151 provision of test accommodations and modifications of procedures
152 as necessary for students in exceptional education programs and
153 for students who have limited English proficiency.
154 Accommodations that negate the validity of a statewide
155 assessment are not allowable.

156 7. A student seeking an adult high school diploma must
157 meet the same testing requirements that a regular high school
158 student must meet.

159 8. District school boards must provide instruction to
160 prepare students to demonstrate proficiency in the skills and
161 competencies necessary for successful grade-to-grade progression
162 and high school graduation. If a student is provided with
163 accommodations or modifications that are not allowable in the
164 statewide assessment program, as described in the test manuals,
165 the district must inform the parent in writing and must provide
166 the parent with information regarding the impact on the
167 student's ability to meet expected proficiency levels in
168 reading, writing, and math. The commissioner shall conduct
169 studies as necessary to verify that the required skills and
170 competencies are part of the district instructional programs.

171 9. The Department of Education must develop, or select,
172 and implement a common battery of assessment tools that will be
173 used in all juvenile justice programs in the state. These tools
174 must accurately measure the skills and competencies established
175 in the Florida Sunshine State Standards.

176
177 The commissioner may design and implement student testing
178 programs, for any grade level and subject area, necessary to
179 effectively monitor educational achievement in the state.

180 (9) EQUIVALENCIES FOR STANDARDIZED TESTS.--The

HB 0045A, Engrossed 1

2003

181 Commissioner of Education shall determine the comparable
182 validity of other available standardized tests, including the
183 SAT, ACT, College Placement Test, PSAT, PLAN, and tests used for
184 entry into the military. If such tests are deemed to be valid
185 and reliable measures, the commissioner shall approve the use of
186 such tests as alternate assessments to the grade 10 FCAT.
187 Beginning with the 2002-2003 school year, students who attain
188 scores that equate to the passing scores on the grade 10 FCAT
189 for purposes of high school graduation on any of the approved
190 alternate assessments shall satisfy the assessment requirement
191 for a standard high school diploma as provided in s.
192 1003.43(5)(a).

193 Section 3. If any law amended by this act was also amended
194 by a law enacted at the 2003 Regular Session of the Legislature,
195 such laws shall be construed as if they had been enacted at the
196 same session of the Legislature, and full effect shall be given
197 to each if possible.

198 Section 4. This act shall take effect upon becoming a law.
