2 mature enough to provide informed consent or where  
3 notification of a parent or guardian is not in the best  
4 interest of the minor. The minor may file her petition in any

27 Proposing an amendment to the State Constitution to  
28 authorize the legislature to require by future general law

1 persons, including minors. The Florida Supreme Court has  
2 interpreted the right to privacy to protect minor's access to  
3 confidential health care. The amendment will remove some of  
4 the greater protections that the state Constitution currently  
5 provides for minors and increase parental rights, but will not  
6 limit or deny the privacy rights guaranteed to minors under  
7 the United States Constitution as interpreted by the United  
8 States Supreme Court. The legislature shall provide exceptions  
9 to such requirement for notification, as in cases of medical  
10 emergency where there is sufficient time for the attending  
11 physician to comply with such requirements, and shall create a  
12 procedure to bypass the requirement for emancipated or mature  
13 minors, minors who are victims of child or sexual abuse, and  
14 in cases where a judge determines that the abortion is in the  
15 best interest of the child.
