B. EFFECT OF PROPOSED CHANGES:

Present Situation

Corporations Not For Profit

The Florida Not for Profit Corporation Act, codified in chapter 617, F.S., provides for the incorporation of corporations not for profit. A “corporation not for profit” is defined as a corporation no part of the income or profit of which is distributable to its members, directors, or officers.”¹ A corporation not for profit may also have no members.² “In a Florida nonprofit corporation, no shares of stock are issued and there are no shareholders, but a nonprofit corporation may have one or more classes of members who may be characterized as the proprietors or owners of the nonprofit corporation.”³ Voting rights of members must be set forth in the articles of incorporation or the bylaws of a corporation not for profit.⁴

Directors of a corporation not for profit are responsible for managing the affairs of the corporation subject to any limitations in the articles of incorporation.⁵ Officers of a corporation not for profit perform the duties specified in the bylaws or by the board or directors.⁶

Limitation on Payment of Dividends and Distribution of Income

By definition of the term “corporation not for profit” in s. 617.01401(5), F.S., a corporation not for profit may not distribute its income or profit to its members, officers, or directors. This prohibition against the distribution of income or profits is repeated in s. 617.0505(1), F.S. Distributions to members, however, are permitted upon liquidation and dissolution.⁷

Attorney General Opinion

In a 1999 opinion, the Attorney General responded to a question that asked whether Bonita Community Health Center, Inc., a corporation not for profit, was permitted by law to distribute its excess profits to Lee Memorial Health System, a member of Bonita and also a corporation not for profit.⁸ The Attorney

General replied that the Legislature has not chosen to extend the authority to corporations not for profit to distribute funds to other nonprofit entities engaged in similar activities. The Attorney General further stated that “[u]ntil the Legislature makes it clear that a viable nonprofit corporation may dispense its revenues to like-minded nonprofit entities, [the Office of the Attorney General] may not read such authority into the existing statutes.”⁹

Effect of Proposed Changes

This bill authorizes corporations not for profit to make distributions to:

- corporations not for profit that are organized and operated for the same or substantially similar purposes as the distributing corporation;
- entities that are organized and operated exclusively for charitable, benevolent, educational, or similar purposes, or are otherwise exempt from federal income tax under s. 501(c), Internal Revenue Code; or
- the United States or one of its possessions, or a state or local government.

This bill takes effect on July 1, 2004.

C. SECTION DIRECTORY:

Section 1. Amends s. 617.0505, F.S., providing exceptions to a prohibition against corporations not for profit paying dividends to members, officers, or directors.
