2 provider that has implemented an electronic medical records
3 system. The duties of the technology advisory committee shall
4 include, but not be limited to, fostering development and use
5 of new patient safety technologies, including electronic
6 medical records.

7 (c) A health care provider advisory committee that
8 includes, at a minimum, representatives of hospitals,
9 ambulatory surgical centers, physicians, nurses, and
10 pharmacists licensed in this state and a representative of the
11 Veterans Integrated Service Network & VA Patient Safety
12 Center. The duties of the health care provider advisory
13 committee shall include, but not be limited to, promotion of a
14 culture of patient safety that reduces errors.

15 (d) A health care consumer advisory committee that
16 includes, at a minimum, representatives of businesses that
17 provide health insurance coverage to their employees, consumer
18 advocacy groups, and representatives of patient organizations.
19 The duties of the health care consumer advisory committee
20 shall include, but not be limited to, identification of
21 incentives to encourage patient safety and the efficiency and
22 quality of care.

23 (e) A state agency advisory committee that includes,
24 at a minimum, a representative from each state agency that has
25 regulatory responsibilities related to patient safety. The
26 duties of the state agency advisory committee shall include,
27 but not be limited to, fostering coordination of patient
28 safety activities among state agencies.

29 (f) A litigation alternatives advisory committee that
