

1 supervising contractor's license. A local authority that does  
2 not require a local specialty contractor license or local  
3 certificate of competency for any service provided by a  
4 certified or registered commercial pool/spa contractor,  
5 residential pool/spa contractor, or swimming pool/spa  
6 servicing contractor must allow, as an alternative to the  
7 local license or certificate, local registration of the person  
8 contracting with a supervising contractor to perform a  
9 specialty service under this paragraph. The local authority  
10 may charge a fee for local registration which does not exceed  
11 \$150. The local authority may not require proof of competency  
12 for local registration and shall require documentation that a  
13 registrant is covered by workers' compensation coverage or a  
14 valid exemption from such coverage. Local registration shall  
15 require the registrant to contract with a certified or  
16 registered commercial pool/spa contractor, residential  
17 pool/spa contractor, or swimming pool/spa servicing  
18 contractor.

19 Section 2. This act shall take effect July 1, 2004.

21 STATEMENT OF SUBSTANTIAL CHANGES CONTAINED IN  
22 COMMITTEE SUBSTITUTE FOR  
23 CS/SB 1586

24 The committee substitute: (1) provides that any local  
25 authority that does not require a local license or certificate  
26 of competency for any service provided by a certified or  
27 registered commercial pool/spa contractor, residential  
28 pool/spa contractor, or swimming pool/spa servicing contractor  
29 must allow local registration of a person contracting with a  
30 supervising contractor who wishes to perform specialty  
31 contracting services for the construction, remodeling, repair,  
or improvement of a swimming pool or spa; (2) specifies that  
the fee for such local registration may not exceed \$150; and  
(3) removes the section of the bill which established a  
swimming pool and solar technical advisory committee to advise  
the Florida Building Commission on any matters relating to  
building code standards for swimming pools, spas, and solar  
equipment.
