57 58 HB 1697 2004 the patient's drug therapy and communication with the patient's prescribing health care provider as licensed under chapter 458, chapter 459, chapter 461, or chapter 466, or similar statutory provision in another jurisdiction, or such provider's agent or such other persons as specifically authorized by the patient, regarding the drug therapy. However, nothing in this subsection may be interpreted to permit an alteration of a prescriber's directions, the diagnosis or treatment of any disease, the initiation of any drug therapy, the practice of medicine, or the practice of osteopathic medicine, unless otherwise permitted by law. "Practice of the profession of pharmacy" also includes any other act, service, operation, research, or transaction incidental to, or forming a part of, any of the foregoing acts, requiring, involving, or employing the science or art of any branch of the pharmaceutical profession, study, or training, and shall expressly permit a pharmacist to transmit information from persons authorized to prescribe medicinal drugs to their patients. "Practice of the profession of pharmacy" also includes the administering of immunizations by a pharmacist within the framework of an established protocol under a supervisory practitioner who is a physician licensed under chapter 458 or chapter 459 or by written agreement with a county health department. Each protocol must contain specific procedures to address any unforeseen allergic reaction to an immunization. A pharmacist may not enter into a protocol unless he or she maintains at least \$200,000 in professional liability insurance and has completed training in immunization as may be required by the board. The decision by a supervisory practitioner to enter into such a protocol is a professional decision of the

HB 1697 2004

practitioner, and no person may interfere with a supervisory practitioner's decision as to whether to enter into such a protocol. A pharmacist may not enter into a protocol that is to be performed while acting as an employee without the written approval of the owner of the pharmacy.

Section 2. For the purpose of incorporating the amendment to section 465.003, Florida Statutes, in a reference thereto, section 465.014, Florida Statutes, is reenacted to read:

465.014 Pharmacy technician .-- No person other than a licensed pharmacist or pharmacy intern may engage in the practice of the profession of pharmacy, except that a licensed pharmacist may delegate to nonlicensed pharmacy technicians those duties, tasks, and functions which do not fall within the purview of s. 465.003(13). All such delegated acts shall be performed under the direct supervision of a licensed pharmacist who shall be responsible for all such acts performed by persons under his or her supervision. A pharmacy technician, under the supervision of a pharmacist, may initiate or receive communications with a practitioner or his or her agent, on behalf of a patient, regarding refill authorization requests. No licensed pharmacist shall supervise more than one pharmacy technician unless otherwise permitted by the guidelines adopted by the board. The board shall establish guidelines to be followed by licensees or permittees in determining the circumstances under which a licensed pharmacist may supervise more than one but not more than three pharmacy technicians.

Section 3. This act shall take effect July 1, 2004.
