SUMMARY ANALYSIS

The following provisions in House Bill 1865 have been part of the implementing bill to the General Appropriations Act or in proviso language in the General Appropriations Act for the past several years. The purpose of this bill is to codify these provisions in the Florida Statutes:

- Amends the definition of "stipend" relating to the RELIEF respite program.
- Requires the Department of Elder Affairs to contract with more than one service provider, through the area agencies on aging, in each county as defined in 125.011(1), Florida Statutes, (Miami-Dade County).

In addition, House Bill 1865 designates the Morton Plant Hospital in Clearwater as memory disorder clinic.

The effective date of the bill is July 1, 2004.

B. EFFECT OF PROPOSED CHANGES:

Section 430.071 provides definitions for the Respite for Elders Living in Everyday Families (RELIEF) program. The current definition in statute is "an allotment of funds to enable a diverse population of volunteers to provide services. The allotment of funds is for a period of service and not an hourly wage." Proviso language in the General Appropriations Act for the last several years made clear that the stipend is not an hourly wage, but the amount of the stipend could not be greater than the federal minimum wage. House Bill 1865 permanently changes the definition of "stipend" to a maximum hourly rate that shall not exceed an amount equal to the federal minimum wage. House Bill 1865 will permanently codify this provision in Florida Statutes.

Sections 430.204 and 430.205, Florida Statutes, provide direction to the Department of Elder Affairs on the funding of community-care-for-the-elderly service system. The department is required to fund, through each area agency on aging, at least one community care service system for core services to prevent unnecessary institutionalization or provide case management and other home and community services. Since 2001 the implementing bills to the General Appropriations Act had provisions to direct the department to fund more than one community care service system through each area agency on aging in each county as defined in 125.011(1), Florida Statutes, (Miami-Dade County). House Bill 1865 will permanently codify these provisions in Florida Statutes.

Finally, House Bill 1865 adds a new memory disorder clinic at Morton Plant Hospital in Pinellas County for a total 14 clinics. Memory clinics diagnose and treat individuals suffering from memory problems such as Alzheimer's disease.
