B. EFFECT OF PROPOSED CHANGES:

Present Situation

A person is guilty of the offense of driving under the influence (DUI) if the person is driving or in actual physical control of a vehicle within Florida and is under the influence of alcoholic beverages when affected to the extent that the person's normal faculties are impaired, the person has a blood-alcohol level of 0.08 or more grams of alcohol per 100 milliliters of blood, or the person has a breath-alcohol level of 0.08 or more grams of alcohol per 210 liters of breath.

A person is guilty of the offense of boating under the influence (BUI) if the person is operating a vessel within Florida and is under the influence of alcoholic beverages when affected to the extent that the person's normal faculties are impaired, the person has a blood-alcohol level of 0.08 or more grams of alcohol per 100 milliliters of blood, or the person has a breath-alcohol level of 0.08 or more grams of alcohol per 210 liters of breath.

First, second and certain third DUI and BUI convictions are punishable by a jail sentence and a fine as indicated below. A third conviction within 10 years of the second, or a fourth or subsequent conviction for DUI/BUI is a third degree felony, punishable by up to five years in prison. The penalties for DUI/BUI and for DUI/BUI when the blood alcohol content level of the driver or operator is over 0.20 or for DUI when the driver is accompanied in the vehicle by a person under the age of 18 are:

	Maximum Incarceration	Incarceration Over .20 BAL or w/minor	Fine	Fine Over .20 BAL or w/minor
1st Offense	6 months jail	9 months jail	\$250-\$500	\$500-\$1,000
2nd Offense	9 months jail	12 months jail	\$500-\$1,000	\$1,000-\$2,000
3rd Offense more than 10 years after prior offense	12 months jail	12 months jail	\$1,000-\$2,500	\$2,000-\$5,000
3rd Offense within 10 years or prior offense	5 years prison	5 years prison	\$1,000-\$5,000	\$1,000-\$5,000
4th Offense (3rd degree felony)	5 years prison	5 years prison	\$1,000-\$5,000	\$1,000-\$5,000

Further, there are mandatory jail sentences associated with certain repeat DUI/BUI offenses. For example, if a person is convicted of a second DUI/BUI that occurred within 5 years after the date of the prior conviction, he or she must serve a mandatory minimum of 10 days in jail. For a third or subsequent DUI/BUI conviction for an offense that occurs within 10 years after the date of a prior conviction, the person must serve at least 30 days in jail.

In addition, the placement of an ignition interlock device for up to six months is required for a first DUI offense and for up to two years for a second DUI offense where the person had a blood alcohol level in excess of .20.

When the Legislature enacted enhanced penalty provisions for persons who have a blood or breath alcohol level of 0.20 or higher, the law provided that a person was guilty of DUI/BUI if the person is driving or operating the vehicle or vessel was under the influence of alcoholic beverages when affected to the extent that the person's normal faculties are impaired, or the person had a blood-alcohol level of 0.10 or more grams of alcohol per 100 milliliters of blood, or the person had a breath-alcohol level of 0.10 or more grams of alcohol per 210 liters of breath. Enhanced penalties were triggered when the blood or breath alcohol content reached twice the legal limit. When the Legislature later lowered the maximum legal blood or breath-alcohol level to 0.08, it did not change the levels at which enhanced penalties are triggered.

Effect of Proposed Changes

HB 307 lowers the blood or breath-alcohol level at which enhanced penalties are triggered from 0.20 to 0.16. The change pegs enhanced penalty provisions at twice the maximum legal blood or breath-alcohol level.

In addition, the bill re-enacts numerous sections of law for the purpose of incorporating these changes, and references to them.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

See FISCAL COMMENTS section, below.

2. Expenditures:

See FISCAL COMMENTS section, below.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

See FISCAL COMMENTS section, below.

2. Expenditures:

See FISCAL COMMENTS section, below.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

Under the bill persons convicted of DUI/BUI with a blood or breath-alcohol content of 0.16 up to 0.20 will be subject to the enhanced penalties provided by law. Under current law, these persons are subject only to the standard DUI/BUI penalties.

D. FISCAL COMMENTS:

Because the number of persons convicted of DUI/BUI with blood or breath-alcohol levels below 0.20 but at 0.16 or above cannot be ascertained, any positive impact of the bill on state and local revenues is indeterminate at this time. The bill will impose an additional burden on local jails as more offenders will be subject to enhanced incarceration penalties up to 12 months in duration. Since the number of offenders subject to enhanced incarceration penalties cannot be ascertained, these burdens are indeterminate at this time. In addition, to the extent that a lower threshold for enhanced penalties provides greater incentives for offenders to use the courts to avoid such penalties, increased burdens may be placed on the court system.

III. COMMENTS

Not applicable because this bill does not appear to: require cities or counties to spend funds or take actions requiring the expenditure of funds; reduce the authority that cities or counties have to raise revenues in the aggregate; or reduce the percentage of a state tax shared with cities or counties.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

No additional rule-making authority is required to implement the provisions of this bill.

C. DRAFTING ISSUES OR OTHER COMMENTS:
