For any principle that received a "no" above, please explain:

This bill allows increased impact fees as authorized by chapter 191, F.S., and the referendum held September 10, 2002.

B. EFFECT OF PROPOSED CHANGES:

Currently, the charter of the Southern Manatee Fire and Rescue District provides a schedule of impact fees to be imposed on new construction. This bill would remove that schedule and grant the Southern Manatee Fire and Rescue District the authority to impose impact fees under chapter 191, F.S. Section 191.009(4), F.S., governs the imposition of impact fees on new construction by independent special fire control districts and provides limitations on the use of that revenue.

In addition, the bill includes a reference to the approval of an increase in impact fees on new construction in the charter, which will assist persons researching the history of the District in the future.

C. SECTION DIRECTORY:

Section 1. Amends section 7 of section 3 of chapter 2000-402, L.O.F., relating to impact fees. Includes a reference to the September 10, 2002, referendum authorizing the district to increase impact fees on new construction. Deletes the existing impact fee schedule and provides that the Southern Manatee Fire and Rescue District's authority to impose impact fees is subject chapter 191, F.S., as amended.

Section 2. Provides that the act shall take effect upon becoming law.

C. DRAFTING ISSUES OR OTHER COMMENTS:

According to the Economic Impact Statement, the bill allows the Board to establish impact fees as provided by general law, without the need to seek legislative amendments to its charter each time new rates are adopted. Although impact fees could decrease, this would also permit the District to raise impact fees as authorized by chapter 191, F.S., and the referendum held September 10, 2002.
