SUMMARY ANALYSIS

While Florida's state fair has been in existence for a long time and will be celebrating its 100th anniversary in 2004, the entity that presently manages the fairgrounds did not come into existence until 1974. At that time the Florida State Fair Authority (Authority) was established in section 616.251, F.S.

The Florida State Fair Authority (Authority) is an instrumentality of the State. Its duties include owning and maintaining the Florida State Fairgrounds in Hillsborough County and holding an annual state fair.

Since July, 1995, responsibility for the oversight of the Authority has been handled by the Commissioner's Office of the Florida Department of Agriculture and Consumer Services. The Commissioner's Office assists, advises and makes recommendations regarding the financing and operation of the Authority.

HB 435 authorizes the Authority to issue revenue bonds of not more than \$10 million. Florida's constitution requires authorization from the Legislature for issuance of the bonds.

The bonds will be used for acquiring 2 parcels of real property adjacent to the existing Florida State Fair grounds; constructing an operations building, a campground addition, entry gates, a storage building, or all such improvements; performing paving and other site work; constructing an addition to the administrative building; performing land improvements; acquiring other real property as may be available; and performing or constructing other replacements and renovations. The Authority will pay the debt service on the bonds from rates, fees, rentals, tolls, and other charges for the use of such projects or for the services or facilities furnished thereby.

This bill has no fiscal impact on state or local funds. The bonds will be payable exclusively from the funds pledged for their payment.

The bill is effective upon becoming law.

B. EFFECT OF PROPOSED CHANGES:

While Florida's state fair has been in existence for a long time and will be celebrating its 100th anniversary in 2004, the entity that presently manages the fairgrounds did not come into existence until 1974. At that time the Florida State Fair Authority (Authority) was established in section 616.251, F.S.

The Authority is an instrumentality of the State. Its duties include owning and maintaining the Florida State Fairgrounds in Hillsborough County and holding an annual state fair.

Since July, 1995, responsibility for the oversight of the Authority has been handled by the Commissioner's Office of the Florida Department of Agriculture and Consumer Services. The Commissioner's Office assists, advises and makes recommendations regarding the financing and operation of the Authority.

Section 616.257, F.S., provides that the Authority may issue revenue bonds as provided in the Florida Bond Act. In Article VII, Section 11, the Florida State Constitution requires that the issuance of revenue bonds by instrumentalities of the state for the purpose of state fixed capital projects be approved by the Legislature by an act relating to appropriations or by general law. In addition, section 616.257(4), F.S., provides that all projects of the Authority be deemed state fixed capital projects. Therefore, the Authority cannot issue revenue bonds without authorization from the Legislature.

HB 435 authorizes the Authority to issue revenue bonds of not more than \$10 million for the purpose of acquiring two parcels of real property consisting of approximately 36 acres adjacent to the existing Florida State Fair grounds; constructing an operations building, a campground addition, entry gates, a storage building, or all such improvements; performing paving and other site work; constructing an addition to the administrative building; performing land improvements; acquiring other real property as may be available; and performing or constructing other replacements and renovations

The Authority will pay the debt service on the bonds from rates, fees, rentals, tolls, and other charges for the use of such projects or for the services or facilities furnished thereby.

C. SECTION DIRECTORY:

Section 1: Creates s. 616.2575, F.S.; authorizes the Florida State Fair Authority to issue revenue bonds of not more than \$10 million for the purpose of acquiring two parcels of real property adjacent to the existing Florida State Fair grounds in Hillsborough County, Florida; constructing an operations building, a campground addition, entry gates, a storage building, or all such improvements; performing paving and other site work; constructing an addition to the administrative building; performing land improvements; acquiring other real property as may be available; and performing or constructing other

replacements and renovations; provides for the Authority to pay the debt service on the bonds from rates, fees, rentals, tolls, and other charges for the use of such projects or for the services of facilities furnished thereby.

Section 2: Provides an effective date of upon becoming law.
