I. Summary:

This legislation re-creates the Pest Control Trust Fund without modification, effective November 4, 2004. The Pest Control Trust Fund, FLAIR #42-2-528, is administered by the Department of Agriculture and Consumer Services. This fund was last re-created effective November 4, 2000, by Chapter 99-69, Laws of Florida.

II. Present Situation:

Pursuant to s. 482.2401, F.S., the purpose of the Pest Control Trust Fund is to account for all moneys collected or received by the department in administering the regulation of professions and occupations related to pest control. The duties preformed by the Pest Control Section include licensing pest control companies, examination and certification of pest control operators, maintaining a list of pesticide sensitive persons and enforcing provisions of the Pest Control Act. Section 482.2401, F.S. provides revenue sources for the fund. The major sources of revenue are fees from a pest control operator certification exam for various types of pest control, pest control license fees and other required licenses. All revenues from administrative fines shall be used to support contract research or education in pest control. According to LAS/PBS data, receipts to this fund for FY 2002-2003 were \$2.7 million.

III. Effect of Proposed Changes:

This bill re-creates the trust fund without modification.
