1 service under any federal, state, or local retirement or
2 pension system where "length of service" is a factor in
3 determining the amount of compensation received. However,
4 credit for wartime military service may be received where the
5 member also receives credit under a pension system providing
6 retired pay for nonregular service in the Armed Forces of the
7 United States in accordance with 10 U.S.C. ss. 1331 et seq.,
8 as follows:

9 1. Any person whose retirement date under the Florida
10 Retirement System is prior to July 1, 1985, may claim such
11 service at any time, as provided in this subsection, upon
12 payment of contributions and interest as provided in paragraph
13 (c), with interest computed to the retired member's retirement
14 date. The benefit shall be recalculated and increased to
15 include the additional service credit granted for such wartime
16 military service, and a lump-sum payment shall be made to the
17 retiree for the amount owed due to the additional service
18 credit, retroactive to the date of retirement.

19 2. Any person whose retirement date is on or after
20 July 1, 1985, must claim such service and pay the required
21 contributions, as provided in paragraph (c), prior to the
22 commencement of his or her retirement benefits, as provided in
23 this subsection.

24 (e) Any member claiming credit under this subsection
25 must certify on the form prescribed by the department that
26 credit for such service has not and will not be claimed for
27 retirement purposes under any other federal, state, or local
28 retirement or pension system where "length of service" is a
29 factor in determining the amount of compensation received,
30 except where credit for such service has been granted in a
31 pension system providing retired pay for nonregular service as

1 provided in paragraph (d). If the member dies prior to
2 retirement, the member's beneficiary must make the required
3 certification before credit may be claimed. If such
4 certification is not made by the member or the member's
5 beneficiary, credit for wartime military service shall not be
6 allowed.

7 (f) Service credit awarded for wartime military
8 service shall be the total number of years, months, and days
9 from and including the date of entry into active duty through
10 the date of discharge from active duty, up to a maximum of 4
11 years. If the military service includes a partial year, it
12 shall be stated as a fraction of a year. Creditable military
13 service shall be calculated in accordance with rule
14 60S-2.005(2)(j), Florida Administrative Code.

15 Section 2. This act shall take effect July 1, 2005.
