The Committee on Education Appropriations (Constantine)  
recommended the following amendment:

**Senate Amendment (with title amendment)**

Delete everything after the enacting clause

and insert:

Section 1. Subsections (4), (5), and (6) are added to  
section 1003.455, Florida Statutes, to read:

1003.455 Physical education; assessment.--

(4) By September 1, 2006, each school district shall  
submit to the Department of Education a copy of the wellness  
policy required by the Child Nutrition and WIC Reauthorization  
Act of 2004. The department shall post the policies on the  
department website so that they may be reviewed and shared.

(5) By January 1, 2006, each school district is  
encouraged to review the level of participation and evaluate  
the success of the wellness programs throughout the district  
in each school setting.

(6) School districts are encouraged to regularly  
solicit public input regarding their policies on school

1 nutritional offerings and wellness plans to ensure that the  
2 policies meet the intent and spirit of the law, applicable  
3 rules, and Sunshine State Standards and reflect the local  
4 community's expectations and needs.

5       Section 2. The Department of Education shall evaluate  
6 the extent to which the Sunshine State Standards in the arts  
7 are being taught in each school district in kindergarten  
8 through grade 12. The evaluation shall include an analysis of  
9 student FCAT achievement levels compared to Sunshine State  
10 Standards arts instruction and enrollment in art courses. The  
11 results of this evaluation shall be provided to the Governor,  
12 the President of the Senate, and the Speaker of the House of  
13 Representatives by December 1, 2005.

14       Section 3. Each public high school that has athletic  
15 facilities or participates in interscholastic sports shall  
16 have an operational defibrillator on the high school grounds.  
17 Public and private partnerships are encouraged to cover the  
18 cost associated with purchase, placement, and training on the  
19 use of the defibrillator.

20       Section 4. Staff Development.--School boards are  
21 encouraged to review the research and best practices regarding  
22 how planned physical movement can foster enhanced learning in  
23 academic subjects. Staff development for physical education  
24 instructors must include content related to an integrated  
25 curriculum, particularly in the areas of reading, mathematics,  
26 fine arts, fitness-based instruction, and the connection  
27 between movement and learning.

28       Section 5. This act shall take effect upon becoming a  
29 law.

2 And the title is amended as follows:

3           Delete everything before the enacting clause

4

5 and insert:

6                           A bill to be entitled

7           An act relating to education; amending s.

8           1003.455, F.S.; requiring each school district

9           to submit a copy of its wellness policy to the

10           Department of Education; requiring the

11           department to post each policy on its website;

12           encouraging each school district to review its

13           level of participation and evaluate the success

14           of its wellness programs; encouraging school

15           districts to solicit public input regarding

16           their policies on nutritional offerings and

17           wellness plans; requiring the department to

18           evaluate the extent to which certain standards

19           in the arts are being taught in each school

20           district; providing requirements for the

21           evaluation; requiring results of such

22           evaluation to be reported to the Governor and

23           the Legislature; requiring certain public high

24           schools to have a defibrillator on the school

25           grounds; encouraging public and private

26           partnerships to cover the costs associated with

27           the defibrillator; encouraging school boards to

28           review research with regard to how physical

29           movement can enhance learning in academic

30           subjects; requiring certain content to be

31           included in staff development of physical
