 661 divided shall be given appropriate numbers or names by said  
 662 board of supervisors, so that said units may be readily  
 663 identified and distinguished. The board of supervisors shall  
 664 have the power to fix and determine the location, area, and  
 665 boundaries of and lands to be included in each and all such  
 666 units, the order of development thereof, and the method of

HB 1433

2005

668 provided by this section may be conducted and all of the  
 669 proceedings by this section and this act authorized in respect  
 670 to such unit or units may be carried on and conducted at the  
 671 same time as or implementation of the district water control  
 672 plan under the provisions of this act. If the board of  
 673 supervisors shall determine that it is advisable to conduct the  
 674 work of draining, irrigating, and reclaiming the lands in said  
 675 district by units, as authorized by this section of this act,  
 676 said board shall, by resolution duly adopted and entered upon  
 677 its minutes, declare its purpose to conduct such work  
 678 accordingly, and shall at the same time and manner fix the  
 679 number, location, and boundaries of and description of lands  
 680 within such unit or units and give them appropriate numbers or  
 681 names. As soon as practicable after the adoption and recording  
 682 of such resolution said board of supervisors shall publish  
 683 notice once a week for 2 consecutive weeks in a newspaper  
 684 published in Martin County, briefly describing the units into  
 685 which said district has been divided and the lands embraced in  
 686 each unit, giving the name, number, or other designation of such  
 687 units, requiring all owners of lands in said district to show  
 688 cause in writing before said board of supervisors at a time and  
 689 place to be stated in such notice why such subdivision of said  
 690 district into such units should not be approved, and said system  
 691 of development by units should not be adopted and given effect  
 692 by said board, and why the proceedings and powers authorized by  
 693 this section of this act should not be had, taken, and  
 694 exercised. At the time and place stated in said notice, said  
 695 board of supervisors shall hear all objections or causes of  
 696 objection (all of which shall be in writing) of any landowner in

HB 1433

2005

697 said district in the matters mentioned and referred to in such  
698 notice, and if no objections are made, or if said objections, if  
699 made, shall be overruled by said board, then said board shall  
700 enter in its minutes its finding and order confirming said  
701 resolution, and may thereafter proceed with the development,  
702 drainage, irrigation, and reclamation of said district by units  
703 pursuant to such resolution and to the provisions of this act.  
704 If, however, said board of supervisors shall find as a result of  
705 such objections, or any of them, or the hearing thereon, that  
706 the division of said district into such units as aforesaid  
707 should not be approved, or that said system of development by  
708 units should not be adopted and given effect, or that the  
709 proceedings and powers authorized by this section should not be  
710 had, taken, or exercised, or that any other matter or thing  
711 embraced in said resolution would not be in the best interest of  
712 the landowners of said district or would be unjust or unfair to  
713 any landowner therein or otherwise inconsistent with fair and  
714 equal protection and enforcement of the rights of every  
715 landowner in said district, then said board of supervisors shall  
716 not proceed further under such resolutions, but the board of  
717 supervisors may, as a result of such hearing, modify or amend  
718 said resolution so as to meet such objections so made, and  
719 thereupon the board may confirm said resolution as so modified  
720 or amended and may thereafter proceed accordingly. The  
721 sustaining of such objections and the rescinding of such  
722 resolutions shall not exhaust the power of said board under this  
723 action; however, at any time not less than 1 year after the date  
724 of the hearing upon any such resolution, the board of  
725 supervisors may adopt other resolutions under this section and

HB 1433

2005

726 thereupon proceed on due notice in like manner as above. If the  
 727 board of supervisors shall overrule or refuse to sustain any  
 728 such objections in whole or in part made by any landowner in the  
 729 district, or if any such landowner shall deem himself or herself  
 730 aggrieved by any action of the board of supervisors in respect  
 731 to any objections so filed, such landowner may, within 10 days  
 732 after the ruling of said board, file his or her complaint in the  
 733 Circuit Court for Martin County against said district, praying  
 734 an injunction or other appropriate relief against the action or  
 735 any part of such action proposed by such resolution or  
 736 resolutions of said board, and such suits shall be conducted in  
 737 accordance with the Florida Rules of Civil Procedure. Upon the  
 738 hearing of cause said circuit court shall have the power to hear  
 739 the objections and receive the evidence thereon of all parties  
 740 to such cause and approve or disapprove said resolutions and  
 741 action of said board in whole or in part, and to render such  
 742 judgment in such cause as right and justice require. When said  
 743 resolutions creating said unit system have been confirmed by the  
 744 board of supervisors (or by the Circuit Court for Martin County,  
 745 if such proposed action shall be challenged by a landowner by  
 746 the judicial proceedings hereinabove authorized), said board of  
 747 supervisors may adopt a water control plan or plans for and in  
 748 respect to any or all such units, and to have the benefits and  
 749 damages resulting therefrom assessed and apportioned by the  
 750 district engineer, and the engineer's report considered and  
 751 confirmed, all in like manner as is provided by law in regard to  
 752 water control plans for and assessments of benefits and damages  
 753 of the entire district. With respect to the water control plan,  
 754 notices, and engineer's report and notice and confirmation

755 thereof, the levy of assessments and taxes, including  
 756 maintenance taxes, the issuance of bonds, and all other  
 757 proceedings as to each and all of such units, the board shall  
 758 follow and comply with the same procedure as is provided by law  
 759 with respect to the entire district; and said board of  
 760 supervisors shall have the same powers in respect to each and  
 761 all of such units as is vested in them with respect to the  
 762 entire district. All the provisions of this act shall apply to  
 763 the water management, water control, and improvement of each,  
 764 any, and all of such units, and the enumeration of or reference  
 765 to specific powers or duties of the supervisors or any other  
 766 officers or other matters in this act as hereinabove set forth  
 767 shall not limit or restrict the application of any and all of  
 768 the proceedings and powers herein to such units as fully and  
 769 completely as if such unit or units were specifically and  
 770 expressly named in every section and clause of this act where  
 771 the entire district is mentioned or referred to. All  
 772 assessments, levies, taxes, bonds, and other obligations made,  
 773 levied, assessed, or issued for or in respect to any such unit  
 774 or units shall be a lien and charge solely and only upon the  
 775 lands in such unit or units, respectively, for the benefit of  
 776 which the same shall be levied, made, or issued, and not upon  
 777 the remaining units or lands in said district. The board of  
 778 supervisors may at any time amend its said resolutions by  
 779 changing the location and description of lands in any such unit  
 780 or units; however, if the location of or description of lands  
 781 located in any such unit or units is so changed, notice of such  
 782 change shall be published as hereinabove required in this  
 783 section for notice of the formation or organization of such unit

HB 1433

2005

784 or units, and all proceedings shall be had and done in that  
 785 regard as are provided in this section for the original creation  
 786 of such unit or units. Moreover, no lands against which benefits  
 787 shall have been assessed may be detached from any such unit  
 788 after the confirmation of the engineer's report of benefits in  
 789 such unit or units or the issuance of bonds or other obligations  
 790 which are payable from taxes or assessments for benefits levied  
 791 upon the lands within such unit or units.

792 (2) If, after the confirmation of the engineer's report of  
 793 benefits in such unit or units, or the issuance of bonds or  
 794 other obligations which are payable from taxes or assessments  
 795 for benefits levied upon lands within such unit or units, the  
 796 board of supervisors finds the water control plan for any such  
 797 unit or units insufficient or inadequate for efficient  
 798 development, the water control plan may be amended or changed as  
 799 provided by law, and the unit or units may be amended or changed  
 800 as provided in this section, by changing the location and  
 801 description of lands in any such unit or units, by detaching  
 802 lands therefrom or by adding lands thereto. In such event all  
 803 assessments, levies, taxes, bonds, and other obligations made,  
 804 levied, assessed, incurred, or issued for or in respect to any  
 805 such unit or units may be allocated and apportioned to the  
 806 amended unit or units in proportion to the benefits assessed by  
 807 the engineer's report for the amended water control plan and  
 808 said report shall specifically provide for such allocation and  
 809 apportionment. However, a change or amendment to a designated  
 810 unit is not authorized if it has the effect of impairing a debt  
 811 or other obligation of the unit or district.

812 (3) No lands shall be detached from any unit after the

HB 1433

2005

813 issuance of bonds or other obligations for such unit except upon  
 814 the consent of all the holders of such bonds or other  
 815 obligations. In the event of the change of the boundaries of any  
 816 unit as provided herein and the allocation and apportionment to  
 817 the amended unit or units of assessments, levies, taxes, bonds,  
 818 and other obligations in proportion to the benefits assessed by  
 819 the commissioners' or engineer's report, as the case may be, for  
 820 the amended water management plan, the holders of bonds or other  
 821 obligations heretofore issued for the original unit who consent  
 822 to such allocations and apportionment shall be entitled to all  
 823 rights and remedies against any lands added to the amended unit  
 824 or units as fully and to the same extent as if such added lands  
 825 had formed and constituted a part of the original unit or units  
 826 at the time of the original issuance of such bonds or other  
 827 obligations, and regardless of whether the holders of such bonds  
 828 are the original holders thereof or the holders from time to  
 829 time hereafter, and the rights and remedies of such holders  
 830 against the lands in the amended unit or units, including any  
 831 lands added thereto, under such allocation and apportionment,  
 832 shall constitute vested and irrevocable rights and remedies to  
 833 the holders from time to time of such bonds or other obligations  
 834 as fully and to the same extent as if such bonds or other  
 835 obligations had been originally issued to finance the  
 836 improvements in such amended unit or units under such amended  
 837 Plan.

838 Section 7. All governmental planning, environmental, and  
 839 land development laws, regulations, and ordinances apply to all  
 840 development of the land within the district. The district does  
 841 not have the power of a local government to adopt a

HB 1433

2005

842 comprehensive plan, building code, or land development code, as  
 843 those terms are defined in the Local Government Comprehensive  
 844 Planning and Land Development Regulation Act. The district shall  
 845 take no action which is inconsistent with applicable  
 846 comprehensive plans, ordinances, or regulations of the  
 847 applicable local general-purpose government.

848 Section 8. The power of the district to condemn property  
 849 outside the boundaries of the district shall be restricted to  
 850 the acquisition of easements or rights-of-way, including the fee  
 851 simple title thereto, to accomplish the purposes of the  
 852 district. Nothing contained in this act shall empower the  
 853 district to condemn the water or sewer systems of any other unit  
 854 of government.

855 Section 4. Chapter 88-514, Laws of Florida, is repealed.

856 Section 5. In case any one or more of the sections or  
 857 provisions of this act or the application of such sections or  
 858 provisions to any situation, circumstance, or person shall for  
 859 any reason be held to be unconstitutional, such  
 860 unconstitutionality shall not affect any other sections or  
 861 provisions of this act or the application of such sections or  
 862 provisions to any other situation, circumstance, or person, and  
 863 it is intended that this act shall be construed and applied as  
 864 if such section or provision had not been included herein for  
 865 any unconstitutional application.

866 Section 6. This act shall take effect upon becoming a law,  
 867 except that subsection (1) of section 2 of the district charter  
 868 shall take effect only upon its approval at a referendum to be  
 869 held as provided in subsection (2) of section 2 of the district  
 870 charter.
