11 Be It Enacted by the Legislature of the State of Florida:

12

13 Section 1. Section 400.4071, Florida Statutes, is created
 14 to read:

15 400.4071 Intergenerational respite care assisted living
 16 facility pilot program.--

17 (1) It is the intent of the Legislature to establish a
 18 pilot program to:

19 (a) Facilitate the receipt of in-home, family-based care
 20 by minors and adults with disabilities and elderly persons with
 21 special needs through respite care for up to 14 days.

22 (b) Prevent caregiver "burnout," in which the caregiver's
 23 health declines and he or she is unable to continue to provide
 24 care so that the only option for the person with disabilities or
 25 special needs is to receive institutional care.

26 (c) Foster the development of intergenerational respite
 27 care assisted living facilities to temporarily care for minors
 28 and adults with disabilities and elderly persons with special

29 needs in the same facility and to give caregivers the time they
30 need for rejuvenation and healing.

31 (2) The Agency for Health Care Administration shall
32 establish a 5-year pilot program, which shall license an
33 intergenerational respite care assisted living facility that
34 will provide temporary personal, respite, and custodial care to
35 minors and adults with disabilities and elderly persons with
36 special needs who do not require 24-hour nursing services. The
37 intergenerational respite care assisted living facility must:

38 (a) Meet all applicable requirements and standards
39 contained in part III of chapter 400, except that, for purposes
40 of this section, the term "resident" means a person of any age
41 temporarily residing in and receiving care from the facility.

42 (b) Provide respite care services for minors and adults
43 with disabilities and elderly persons with special needs for a
44 period of at least 24 hours but not for more than 14 consecutive
45 days.

46 (c) Provide a facility or facilities in which minors and
47 adults reside in distinct and separate living units.

48 (d) Provide a facility that has a maximum of 48 beds, is
49 located in Miami-Dade County, and is operated by a not-for-
50 profit entity.

51 (3) The agency may establish policies necessary to achieve
52 the objectives specific to the pilot program and may adopt rules
53 necessary to implement the program.

54 (4) After 4 years, the agency shall present its report on
55 the effectiveness of the pilot program to the President of the
56 Senate and the Speaker of the House of Representatives and its
