Senator Campbell moved the following amendment:

Senate Amendment

On page 4, line 29, through
page 5, line 16, delete those lines

and insert:

This section also applies to any municipality consisting of a single consolidated government which is made up of a former county and one or more municipalities, consolidated pursuant to the authority in s. 3 or s. 6(e), Art. VIII of the State Constitution, and to property insurance policies covering property within the boundaries of the consolidated government, regardless of whether the properties are located within one or more separately incorporated areas within the consolidated government, provided that the properties are being provided fire protection services by the consolidated government. This section also applies to any municipality, as provided in s. 175.041(3)(c), which has entered into an interlocal agreement to receive fire protection services from another municipality

1 participating under chapter 175. The excise tax may be levied
2 on all premiums collected on property insurance policies
3 covering property located within the corporate limits of the
4 municipality receiving the fire protection services, but will
5 be available for distribution to the municipality providing
6 the fire protection services.
