The Committee on Health Care (Pruitt) recommended the following amendment:

Senate Amendment (with title amendment)

On page 1, line 28, through
page 2, line 13, delete those lines

and insert:

(2) A public school may not deny any student access to programs or services because the parent of the student has refused to place the student on psychotropic medication.

(3) A public school teacher and school district personnel may share school-based observations of a student's academic, functional, and behavioral performance with the student's parent and offer program options and other assistance that is available to the parent and the student based on the observations. However, a public school teacher and school district personnel may not compel or attempt to compel any specific actions by the parent or require that a student take medication. A parent may refuse psychological screening of the student.

Any medical decision made to address a student's needs is a matter between the student, the student's parent, and a competent health care professional chosen by the parent.

===== T I T L E A M E N D M E N T =====

And the title is amended as follows:

On page 1, line 6-13, delete those lines

and insert:

public school from denying a student access to programs or services under certain conditions; authorizing public school teachers and school district personnel to share certain information with a student's parent; prohibiting public school teachers and school district personnel from compelling certain actions by a parent; authorizing the refusal of psychological screening; providing for medical decisionmaking authority; providing an effective
