22 road that has been designated by a county, or a municipal ~~city~~

24 use by golf carts. Prior to making such a designation, the  
25 responsible local governmental entity must first determine  
26 that golf carts may safely travel on or cross the public road  
27 or street, considering factors including the speed, volume,  
28 and character of motor vehicle traffic using the road or  
29 street. Upon a determination that golf carts may be safely

21 efficient flow of motor vehicular traffic. The department may  
22 authorize the operation of golf carts on such a road if:

17 within the confines of the park it shall not be necessary that  
18 the park have a gate or other device at the entrance and exit  
19 in order for such golf carts or electric vehicles to be  
20 lawfully operated in the park.

21 (4) A golf cart may be operated only during the hours  
22 between sunrise and sunset, unless the responsible  
23 governmental entity has determined that a golf cart may be
