Senate Amendment (with title amendment)

On page 133, between lines 22 and 23,

insert:

Section 30. In any challenge filed regarding the validity of an impact fee, the local government imposing the fee has the burden of proving, by a preponderance of the evidence, that the fee is directly proportional to the need created by the development for which the fee is assessed, that the fee is based upon the actual cost of any capital improvements for which the fee will be expended less all credits to which the fee payer is entitled, and that the capital expenditures paid for by the impact fee provide a direct benefit to the property upon which the fee is imposed.

(Redesignate subsequent sections.)
