An act making appropriations; providing moneys for the annual period beginning July 1, 2005, and ending June 30, 2006, to pay salaries, and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of State government; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

The moneys contained herein are appropriated from the named funds for the 2005-2006 fiscal year to the State agency indicated, as the amounts to be used to pay the salaries and other operational expenditures of the named agencies, and are in lieu of all moneys appropriated for these purposes in other sections of the Florida Statutes.

Approved performance measures and standards for the 2005-2006 fiscal year are incorporated by reference in the act implementing the 2005-2006 General Appropriations Act. Such performance measures and standards are directly linked to the appropriations made herein, as required by the Government Performance and Accountability Act of 1994. State agencies are expected to revise their long-range program plans required under section 216.013, Florida Statutes, to be consistent with these performance measures and standards.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Florida Department of Law Enforcement, Department of Juvenile Justice, Parole Commission, Department of Legal Affairs/Attorney General and Justice Administration as the amounts to be used to pay salaries, other operational expenditures and fixed capital outlay of the named agencies.

The Office of Program Policy and Governmental Accountability (OPPAGA) shall conduct a comprehensive review of the Department of Law Enforcement, the Department of Corrections and the Parole Commission. OPPAGA shall examine each department's mission and purpose, scope of services, and programs delivered and shall identify programs or services that fall outside the department's mission or are more appropriately delivered within another state agency, or local entity. In the course of the review, OPPAGA shall identify and report on specific organizational or programmatic deficiencies that diminish agency efficiency or effectiveness. The review shall include an examination of agency personnel deficiencies using pay scales, salaries, and benefits data. An assessment of all staffing levels within the departments shall be conducted to ensure levels are appropriate in fulfilling each department's statutory mission. The departments shall provide sufficient data to OPPAGA to conduct these studies. OPPAGA shall submit a report to the chair of the Senate Ways and Means Committee and the chair of the House Fiscal Council by January 1, 2006.

Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within

From the funds in Specific Appropriation 1083, \$1,321,783 from recurring general revenue is provided for electronic monitoring and treatment and supervision services for youth selected to participate in a pilot project to provide an alternative to long-term residential commitment for youth who violate the terms of probation or other community supervision. The pilot will consist of four sites in at least two judicial circuits to serve 72 youth each. Two of the sites shall utilize residential treatment for up to 45 days in a commitment facility to allow for youth to be reassessed, stabilized and integrated into appropriate services. The residential stay shall be followed by community supervision and treatment services which shall include Multi-systemic Therapy or Functional Family Therapy services for youth for whom these services are appropriate. Two sites shall only utilize the evidence-based community supervision and treatment services as described herein. One of the sites that utilize residential treatment shall also include electronic monitoring of youth while receiving community treatment and supervision. One of the sites that utilize community treatment and supervision only shall include electronic monitoring of youth.

Only youth who are before the court solely for a non-law violation of probation and who the judge determines would otherwise need long-term residential commitment to address treatment needs, shall be eligible for placement into the pilot project. Youth who have been adjudicated or convicted of a violent crime or a first degree felony, or otherwise have a criminal history of such offenses, shall not be eligible for placement

into the pilot project. The Department of Juvenile Justice and each participating court shall agree on a protocol to identify youth appropriate for diversion into the pilot project.

The Department of Juvenile Justice, in consultation with the Office of Program Policy Analysis and Governmental Accountability (OPPAGA), shall develop reporting protocols to track the data necessary to allow OPPAGA to conduct a longitudinal evaluation of the pilot project.

In determining how to accomplish this reduction, the department shall avoid further reductions to any provider that voluntarily reduced bed capacity by 35 or more beds within the past twelve months. From the funds in Specific Appropriation 1305, the Parole Commission shall conduct a study and provide the following to the Governor's Office of Policy and Budget, the President of the Senate and the Speaker of the House of Representatives by October 1, 2005.

1. A valid determination of the exact number of pending Restoration of Civil Rights (RCR) cases existing on July 1, 2005, along with a full explanation of the methodology used to determine the pending number of cases. Data must include total cases received for each of the past five years, the total number of cases processed for each of the past five years, and the total number of cases received or pending but not processed for each of the past five years.

2. A continuation plan including measures that continue to simplify application forms and processes by using readily available data from existing automated systems.

3. Identification of all existing resources, workload, job descriptions, and internal business procedures for clemency activities. This information must be reported in a manner that allows for isolation of resources allocated to the RCR process. The information must also be sufficient to account for each step in the 0.9 hour process to complete the review of RCR without a hearing, and the 20 hour RCR full investigation reviews.

4. Proposed criteria, developed by case type, to use in defining and classifying case backlogs which shall be based upon a reasonable length of time for the normal processing of cases.
