I. Summary:

This bill characterizes certain agricultural equipment as being obsolete and provides that such equipment will be assessed at salvage value for ad valorem tax purposes.

This bill creates a new section of the Florida Statutes.

II. Present Situation:

For ad valorem tax purposes, taxpayers owning agricultural equipment must file an annual return to report equipment owned as of January 1st of each year. The county property appraiser is required to assess the value of property at a just valuation which has been held to mean 100% of fair market value. The Florida Department of Revenue adheres to life expectancy guidelines that establish a 10 year life for agriculture, machinery and equipment, which results in agricultural equipment being assessed at salvage value after it is ten years old. Agricultural equipment that is less than ten years old but is not commonly used by the taxpayer for a variety of reasons is supposed to be assessed at fair market value rather than salvage value.

III. Effect of Proposed Changes:

Section 1. Creates an unnumbered section of the Florida Statutes which provides that:

(1)obsolete agricultural equipment shall be assessed for ad valorem property tax purposes at salvage value. "Agricultural equipment" is defined as that equipment that qualifies for the sales tax exemption provided in s. 212.08(3), F.S., whether purchased in Florida or outside the

state. Agricultural equipment will be considered obsolete if it is no longer commonly used by the taxpayer in agricultural production.

(2)a taxpayer must claim this right of assessment by filing a return and the property appraiser may require additional information to establish the taxpayer's right to have such property classified as obsolete.

Section 2. Provides that this act shall take effect upon becoming law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. Other Constitutional Issues:

Section 4, Article VII of the Florida Constitution states that "By general law regulations shall be prescribed which shall secure a just valuation of all property for ad valorem taxation,....." The Florida Supreme Court has consistently held that all property is subject to ad valorem taxation unless it is constitutionally exempted, and that "just valuation" of property for ad valorem tax purposes is synonymous with 100 % of "fair market value." This bill, as written, may have constitutionality implications.

V. Economic Impact and Fiscal Note:

A. Tax/Fee Issues:

The Revenue Estimating Conference projects that the reduced assessment for obsolete agricultural equipment would result in a loss of General Revenues on an annualized basis of \$.9 million for FY 2005-06 and \$.9 million on a cash basis for FY 2006-07.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

This Senate staff analysis does not reflect the intent or official position of the bill's sponsor or the Florida Senate.

VIII. Summary of Amendments:

None.

This Senate staff analysis does not reflect the intent or official position of the bill's sponsor or the Florida Senate.
