1 health center based network as a fee-for-service provider,
 2 including the case management fee for primary care or as a
 3 capitated rate provider for Medicaid services. Any savings
 4 shall be shared with the federally qualified health center
 5 networks under the contract.

6 (c) For purposes of this subsection, the term
 7 "cost-effective" means that a network's per-member, per-month
 8 costs to the state, including, but not limited to,
 9 fee-for-service costs, administrative costs, and
 10 case-management fees must be no greater than the state's costs
 11 associated with contracts for Medicaid services, which shall
 12 be actuarially adjusted for case mix, model, and service area.
 13 The agency shall conduct actuarially sound audits adjusted for
 14 case mix and model in order to ensure such cost-effectiveness
 15 and shall publish the audit results on its Internet website
 16 and submit the audit results annually to the Governor, the
 17 President of the Senate, and the Speaker of the House of
 18 Representatives no later than December 31.

19 (d) The agency may apply for any federal waivers
 20 needed to administer this subsection.
