i	
1	A bill to be entitled
2	An act relating to Medicaid; amending s.
3	409.912, F.S.; requiring the Agency for Health
4	Care Administration to contract with a vendor
5	to monitor and evaluate the clinical practice
6	patterns of providers; authorizing the agency
7	to competitively bid for single-source
8	providers for certain services; authorizing the
9	agency to examine whether purchasing certain
10	durable medical equipment is more
11	cost-effective than long-term rental of such
12	equipment; providing that a contract awarded to
13	a provider service network remains in effect
14	for a certain period; defining a provider
15	service network; providing health care
16	providers with a controlling interest in the
17	governing body of the provider service network
18	organization; requiring that the agency, in
19	partnership with the Department of Elderly
20	Affairs, develop an integrated, fixed-payment
21	delivery system for Medicaid recipients age 60
22	and older; requiring the Office of Program
23	Policy Analysis and Government Accountability
24	to conduct an evaluation; deleting an obsolete
25	provision requiring the agency to develop a
26	plan for implementing emergency and crisis
27	care; requiring the agency to develop a system
28	where health care vendors may provide a
29	business case demonstrating that higher
30	reimbursement for a good or service will be
31	offset by cost savings in other goods or

1

1	services; requiring the Comprehensive
2	Assessment and Review for Long-Term Care
3	Services (CARES) teams to consult with any
4	person making a determination that a nursing
5	home resident funded by Medicare is not making
6	progress toward rehabilitation and assist in
7	any appeals of the decision; requiring the
8	agency to contract with an entity to design a
9	clinical-utilization information database or
10	electronic medical record for Medicaid
11	providers; requiring the agency to coordinate
12	with other entities to create emergency room
13	diversion programs for Medicaid recipients;
14	allowing dispensing practitioners to
15	participate in Medicaid; requiring that the
16	agency implement a Medicaid
17	prescription-drug-management system; requiring
18	the agency to determine the extent that
19	prescription drugs are returned and reused in
20	institutional settings and whether this program
21	could be expanded; authorizing the agency to
22	pay for emergency mental health services
23	provided through licensed crisis-stabilization
24	facilities; creating s. 409.91211, F.S.;
25	specifying waiver authority for the Agency for
26	Health Care Administration to establish a
27	Medicaid reform program contingent on federal
28	approval to preserve the upper-payment-limit
29	finding mechanism for hospitals and contingent
30	on protection of the disproportionate share
31	program authorized pursuant to ch. 409, F.S.;

1	providing legislative intent; providing powers,
2	duties, and responsibilities of the agency
3	under the pilot program; requiring that the
4	agency submit any waivers to the Legislature
5	for approval before implementation; allowing
6	the agency to develop rules; requiring that the
7	Office of Program Policy Analysis and
8	Government Accountability, in consultation with
9	the Auditor General, evaluate the pilot program
10	and report to the Governor and the Legislature
11	on whether it should be expanded statewide;
12	amending s. 409.9122, F.S.; revising a
13	reference; amending s. 409.913, F.S.; requiring
14	5 percent of all program integrity audits to be
15	conducted on a random basis; requiring that
16	Medicaid recipients be provided with an
17	explanation of benefits; requiring that the
18	agency report to the Legislature on the legal
19	and administrative barriers to enforcing the
20	copayment requirements of s. 409.9081, F.S.;
21	requiring the agency to recommend ways to
22	ensure that Medicaid is the payer of last
23	resort; requiring the Office of Program Policy
24	Analysis and Government Accountability to
25	conduct a study of the long-term care diversion
26	programs; requiring the agency to determine how
27	many individuals in long-term care diversion
28	programs have a patient payment responsibility
29	that is not being collected and to recommend
30	how to collect such payments; requiring the
31	Office of Program Policy Analysis and

3

# Second Engrossed

1	Government Accountability to conduct a study of
2	Medicaid buy-in programs to determine if these
3	programs can be created in this state without
4	expanding the overall Medicaid program budget
5	or if the Medically Needy program can be
б	changed into a Medicaid buy-in program;
7	providing an appropriation and authorizing
8	positions to implement this act; requiring the
9	Office of Program Policy Analysis and
10	Government Accountability, in consultation with
11	the Office of Attorney General and the Auditor
12	General, to conduct a study to examine whether
13	state and federal dollars are lost due to fraud
14	and abuse in the Medicaid prescription drug
15	program; providing duties; requiring that a
16	report with findings and recommendations be
17	submitted to the Governor and the Legislature
18	by a specified date; repealing the amendments
19	made to ss. 393.0661, 409.907, and 409.9082,
20	F.S., and the amendments made to the
21	introductory provision of s. 409.908, F.S., by
22	the Conference Committee Report on CS for CS
23	for SB 404, relating to provider agreements and
24	provider methodologies; repealing s. 23 of the
25	Conference Committee Report on CS for CS for SB
26	404, relating to legislative intent; amending
27	s. 409.9124, F.S., as amended by the Conference
28	Committee Report on CS for CS for SB 404;
29	revising provisions requiring the Agency for
30	Health Care Administration to pay certain rates
31	for managed care reimbursement; requiring that

4

1	the agency make an additional adjustment in
2	calculating the rates paid to prepaid health
3	plans for the 2005-2006 fiscal year; requiring
4	that the Senate Select Committee on Medicaid
5	Reform study various issues concerning Medicaid
б	provider rates and issue a report to the
7	Governor and the Legislature; amending s.
8	409.9062, F.S.; requiring the Agency for Health
9	Care Administration to reimburse lung
10	transplant facilities a global fee for services
11	provided to Medicaid recipients; providing an
12	appropriation; providing an effective date.
13	
14	Be It Enacted by the Legislature of the State of Florida:
15	
16	Section 1. Section 409.912, Florida Statutes, is
17	amended to read:
18	409.912 Cost-effective purchasing of health careThe
19	agency shall purchase goods and services for Medicaid
20	recipients in the most cost-effective manner consistent with
21	the delivery of quality medical care. To ensure that medical
22	services are effectively utilized, the agency may, in any
23	case, require a confirmation or second physician's opinion of
24	the correct diagnosis for purposes of authorizing future
25	services under the Medicaid program. This section does not
26	restrict access to emergency services or poststabilization
27	care services as defined in 42 C.F.R. part 438.114. Such
28	confirmation or second opinion shall be rendered in a manner
29	approved by the agency. The agency shall maximize the use of
30	prepaid per capita and prepaid aggregate fixed-sum basis
31	services when appropriate and other alternative service

5

delivery and reimbursement methodologies, including 1 2 competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed 3 continuum of care. The agency shall also require providers to 4 minimize the exposure of recipients to the need for acute 5 б inpatient, custodial, and other institutional care and the 7 inappropriate or unnecessary use of high-cost services. The 8 agency shall contract with a vendor to monitor and evaluate 9 the clinical practice patterns of providers in order to identify trends that are outside the normal practice patterns 10 of a provider's professional peers or the national quidelines 11 of a provider's professional association. The vendor must be 12 13 able to provide information and counseling to a provider whose 14 practice patterns are outside the norms, in consultation with the agency, to improve patient care and reduce inappropriate 15 utilization. The agency may mandate prior authorization, drug 16 17 therapy management, or disease management participation for 18 certain populations of Medicaid beneficiaries, certain drug 19 classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical 20 and Therapeutics Committee shall make recommendations to the 21 22 agency on drugs for which prior authorization is required. The 23 agency shall inform the Pharmaceutical and Therapeutics 24 Committee of its decisions regarding drugs subject to prior authorization. The agency is authorized to limit the entities 25 it contracts with or enrolls as Medicaid providers by 26 developing a provider network through provider credentialing. 27 28 The agency may competitively bid single-source-provider 29 contracts if procurement of goods or services results in demonstrated cost savings to the state without limiting access 30 to care. The agency may limit its network based on the 31

### б

assessment of beneficiary access to care, provider 1 2 availability, provider quality standards, time and distance standards for access to care, the cultural competence of the 3 provider network, demographic characteristics of Medicaid 4 beneficiaries, practice and provider-to-beneficiary standards, 5 appointment wait times, beneficiary use of services, provider б 7 turnover, provider profiling, provider licensure history, 8 previous program integrity investigations and findings, peer review, provider Medicaid policy and billing compliance 9 records, clinical and medical record audits, and other 10 factors. Providers shall not be entitled to enrollment in the 11 Medicaid provider network. The agency shall determine 12 13 instances in which allowing Medicaid beneficiaries to purchase 14 durable medical equipment and other goods is less expensive to the Medicaid program than long-term rental of the equipment or 15 goods. The agency may establish rules to facilitate purchases 16 in lieu of long-term rentals in order to protect against fraud 17 18 and abuse in the Medicaid program as defined in s. 409.913. 19 The agency <u>may</u> is authorized to seek federal waivers necessary to <u>administer these policies</u> implement this policy. 20 (1) The agency shall work with the Department of 21 22 Children and Family Services to ensure access of children and 23 families in the child protection system to needed and 24 appropriate mental health and substance abuse services. (2) The agency may enter into agreements with 25 appropriate agents of other state agencies or of any agency of 26 the Federal Government and accept such duties in respect to 27 28 social welfare or public aid as may be necessary to implement 29 the provisions of Title XIX of the Social Security Act and ss. 409.901-409.920. 30 31

7

(3) The agency may contract with health maintenance 1 2 organizations certified pursuant to part I of chapter 641 for 3 the provision of services to recipients. 4 The agency may contract with: (4) 5 (a) An entity that provides no prepaid health care services other than Medicaid services under contract with the б 7 agency and which is owned and operated by a county, county 8 health department, or county-owned and operated hospital to 9 provide health care services on a prepaid or fixed-sum basis to recipients, which entity may provide such prepaid services 10 either directly or through arrangements with other providers. 11 Such prepaid health care services entities must be licensed 12 13 under parts I and III by January 1, 1998, and until then are 14 exempt from the provisions of part I of chapter 641. An entity recognized under this paragraph which demonstrates to the 15 satisfaction of the Office of Insurance Regulation of the 16 Financial Services Commission that it is backed by the full 17 18 faith and credit of the county in which it is located may be 19 exempted from s. 641.225. (b) An entity that is providing comprehensive 20 behavioral health care services to certain Medicaid recipients 21 through a capitated, prepaid arrangement pursuant to the 2.2 23 federal waiver provided for by s. 409.905(5). Such an entity 24 must be licensed under chapter 624, chapter 636, or chapter 641 and must possess the clinical systems and operational 25 competence to manage risk and provide comprehensive behavioral 26 health care to Medicaid recipients. As used in this paragraph, 27 28 the term "comprehensive behavioral health care services" means 29 covered mental health and substance abuse treatment services 30 that are available to Medicaid recipients. The secretary of 31 the Department of Children and Family Services shall approve

8

provisions of procurements related to children in the 1 2 department's care or custody prior to enrolling such children 3 in a prepaid behavioral health plan. Any contract awarded under this paragraph must be competitively procured. In 4 developing the behavioral health care prepaid plan procurement 5 б document, the agency shall ensure that the procurement 7 document requires the contractor to develop and implement a 8 plan to ensure compliance with s. 394.4574 related to services 9 provided to residents of licensed assisted living facilities that hold a limited mental health license. Except as provided 10 in subparagraph 8., the agency shall seek federal approval to 11 contract with a single entity meeting these requirements to 12 13 provide comprehensive behavioral health care services to all 14 Medicaid recipients not enrolled in a managed care plan in an AHCA area. Each entity must offer sufficient choice of 15 providers in its network to ensure recipient access to care 16 and the opportunity to select a provider with whom they are 17 18 satisfied. The network shall include all public mental health 19 hospitals. To ensure unimpaired access to behavioral health care services by Medicaid recipients, all contracts issued 20 pursuant to this paragraph shall require 80 percent of the 21 22 capitation paid to the managed care plan, including health 23 maintenance organizations, to be expended for the provision of 24 behavioral health care services. In the event the managed care plan expends less than 80 percent of the capitation paid 25 pursuant to this paragraph for the provision of behavioral 26 health care services, the difference shall be returned to the 27 28 agency. The agency shall provide the managed care plan with a 29 certification letter indicating the amount of capitation paid 30 during each calendar year for the provision of behavioral 31 health care services pursuant to this section. The agency may

9

1	reimburse for substance abuse treatment services on a
2	fee-for-service basis until the agency finds that adequate
3	funds are available for capitated, prepaid arrangements.
4	1. By January 1, 2001, the agency shall modify the
5	contracts with the entities providing comprehensive inpatient
6	and outpatient mental health care services to Medicaid
7	recipients in Hillsborough, Highlands, Hardee, Manatee, and
8	Polk Counties, to include substance abuse treatment services.
9	2. By July 1, 2003, the agency and the Department of
10	Children and Family Services shall execute a written agreement
11	that requires collaboration and joint development of all
12	policy, budgets, procurement documents, contracts, and
13	monitoring plans that have an impact on the state and Medicaid
14	community mental health and targeted case management programs.
15	3. Except as provided in subparagraph 8., by July 1,
16	2006, the agency and the Department of Children and Family
17	Services shall contract with managed care entities in each
18	AHCA area except area 6 or arrange to provide comprehensive
19	inpatient and outpatient mental health and substance abuse
20	services through capitated prepaid arrangements to all
21	Medicaid recipients who are eligible to participate in such
22	plans under federal law and regulation. In AHCA areas where
23	eligible individuals number less than 150,000, the agency
24	shall contract with a single managed care plan to provide
25	comprehensive behavioral health services to all recipients who
26	are not enrolled in a Medicaid health maintenance
27	organization. The agency may contract with more than one
28	comprehensive behavioral health provider to provide care to
29	recipients who are not enrolled in a Medicaid health
30	maintenance organization in AHCA areas where the eligible
31	population exceeds 150,000. Contracts for comprehensive

10

behavioral health providers awarded pursuant to this section 1 2 shall be competitively procured. Both for-profit and 3 not-for-profit corporations shall be eligible to compete. Managed care plans contracting with the agency under 4 subsection (3) shall provide and receive payment for the same 5 comprehensive behavioral health benefits as provided in AHCA б 7 rules, including handbooks incorporated by reference. 8 4. By October 1, 2003, the agency and the department 9 shall submit a plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives which 10 provides for the full implementation of capitated prepaid 11 behavioral health care in all areas of the state. 12 13 a. Implementation shall begin in 2003 in those AHCA 14 areas of the state where the agency is able to establish sufficient capitation rates. 15 b. If the agency determines that the proposed 16 capitation rate in any area is insufficient to provide 17 18 appropriate services, the agency may adjust the capitation rate to ensure that care will be available. The agency and the 19 department may use existing general revenue to address any 20 additional required match but may not over-obligate existing 21 22 funds on an annualized basis. 23 c. Subject to any limitations provided for in the 24 General Appropriations Act, the agency, in compliance with appropriate federal authorization, shall develop policies and 25 procedures that allow for certification of local and state 26 funds. 27 28 5. Children residing in a statewide inpatient 29 psychiatric program, or in a Department of Juvenile Justice or a Department of Children and Family Services residential 30 31 program approved as a Medicaid behavioral health overlay 11

services provider shall not be included in a behavioral health 1 2 care prepaid health plan or any other Medicaid managed care plan pursuant to this paragraph. 3 4 6. In converting to a prepaid system of delivery, the agency shall in its procurement document require an entity 5 providing only comprehensive behavioral health care services б 7 to prevent the displacement of indigent care patients by 8 enrollees in the Medicaid prepaid health plan providing 9 behavioral health care services from facilities receiving state funding to provide indigent behavioral health care, to 10 facilities licensed under chapter 395 which do not receive 11 state funding for indigent behavioral health care, or 12 13 reimburse the unsubsidized facility for the cost of behavioral 14 health care provided to the displaced indigent care patient. 7. Traditional community mental health providers under 15 contract with the Department of Children and Family Services 16 pursuant to part IV of chapter 394, child welfare providers 17 18 under contract with the Department of Children and Family Services in areas 1 and 6, and inpatient mental health 19 providers licensed pursuant to chapter 395 must be offered an 20 opportunity to accept or decline a contract to participate in 21 22 any provider network for prepaid behavioral health services. 23 8. For fiscal year 2004-2005, all Medicaid eligible 24 children, except children in areas 1 and 6, whose cases are open for child welfare services in the HomeSafeNet system,

open for child welfare services in the HomeSafeNet system, shall be enrolled in MediPass or in Medicaid fee-for-service and all their behavioral health care services including inpatient, outpatient psychiatric, community mental health, and case management shall be reimbursed on a fee-for-service basis. Beginning July 1, 2005, such children, who are open for child welfare services in the HomeSafeNet system, shall

12

receive their behavioral health care services through a 1 2 specialty prepaid plan operated by community-based lead agencies either through a single agency or formal agreements 3 among several agencies. The specialty prepaid plan must result 4 in savings to the state comparable to savings achieved in 5 other Medicaid managed care and prepaid programs. Such plan б 7 must provide mechanisms to maximize state and local revenues. 8 The specialty prepaid plan shall be developed by the agency 9 and the Department of Children and Family Services. The agency is authorized to seek any federal waivers to implement this 10 initiative. 11 (c) A federally qualified health center or an entity 12 13 owned by one or more federally qualified health centers or an 14 entity owned by other migrant and community health centers receiving non-Medicaid financial support from the Federal 15 Government to provide health care services on a prepaid or 16 fixed-sum basis to recipients. Such prepaid health care 17 18 services entity must be licensed under parts I and III of chapter 641, but shall be prohibited from serving Medicaid 19 recipients on a prepaid basis, until such licensure has been 20 obtained. However, such an entity is exempt from s. 641.225 if 21 22 the entity meets the requirements specified in subsections 23 (17) and (18). 24 (d) A provider service network may be reimbursed on a

fee-for-service or prepaid basis. A provider service network which is reimbursed by the agency on a prepaid basis shall be exempt from parts I and III of chapter 641, but must meet appropriate financial reserve, quality assurance, and patient rights requirements as established by the agency. The agency shall award contracts on a competitive bid basis and shall select bidders based upon price and quality of care. Medicaid

13

recipients assigned to a demonstration project shall be chosen 1 2 equally from those who would otherwise have been assigned to prepaid plans and MediPass. The agency is authorized to seek 3 federal Medicaid waivers as necessary to implement the 4 provisions of this section. Any contract previously awarded to 5 a provider service network operated by a hospital pursuant to б 7 this subsection shall remain in effect for a period of 3 years 8 following the current contract-expiration date, regardless of 9 any contractual provisions to the contrary. A provider service network is a network established or organized and operated by 10 a health care provider, or group of affiliated health care 11 providers, which provides a substantial proportion of the 12 13 health care items and services under a contract directly 14 through the provider or affiliated group of providers and may make arrangements with physicians or other health care 15 professionals, health care institutions, or any combination of 16 such individuals or institutions to assume all or part of the 17 18 financial risk on a prospective basis for the provision of 19 basic health services by the physicians, by other health professionals, or through the institutions. The health care 20 providers must have a controlling interest in the governing 21 22 body of the provider service network organization. 23 (e) An entity that provides only comprehensive 24 behavioral health care services to certain Medicaid recipients through an administrative services organization agreement. 25 26 Such an entity must possess the clinical systems and operational competence to provide comprehensive health care to 27 28 Medicaid recipients. As used in this paragraph, the term 29 "comprehensive behavioral health care services" means covered mental health and substance abuse treatment services that are 30 available to Medicaid recipients. Any contract awarded under 31

14

1 this paragraph must be competitively procured. The agency must 2 ensure that Medicaid recipients have available the choice of 3 at least two managed care plans for their behavioral health 4 care services.

(f) An entity that provides in-home physician services 5 to test the cost-effectiveness of enhanced home-based medical б 7 care to Medicaid recipients with degenerative neurological 8 diseases and other diseases or disabling conditions associated 9 with high costs to Medicaid. The program shall be designed to serve very disabled persons and to reduce Medicaid reimbursed 10 costs for inpatient, outpatient, and emergency department 11 services. The agency shall contract with vendors on a 12 13 risk-sharing basis.

14 (g) Children's provider networks that provide care coordination and care management for Medicaid-eligible 15 pediatric patients, primary care, authorization of specialty 16 care, and other urgent and emergency care through organized 17 18 providers designed to service Medicaid eligibles under age 18 19 and pediatric emergency departments' diversion programs. The networks shall provide after-hour operations, including 20 evening and weekend hours, to promote, when appropriate, the 21 22 use of the children's networks rather than hospital emergency 23 departments.

(h) An entity authorized in s. 430.205 to contract
with the agency and the Department of Elderly Affairs to
provide health care and social services on a prepaid or
fixed-sum basis to elderly recipients. Such prepaid health
care services entities are exempt from the provisions of part
I of chapter 641 for the first 3 years of operation. An entity
recognized under this paragraph that demonstrates to the
satisfaction of the Office of Insurance Regulation that it is

15

Second Engrossed

backed by the full faith and credit of one or more counties in 1 2 which it operates may be exempted from s. 641.225. 3 (i) A Children's Medical Services Network, as defined in s. 391.021. 4 5 (5) By December 1, 2005, the Agency for Health Care Administration, in partnership with the Department of Elderly б 7 Affairs, shall create an integrated, fixed-payment delivery 8 system for Medicaid recipients who are 60 years of age or 9 older. The Agency for Health Care Administration shall implement the integrated system initially on a pilot basis in 10 two areas of the state. In one of the areas enrollment shall 11 be on a voluntary basis. The program must transfer all 12 13 Medicaid services for eligible elderly individuals who choose 14 to participate into an integrated-care management model designed to serve Medicaid recipients in the community. The 15 program must combine all funding for Medicaid services 16 provided to individuals 60 years of age or older into the 17 18 integrated system, including funds for Medicaid home and 19 community-based waiver services; all Medicaid services authorized in ss. 409.905 and 409.906, excluding funds for 20 Medicaid nursing home services unless the agency is able to 21 22 demonstrate how the integration of the funds will improve 23 coordinated care for these services in a less costly manner; 24 and Medicare coinsurance and deductibles for persons dually eligible for Medicaid and Medicare as prescribed in s. 25 409.908(13). 26 (a) Individuals who are 60 years of age or older and 27 28 enrolled in the the developmental disabilities waiver program, 29 the family and supported-living waiver program, the project AIDS care waiver program, the traumatic brain injury and 30 spinal cord injury waiver program, the consumer-directed care 31

16

1	waiver program, and the program of all-inclusive care for the
2	elderly program, and residents of institutional care
3	facilities for the developmentally disabled, must be excluded
4	from the integrated system.
5	(b) The program must use a competitive-procurement
б	process to select entities to operate the integrated system.
7	Entities eligible to submit bids include managed care
8	organizations licensed under chapter 641, including entities
9	eligible to participate in the nursing home diversion program,
10	other qualified providers as defined in s. 430.703(7),
11	community care for the elderly lead agencies, and other
12	state-certified community service networks that meet
13	comparable standards as defined by the agency, in consultation
14	with the Department of Elderly Affairs and the Office of
15	Insurance Regulation, to be financially solvent and able to
16	take on financial risk for managed care. Community service
17	networks that are certified pursuant to the comparable
18	standards defined by the agency are not required to be
19	licensed under chapter 641.
20	(c) The agency must ensure that the
21	capitation-rate-setting methodology for the integrated system
22	is actuarially sound and reflects the intent to provide
23	quality care in the least-restrictive setting. The agency must
24	<u>also require integrated-system providers to develop a</u>
25	credentialing system for service providers and to contract
26	with all Gold Seal nursing homes, where feasible, and exclude,
27	where feasible, chronically poor-performing facilities and
28	providers as defined by the agency. The integrated system must
29	provide that if the recipient resides in a noncontracted
30	residential facility licensed under chapter 400 at the time
31	the integrated system is initiated, the recipient must be

. 1	
1	permitted to continue to reside in the noncontracted facility
2	as long as the recipient desires. The integrated system must
3	also provide that, in the absence of a contract between the
4	integrated-system provider and the residential facility
5	licensed under chapter 400, current Medicaid rates must
б	prevail. The agency and the Department of Elderly Affairs must
7	jointly develop procedures to manage the services provided
8	through the integrated system in order to ensure quality and
9	recipient choice.
10	(d) Within 24 months after implementation, the Office
11	of Program Policy Analysis and Government Accountability, in
12	consultation with the Auditor General, shall comprehensively
13	evaluate the pilot project for the integrated, fixed-payment
14	delivery system for Medicaid recipients who are 60 years of
15	age or older. The evaluation must include assessments of cost
16	savings; consumer education, choice, and access to services;
17	coordination of care; and quality of care. The evaluation must
18	describe administrative or legal barriers to the
19	implementation and operation of the pilot program and include
20	recommendations regarding statewide expansion of the pilot
21	program. The office shall submit an evaluation report to the
22	Governor, the President of the Senate, and the Speaker of the
23	House of Representatives no later than June 30, 2008.
24	(e) The agency may seek federal waivers and adopt
25	rules as necessary to administer the integrated system. The
26	agency must receive specific authorization from the
27	Legislature prior to implementing the waiver for the
28	integrated system. By October 1, 2003, the agency and the
29	department shall, to the extent feasible, develop a plan for
30	implementing new Medicaid procedure codes for emergency and
31	crisis care, supportive residential services, and other

services designed to maximize the use of Medicaid funds for 1 2 Medicaid eligible recipients. The agency shall include in the 3 agreement developed pursuant to subsection (4) a provision 4 that ensures that the match requirements for these new 5 procedure codes are met by certifying eligible general revenue б local funds that are currently expended on these services 7 by the department with contracted alcohol, drug abuse, and 8 mental health providers. The plan must describe specific 9 procedure codes to be implemented, a projection of the number of procedures to be delivered during fiscal year 2003 2004, 10 and a financial analysis that describes the certified match 11 procedures, and accountability mechanisms, projects the 12 13 earnings associated with these procedures, and describes the 14 sources of state match. This plan may not be implemented in any part until approved by the Legislative Budget Commission. 15 If such approval has not occurred by December 31, 2003, the 16 17 plan shall be submitted for consideration by the 2004 18 Legislature. 19 (6) The agency may contract with any public or private entity otherwise authorized by this section on a prepaid or 20 fixed-sum basis for the provision of health care services to 21 recipients. An entity may provide prepaid services to 2.2 23 recipients, either directly or through arrangements with other 24 entities, if each entity involved in providing services: (a) Is organized primarily for the purpose of 25 providing health care or other services of the type regularly 26 offered to Medicaid recipients; 27

(b) Ensures that services meet the standards set by
the agency for quality, appropriateness, and timeliness;
(c) Makes provisions satisfactory to the agency for
insolvency protection and ensures that neither enrolled

19

Medicaid recipients nor the agency will be liable for the 1 2 debts of the entity; 3 (d) Submits to the agency, if a private entity, a 4 financial plan that the agency finds to be fiscally sound and that provides for working capital in the form of cash or 5 equivalent liquid assets excluding revenues from Medicaid б 7 premium payments equal to at least the first 3 months of 8 operating expenses or \$200,000, whichever is greater; 9 (e) Furnishes evidence satisfactory to the agency of adequate liability insurance coverage or an adequate plan of 10 self-insurance to respond to claims for injuries arising out 11 of the furnishing of health care; 12 13 (f) Provides, through contract or otherwise, for 14 periodic review of its medical facilities and services, as required by the agency; and 15 (g) Provides organizational, operational, financial, 16 and other information required by the agency. 17 18 (7) The agency may contract on a prepaid or fixed-sum basis with any health insurer that: 19 20 (a) Pays for health care services provided to enrolled Medicaid recipients in exchange for a premium payment paid by 21 22 the agency; 23 (b) Assumes the underwriting risk; and 24 (c) Is organized and licensed under applicable provisions of the Florida Insurance Code and is currently in 25 good standing with the Office of Insurance Regulation. 26 (8) The agency may contract on a prepaid or fixed-sum 27 28 basis with an exclusive provider organization to provide 29 health care services to Medicaid recipients provided that the 30 exclusive provider organization meets applicable managed care 31 plan requirements in this section, ss. 409.9122, 409.9123,

20

409.9128, and 627.6472, and other applicable provisions of 1 2 law. 3 (9) The Agency for Health Care Administration may provide cost-effective purchasing of chiropractic services on 4 a fee-for-service basis to Medicaid recipients through 5 arrangements with a statewide chiropractic preferred provider б 7 organization incorporated in this state as a not-for-profit 8 corporation. The agency shall ensure that the benefit limits and prior authorization requirements in the current Medicaid 9 program shall apply to the services provided by the 10 chiropractic preferred provider organization. 11 (10) The agency shall not contract on a prepaid or 12 13 fixed-sum basis for Medicaid services with an entity which 14 knows or reasonably should know that any officer, director, agent, managing employee, or owner of stock or beneficial 15 interest in excess of 5 percent common or preferred stock, or 16 the entity itself, has been found guilty of, regardless of 17 18 adjudication, or entered a plea of nolo contendere, or guilty, 19 to: (a) Fraud; 20 (b) Violation of federal or state antitrust statutes, 21 22 including those proscribing price fixing between competitors 23 and the allocation of customers among competitors; 24 (c) Commission of a felony involving embezzlement, theft, forgery, income tax evasion, bribery, falsification or 25 destruction of records, making false statements, receiving 26 stolen property, making false claims, or obstruction of 27 28 justice; or 29 (d) Any crime in any jurisdiction which directly relates to the provision of health services on a prepaid or 30 31 fixed-sum basis.

21

(11) The agency, after notifying the Legislature, may 1 2 apply for waivers of applicable federal laws and regulations 3 as necessary to implement more appropriate systems of health 4 care for Medicaid recipients and reduce the cost of the Medicaid program to the state and federal governments and 5 shall implement such programs, after legislative approval, б 7 within a reasonable period of time after federal approval. 8 These programs must be designed primarily to reduce the need for inpatient care, custodial care and other long-term or 9 institutional care, and other high-cost services. 10 (a) Prior to seeking legislative approval of such a 11 waiver as authorized by this subsection, the agency shall 12 13 provide notice and an opportunity for public comment. Notice 14 shall be provided to all persons who have made requests of the agency for advance notice and shall be published in the 15 Florida Administrative Weekly not less than 28 days prior to 16 the intended action. 17 18 (b) Notwithstanding s. 216.292, funds that are appropriated to the Department of Elderly Affairs for the 19 Assisted Living for the Elderly Medicaid waiver and are not 20 expended shall be transferred to the agency to fund 21 22 Medicaid-reimbursed nursing home care. 23 (12) The agency shall establish a postpayment 24 utilization control program designed to identify recipients who may inappropriately overuse or underuse Medicaid services 25 and shall provide methods to correct such misuse. 26 (13) The agency shall develop and provide coordinated 27 28 systems of care for Medicaid recipients and may contract with 29 public or private entities to develop and administer such systems of care among public and private health care providers 30 31 in a given geographic area.

22

Second Engrossed

(14)(a) The agency shall operate or contract for the 1 2 operation of utilization management and incentive systems designed to encourage cost-effective use services. 3 4 (b) The agency shall develop a procedure for 5 determining whether health care providers and service vendors б can provide the Medicaid program using a business case that 7 demonstrates whether a particular good or service can offset 8 the cost of providing the good or service in an alternative 9 setting or through other means and therefore should receive a higher reimbursement. The business case must include, but need 10 not be limited to: 11 1. A detailed description of the good or service to be 12 13 provided, a description and analysis of the agency's current 14 performance of the service, and a rationale documenting how providing the service in an alternative setting would be in 15 the best interest of the state, the agency, and its clients. 16 A cost-benefit analysis documenting the estimated 17 2. 18 specific direct and indirect costs, savings, performance 19 improvements, risks, and qualitative and quantitative benefits involved in or resulting from providing the service. The 20 cost-benefit analysis must include a detailed plan and 21 22 timeline identifying all actions that must be implemented to realize expected benefits. The Secretary of Health Care 23 24 Administration shall verify that all costs, savings, and benefits are valid and achievable. 25 (c) If the agency determines that the increased 26 27 reimbursement is cost-effective, the agency shall recommend a 28 change in the reimbursement schedule for that particular good 29 or service. If, within 12 months after implementing any rate change under this procedure, the agency determines that costs 30 were not offset by the increased reimbursement schedule, the 31

agency may revert to the former reimbursement schedule for the particular good or service. (15)(a) The agency shall operate the Comprehensive Assessment and Review for Long-Term Care Services (CARES) nursing facility preadmission screening program to ensure that Medicaid payment for nursing facility care is made only for individuals whose conditions require such care and to ensure that long-term care services are provided in the setting most appropriate to the needs of the person and in the most economical manner possible. The CARES program shall also ensure that individuals participating in Medicaid home and community-based waiver programs meet criteria for those 12 programs, consistent with approved federal waivers. (b) The agency shall operate the CARES program through an interagency agreement with the Department of Elderly Affairs. The agency, in consultation with the Department of Elderly Affairs, may contract for any function or activity of the CARES program, including any function or activity required by 42 C.F.R. part 483.20, relating to preadmission screening and resident review. (c) Prior to making payment for nursing facility services for a Medicaid recipient, the agency must verify that 2.2 23 the nursing facility preadmission screening program has 24 determined that the individual requires nursing facility care and that the individual cannot be safely served in community-based programs. The nursing facility preadmission 26 screening program shall refer a Medicaid recipient to a 27 28 community-based program if the individual could be safely served at a lower cost and the recipient chooses to participate in such program. For individuals whose nursing home stay is initially funded by Medicare and Medicare 31

2.4

coverage is being terminated for lack of progress towards 1 2 rehabilitation, CARES staff shall consult with the person making the determination of progress toward rehabilitation to 3 ensure that the recipient is not being inappropriately 4 5 disqualified from Medicare coverage. If, in their professional judgment, CARES staff believes that a Medicare beneficiary is б 7 still making progress toward rehabilitation, they may assist 8 the Medicare beneficiary with an appeal of the 9 disqualification from Medicare coverage. The use of CARES teams to review Medicare denials for coverage under this 10 section is authorized only if it is determined that such 11 reviews qualify for federal matching funds through Medicaid. 12 13 The agency shall seek or amend federal waivers as necessary to 14 implement this section. (d) For the purpose of initiating immediate 15 prescreening and diversion assistance for individuals residing 16 in nursing homes and in order to make families aware of 17 18 alternative long-term care resources so that they may choose a 19 more cost-effective setting for long-term placement, CARES staff shall conduct an assessment and review of a sample of 20 individuals whose nursing home stay is expected to exceed 20 21 22 days, regardless of the initial funding source for the nursing 23 home placement. CARES staff shall provide counseling and 24 referral services to these individuals regarding choosing appropriate long-term care alternatives. This paragraph does 25 not apply to continuing care facilities licensed under chapter 26 651 or to retirement communities that provide a combination of 27 28 nursing home, independent living, and other long-term care 29 services. 30 (e) By January 15 of each year, the agency shall 31 submit a report to the Legislature and the Office of

25

### Second Engrossed

Long-Term-Care Policy describing the operations of the CARES 1 2 program. The report must describe: 3 1. Rate of diversion to community alternative 4 programs; 5 2. CARES program staffing needs to achieve additional diversions; б 7 3. Reasons the program is unable to place individuals 8 in less restrictive settings when such individuals desired such services and could have been served in such settings; 9 4. Barriers to appropriate placement, including 10 barriers due to policies or operations of other agencies or 11 state-funded programs; and 12 13 5. Statutory changes necessary to ensure that 14 individuals in need of long-term care services receive care in the least restrictive environment. 15 (f) The Department of Elderly Affairs shall track 16 individuals over time who are assessed under the CARES program 17 18 and who are diverted from nursing home placement. By January 15 of each year, the department shall submit to the 19 Legislature and the Office of Long-Term-Care Policy a 20 longitudinal study of the individuals who are diverted from 21 nursing home placement. The study must include: 2.2 23 1. The demographic characteristics of the individuals 24 assessed and diverted from nursing home placement, including, but not limited to, age, race, gender, frailty, caregiver 25 status, living arrangements, and geographic location; 26 2. A summary of community services provided to 27 28 individuals for 1 year after assessment and diversion; 29 3. A summary of inpatient hospital admissions for individuals who have been diverted; and 30 31

26

4. A summary of the length of time between diversion 1 2 and subsequent entry into a nursing home or death. (g) By July 1, 2005, the department and the Agency for 3 4 Health Care Administration shall report to the President of the Senate and the Speaker of the House of Representatives 5 б regarding the impact to the state of modifying level-of-care 7 criteria to eliminate the Intermediate II level of care. 8 (16)(a) The agency shall identify health care 9 utilization and price patterns within the Medicaid program which are not cost-effective or medically appropriate and 10 assess the effectiveness of new or alternate methods of 11 providing and monitoring service, and may implement such 12 13 methods as it considers appropriate. Such methods may include 14 disease management initiatives, an integrated and systematic approach for managing the health care needs of recipients who 15 are at risk of or diagnosed with a specific disease by using 16 best practices, prevention strategies, clinical-practice 17 18 improvement, clinical interventions and protocols, outcomes 19 research, information technology, and other tools and resources to reduce overall costs and improve measurable 20 outcomes. 21 22 (b) The responsibility of the agency under this

subsection shall include the development of capabilities to identify actual and optimal practice patterns; patient and provider educational initiatives; methods for determining patient compliance with prescribed treatments; fraud, waste, and abuse prevention and detection programs; and beneficiary case management programs.

The practice pattern identification program shall
 evaluate practitioner prescribing patterns based on national
 and regional practice guidelines, comparing practitioners to

27

their peer groups. The agency and its Drug Utilization Review 1 2 Board shall consult with the Department of Health and a panel 3 of practicing health care professionals consisting of the following: the Speaker of the House of Representatives and the 4 President of the Senate shall each appoint three physicians 5 licensed under chapter 458 or chapter 459; and the Governor б 7 shall appoint two pharmacists licensed under chapter 465 and 8 one dentist licensed under chapter 466 who is an oral surgeon. 9 Terms of the panel members shall expire at the discretion of the appointing official. The panel shall begin its work by 10 August 1, 1999, regardless of the number of appointments made 11 by that date. The advisory panel shall be responsible for 12 13 evaluating treatment guidelines and recommending ways to 14 incorporate their use in the practice pattern identification program. Practitioners who are prescribing inappropriately or 15 inefficiently, as determined by the agency, may have their 16 prescribing of certain drugs subject to prior authorization or 17 18 may be terminated from all participation in the Medicaid 19 program. 2. The agency shall also develop educational 20 interventions designed to promote the proper use of 21 22 medications by providers and beneficiaries. 23 3. The agency shall implement a pharmacy fraud, waste, 24 and abuse initiative that may include a surety bond or letter of credit requirement for participating pharmacies, enhanced 25 provider auditing practices, the use of additional fraud and 26 abuse software, recipient management programs for 27 28 beneficiaries inappropriately using their benefits, and other 29 steps that will eliminate provider and recipient fraud, waste, and abuse. The initiative shall address enforcement efforts to 30 31 reduce the number and use of counterfeit prescriptions.

28

1	4. By September 30, 2002, the agency shall contract
2	with an entity in the state to implement a wireless handheld
3	clinical pharmacology drug information database for
4	practitioners. The initiative shall be designed to enhance the
5	agency's efforts to reduce fraud, abuse, and errors in the
6	prescription drug benefit program and to otherwise further the
7	intent of this paragraph.
8	5. By April 1, 2006, the agency shall contract with an
9	entity to design a database of clinical utilization
10	information or electronic medical records for Medicaid
11	providers. This system must be web-based and allow providers
12	to review on a real-time basis the utilization of Medicaid
13	services, including, but not limited to, physician office
14	visits, inpatient and outpatient hospitalizations, laboratory
15	and pathology services, radiological and other imaging
16	services, dental care, and patterns of dispensing prescription
17	drugs in order to coordinate care and identify potential fraud
18	and abuse.
19	6.5. The agency may apply for any federal waivers
20	needed to <u>administer</u> implement this paragraph.
21	(17) An entity contracting on a prepaid or fixed-sum
22	basis shall, in addition to meeting any applicable statutory
23	surplus requirements, also maintain at all times in the form
24	of cash, investments that mature in less than 180 days
25	allowable as admitted assets by the Office of Insurance
26	Regulation, and restricted funds or deposits controlled by the
27	agency or the Office of Insurance Regulation, a surplus amount
28	equal to one-and-one-half times the entity's monthly Medicaid
29	prepaid revenues. As used in this subsection, the term
30	"surplus" means the entity's total assets minus total
31	liabilities. If an entity's surplus falls below an amount

29

equal to one-and-one-half times the entity's monthly Medicaid 1 2 prepaid revenues, the agency shall prohibit the entity from 3 engaging in marketing and preenrollment activities, shall cease to process new enrollments, and shall not renew the 4 entity's contract until the required balance is achieved. The 5 requirements of this subsection do not apply: б 7 (a) Where a public entity agrees to fund any deficit 8 incurred by the contracting entity; or 9 (b) Where the entity's performance and obligations are guaranteed in writing by a guaranteeing organization which: 10 1. Has been in operation for at least 5 years and has 11 assets in excess of \$50 million; or 12 13 2. Submits a written guarantee acceptable to the 14 agency which is irrevocable during the term of the contracting entity's contract with the agency and, upon termination of the 15 contract, until the agency receives proof of satisfaction of 16 all outstanding obligations incurred under the contract. 17 18 (18)(a) The agency may require an entity contracting on a prepaid or fixed-sum basis to establish a restricted 19 insolvency protection account with a federally guaranteed 20 financial institution licensed to do business in this state. 21 22 The entity shall deposit into that account 5 percent of the 23 capitation payments made by the agency each month until a 24 maximum total of 2 percent of the total current contract amount is reached. The restricted insolvency protection 25 account may be drawn upon with the authorized signatures of 26 two persons designated by the entity and two representatives 27 of the agency. If the agency finds that the entity is 28 29 insolvent, the agency may draw upon the account solely with the two authorized signatures of representatives of the 30 31 agency, and the funds may be disbursed to meet financial

30

obligations incurred by the entity under the prepaid contract. 1 2 If the contract is terminated, expired, or not continued, the account balance must be released by the agency to the entity 3 upon receipt of proof of satisfaction of all outstanding 4 obligations incurred under this contract. 5 6 (b) The agency may waive the insolvency protection 7 account requirement in writing when evidence is on file with 8 the agency of adequate insolvency insurance and reinsurance 9 that will protect enrollees if the entity becomes unable to meet its obligations. 10 (19) An entity that contracts with the agency on a 11 prepaid or fixed-sum basis for the provision of Medicaid 12 13 services shall reimburse any hospital or physician that is 14 outside the entity's authorized geographic service area as specified in its contract with the agency, and that provides 15 services authorized by the entity to its members, at a rate 16 negotiated with the hospital or physician for the provision of 17 18 services or according to the lesser of the following: 19 (a) The usual and customary charges made to the general public by the hospital or physician; or 20 (b) The Florida Medicaid reimbursement rate 21 22 established for the hospital or physician. 23 (20) When a merger or acquisition of a Medicaid 24 prepaid contractor has been approved by the Office of Insurance Regulation pursuant to s. 628.4615, the agency shall 25 approve the assignment or transfer of the appropriate Medicaid 26 prepaid contract upon request of the surviving entity of the 27 28 merger or acquisition if the contractor and the other entity 29 have been in good standing with the agency for the most recent 12-month period, unless the agency determines that the 30 31 assignment or transfer would be detrimental to the Medicaid

31

recipients or the Medicaid program. To be in good standing, an 1 2 entity must not have failed accreditation or committed any material violation of the requirements of s. 641.52 and must 3 meet the Medicaid contract requirements. For purposes of this 4 section, a merger or acquisition means a change in controlling 5 interest of an entity, including an asset or stock purchase. б 7 (21) Any entity contracting with the agency pursuant 8 to this section to provide health care services to Medicaid recipients is prohibited from engaging in any of the following 9 practices or activities: 10 (a) Practices that are discriminatory, including, but 11 not limited to, attempts to discourage participation on the 12 13 basis of actual or perceived health status. 14 (b) Activities that could mislead or confuse recipients, or misrepresent the organization, its marketing 15 representatives, or the agency. Violations of this paragraph 16 include, but are not limited to: 17 18 1. False or misleading claims that marketing 19 representatives are employees or representatives of the state or county, or of anyone other than the entity or the 20 organization by whom they are reimbursed. 21 22 2. False or misleading claims that the entity is 23 recommended or endorsed by any state or county agency, or by 24 any other organization which has not certified its endorsement in writing to the entity. 25 3. False or misleading claims that the state or county 26 recommends that a Medicaid recipient enroll with an entity. 27 28 4. Claims that a Medicaid recipient will lose benefits 29 under the Medicaid program, or any other health or welfare 30 benefits to which the recipient is legally entitled, if the 31 recipient does not enroll with the entity.

32

(c) Granting or offering of any monetary or other 1 2 valuable consideration for enrollment, except as authorized by 3 subsection (24). 4 (d) Door-to-door solicitation of recipients who have not contacted the entity or who have not invited the entity to 5 б make a presentation. 7 (e) Solicitation of Medicaid recipients by marketing 8 representatives stationed in state offices unless approved and 9 supervised by the agency or its agent and approved by the affected state agency when solicitation occurs in an office of 10 the state agency. The agency shall ensure that marketing 11 representatives stationed in state offices shall market their 12 13 managed care plans to Medicaid recipients only in designated 14 areas and in such a way as to not interfere with the recipients' activities in the state office. 15 (f) Enrollment of Medicaid recipients. 16 (22) The agency may impose a fine for a violation of 17 18 this section or the contract with the agency by a person or entity that is under contract with the agency. With respect to 19 any nonwillful violation, such fine shall not exceed \$2,500 20 per violation. In no event shall such fine exceed an aggregate 21 amount of \$10,000 for all nonwillful violations arising out of 2.2 23 the same action. With respect to any knowing and willful 24 violation of this section or the contract with the agency, the agency may impose a fine upon the entity in an amount not to 25 exceed \$20,000 for each such violation. In no event shall such 26 fine exceed an aggregate amount of \$100,000 for all knowing 27 28 and willful violations arising out of the same action. 29 (23) A health maintenance organization or a person or entity exempt from chapter 641 that is under contract with the 30 31 agency for the provision of health care services to Medicaid

33

recipients may not use or distribute marketing materials used 1 2 to solicit Medicaid recipients, unless such materials have been approved by the agency. The provisions of this subsection 3 do not apply to general advertising and marketing materials 4 used by a health maintenance organization to solicit both 5 non-Medicaid subscribers and Medicaid recipients. б 7 (24) Upon approval by the agency, health maintenance 8 organizations and persons or entities exempt from chapter 641 9 that are under contract with the agency for the provision of health care services to Medicaid recipients may be permitted 10 within the capitation rate to provide additional health 11 benefits that the agency has found are of high quality, are 12 13 practicably available, provide reasonable value to the 14 recipient, and are provided at no additional cost to the 15 state. (25) The agency shall utilize the statewide health 16 maintenance organization complaint hotline for the purpose of 17 18 investigating and resolving Medicaid and prepaid health plan complaints, maintaining a record of complaints and confirmed 19 problems, and receiving disenrollment requests made by 20 recipients. 21 22 (26) The agency shall require the publication of the 23 health maintenance organization's and the prepaid health 24 plan's consumer services telephone numbers and the "800" telephone number of the statewide health maintenance 25 organization complaint hotline on each Medicaid identification 26 card issued by a health maintenance organization or prepaid 27 28 health plan contracting with the agency to serve Medicaid 29 recipients and on each subscriber handbook issued to a Medicaid recipient. 30 31

34

- I	
1	(27) The agency shall establish a health care quality
2	improvement system for those entities contracting with the
3	agency pursuant to this section, incorporating all the
4	standards and guidelines developed by the Medicaid Bureau of
5	the Health Care Financing Administration as a part of the
6	quality assurance reform initiative. The system shall include,
7	but need not be limited to, the following:
8	(a) Guidelines for internal quality assurance
9	programs, including standards for:
10	1. Written quality assurance program descriptions.
11	2. Responsibilities of the governing body for
12	monitoring, evaluating, and making improvements to care.
13	3. An active quality assurance committee.
14	4. Quality assurance program supervision.
15	5. Requiring the program to have adequate resources to
16	effectively carry out its specified activities.
17	6. Provider participation in the quality assurance
18	program.
19	7. Delegation of quality assurance program activities.
20	8. Credentialing and recredentialing.
21	9. Enrollee rights and responsibilities.
22	10. Availability and accessibility to services and
23	care.
24	11. Ambulatory care facilities.
25	12. Accessibility and availability of medical records,
26	as well as proper recordkeeping and process for record review.
27	13. Utilization review.
28	14. A continuity of care system.
29	15. Quality assurance program documentation.
30	16. Coordination of quality assurance activity with
31	other management activity.

36

3. Participation of the contracting entities in 1 2 designing external quality review organization review 3 activities. 4 4. Potential variation in the type of clinical conditions and health services delivery issues to be studied 5 at each plan. б 7 5. Determining the number of focused pattern-of-care 8 studies to be conducted for each plan. 9 6. Methods for implementing focused studies. 7. Individual care review. 10 8. Followup activities. 11 (28) In order to ensure that children receive health 12 13 care services for which an entity has already been 14 compensated, an entity contracting with the agency pursuant to this section shall achieve an annual Early and Periodic 15 Screening, Diagnosis, and Treatment (EPSDT) Service screening 16 rate of at least 60 percent for those recipients continuously 17 18 enrolled for at least 8 months. The agency shall develop a method by which the EPSDT screening rate shall be calculated. 19 For any entity which does not achieve the annual 60 percent 20 rate, the entity must submit a corrective action plan for the 21 22 agency's approval. If the entity does not meet the standard 23 established in the corrective action plan during the specified 24 timeframe, the agency is authorized to impose appropriate contract sanctions. At least annually, the agency shall 25 publicly release the EPSDT Services screening rates of each 26 entity it has contracted with on a prepaid basis to serve 27 28 Medicaid recipients. 29 (29) The agency shall perform enrollments and disenrollments for Medicaid recipients who are eligible for 30 31 MediPass or managed care plans. Notwithstanding the

37

Second Engrossed

prohibition contained in paragraph (21)(f), managed care plans 1 2 may perform preenrollments of Medicaid recipients under the 3 supervision of the agency or its agents. For the purposes of this section, "preenrollment" means the provision of marketing 4 and educational materials to a Medicaid recipient and 5 assistance in completing the application forms, but shall not б 7 include actual enrollment into a managed care plan. An 8 application for enrollment shall not be deemed complete until 9 the agency or its agent verifies that the recipient made an informed, voluntary choice. The agency, in cooperation with 10 the Department of Children and Family Services, may test new 11 marketing initiatives to inform Medicaid recipients about 12 13 their managed care options at selected sites. The agency shall 14 report to the Legislature on the effectiveness of such initiatives. The agency may contract with a third party to 15 perform managed care plan and MediPass enrollment and 16 disenrollment services for Medicaid recipients and is 17 18 authorized to adopt rules to implement such services. The agency may adjust the capitation rate only to cover the costs 19 of a third-party enrollment and disenrollment contract, and 20 for agency supervision and management of the managed care plan 21 22 enrollment and disenrollment contract. 23 (30) Any lists of providers made available to Medicaid 24 recipients, MediPass enrollees, or managed care plan enrollees shall be arranged alphabetically showing the provider's name 25 and specialty and, separately, by specialty in alphabetical 26 order. 27 28 (31) The agency shall establish an enhanced managed 29 care quality assurance oversight function, to include at least 30 the following components: 31

38

(a) At least quarterly analysis and followup, 1 2 including sanctions as appropriate, of managed care 3 participant utilization of services. 4 (b) At least quarterly analysis and followup, 5 including sanctions as appropriate, of quality findings of the Medicaid peer review organization and other external quality б 7 assurance programs. 8 (c) At least quarterly analysis and followup, 9 including sanctions as appropriate, of the fiscal viability of managed care plans. 10 (d) At least quarterly analysis and followup, 11 including sanctions as appropriate, of managed care 12 13 participant satisfaction and disenrollment surveys. 14 (e) The agency shall conduct regular and ongoing Medicaid recipient satisfaction surveys. 15 16 The analyses and followup activities conducted by the agency 17 18 under its enhanced managed care quality assurance oversight function shall not duplicate the activities of accreditation 19 reviewers for entities regulated under part III of chapter 20 641, but may include a review of the finding of such 21 22 reviewers. 23 (32) Each managed care plan that is under contract 24 with the agency to provide health care services to Medicaid recipients shall annually conduct a background check with the 25 Florida Department of Law Enforcement of all persons with 26 ownership interest of 5 percent or more or executive 27 28 management responsibility for the managed care plan and shall 29 submit to the agency information concerning any such person who has been found guilty of, regardless of adjudication, or 30 31

39

has entered a plea of nolo contendere or guilty to, any of the 1 2 offenses listed in s. 435.03. 3 (33) The agency shall, by rule, develop a process 4 whereby a Medicaid managed care plan enrollee who wishes to enter hospice care may be disenrolled from the managed care 5 б plan within 24 hours after contacting the agency regarding 7 such request. The agency rule shall include a methodology for 8 the agency to recoup managed care plan payments on a pro rata 9 basis if payment has been made for the enrollment month when disenrollment occurs. 10 (34) The agency and entities that which contract with 11 the agency to provide health care services to Medicaid 12 13 recipients under this section or ss. 409.91211 and <del>s.</del> 409.9122 14 must comply with the provisions of s. 641.513 in providing emergency services and care to Medicaid recipients and 15 MediPass recipients. Where feasible, safe, and cost-effective, 16 the agency shall encourage hospitals, emergency medical 17 services providers, and other public and private health care 18 19 providers to work together in their local communities to enter into agreements or arrangements to ensure access to 20 alternatives to emergency services and care for those Medicaid 21 22 recipients who need nonemergent care. The agency shall 23 coordinate with hospitals, emergency medical services 24 providers, private health plans, capitated managed care networks as established in s. 409.91211, and other public and 25 private health care providers to implement the provisions of 26 ss. 395.1041(7), 409.91255(3)(q), 627.6405, and 641.31097 to 27 28 develop and implement emergency department diversion programs 29 for Medicaid recipients. 30 (35) All entities providing health care services to 31 Medicaid recipients shall make available, and encourage all

40

pregnant women and mothers with infants to receive, and 1 2 provide documentation in the medical records to reflect, the 3 following: (a) Healthy Start prenatal or infant screening. 4 (b) Healthy Start care coordination, when screening or 5 other factors indicate need. б 7 (c) Healthy Start enhanced services in accordance with 8 the prenatal or infant screening results. 9 (d) Immunizations in accordance with recommendations of the Advisory Committee on Immunization Practices of the 10 United States Public Health Service and the American Academy 11 of Pediatrics, as appropriate. 12 13 (e) Counseling and services for family planning to all 14 women and their partners. (f) A scheduled postpartum visit for the purpose of 15 voluntary family planning, to include discussion of all 16 methods of contraception, as appropriate. 17 18 (q) Referral to the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC). 19 (36) Any entity that provides Medicaid prepaid health 20 plan services shall ensure the appropriate coordination of 21 22 health care services with an assisted living facility in cases 23 where a Medicaid recipient is both a member of the entity's 24 prepaid health plan and a resident of the assisted living facility. If the entity is at risk for Medicaid targeted case 25 management and behavioral health services, the entity shall 26 inform the assisted living facility of the procedures to 27 28 follow should an emergent condition arise. 29 (37) The agency may seek and implement federal waivers 30 necessary to provide for cost-effective purchasing of home 31 health services, private duty nursing services,

41

## Second Engrossed

transportation, independent laboratory services, and durable 1 2 medical equipment and supplies through competitive bidding 3 pursuant to s. 287.057. The agency may request appropriate waivers from the federal Health Care Financing Administration 4 in order to competitively bid such services. The agency may 5 exclude providers not selected through the bidding process б 7 from the Medicaid provider network. 8 (38) The agency shall enter into agreements with 9 not-for-profit organizations based in this state for the purpose of providing vision screening. 10 (39)(a) The agency shall implement a Medicaid 11 prescribed-drug spending-control program that includes the 12 13 following components: 14 1. Medicaid prescribed-drug coverage for brand-name drugs for adult Medicaid recipients is limited to the 15 dispensing of four brand-name drugs per month per recipient. 16 Children are exempt from this restriction. Antiretroviral 17 18 agents are excluded from this limitation. No requirements for 19 prior authorization or other restrictions on medications used to treat mental illnesses such as schizophrenia, severe 20 depression, or bipolar disorder may be imposed on Medicaid 21 22 recipients. Medications that will be available without 23 restriction for persons with mental illnesses include atypical 24 antipsychotic medications, conventional antipsychotic medications, selective serotonin reuptake inhibitors, and 25 other medications used for the treatment of serious mental 26 illnesses. The agency shall also limit the amount of a 27 28 prescribed drug dispensed to no more than a 34-day supply. The 29 agency shall continue to provide unlimited generic drugs, contraceptive drugs and items, and diabetic supplies. Although 30 31 a drug may be included on the preferred drug formulary, it

42

would not be exempt from the four-brand limit. The agency may 1 2 authorize exceptions to the brand-name-drug restriction based upon the treatment needs of the patients, only when such 3 exceptions are based on prior consultation provided by the 4 agency or an agency contractor, but the agency must establish 5 б procedures to ensure that: 7 a. There will be a response to a request for prior 8 consultation by telephone or other telecommunication device within 24 hours after receipt of a request for prior 9 consultation; 10 b. A 72-hour supply of the drug prescribed will be 11 provided in an emergency or when the agency does not provide a 12 13 response within 24 hours as required by sub-subparagraph a.; 14 and c. Except for the exception for nursing home residents 15 and other institutionalized adults and except for drugs on the 16 restricted formulary for which prior authorization may be 17 18 sought by an institutional or community pharmacy, prior authorization for an exception to the brand-name-drug 19 restriction is sought by the prescriber and not by the 20 pharmacy. When prior authorization is granted for a patient in 21 22 an institutional setting beyond the brand-name-drug 23 restriction, such approval is authorized for 12 months and 24 monthly prior authorization is not required for that patient. 2. Reimbursement to pharmacies for Medicaid prescribed 25 drugs shall be set at the lesser of: the average wholesale 26 price (AWP) minus 15.4 percent, the wholesaler acquisition 27 28 cost (WAC) plus 5.75 percent, the federal upper limit (FUL), 29 the state maximum allowable cost (SMAC), or the usual and 30 customary (UAC) charge billed by the provider. 31

43

1	3. The agency shall develop and implement a process
2	for managing the drug therapies of Medicaid recipients who are
3	using significant numbers of prescribed drugs each month. The
4	management process may include, but is not limited to,
5	comprehensive, physician-directed medical-record reviews,
6	claims analyses, and case evaluations to determine the medical
7	necessity and appropriateness of a patient's treatment plan
8	and drug therapies. The agency may contract with a private
9	organization to provide drug-program-management services. The
10	Medicaid drug benefit management program shall include
11	initiatives to manage drug therapies for HIV/AIDS patients,
12	patients using 20 or more unique prescriptions in a 180-day
13	period, and the top 1,000 patients in annual spending. The
14	agency shall enroll any Medicaid recipient in the drug benefit
15	management program if he or she meets the specifications of
16	this provision and is not enrolled in a Medicaid health
17	maintenance organization.
18	4. The agency may limit the size of its pharmacy
19	network based on need, competitive bidding, price
20	negotiations, credentialing, or similar criteria. The agency
21	shall give special consideration to rural areas in determining
22	the size and location of pharmacies included in the Medicaid
23	pharmacy network. A pharmacy credentialing process may include
24	criteria such as a pharmacy's full-service status, location,
25	size, patient educational programs, patient consultation,
26	disease-management services, and other characteristics. The
27	agency may impose a moratorium on Medicaid pharmacy enrollment
28	when it is determined that it has a sufficient number of
29	Medicaid-participating providers. The agency must allow
30	dispensing practitioners to participate as a part of the
31	Medicaid pharmacy network regardless of the practitioner's

1	proximity to any other entity that is dispensing prescription
2	drugs under the Medicaid program. A dispensing practitioner
3	must meet all credentialing requirements applicable to his or
4	her practice, as determined by the agency.
5	5. The agency shall develop and implement a program
6	that requires Medicaid practitioners who prescribe drugs to
7	use a counterfeit-proof prescription pad for Medicaid
8	prescriptions. The agency shall require the use of
9	standardized counterfeit-proof prescription pads by
10	Medicaid-participating prescribers or prescribers who write
11	prescriptions for Medicaid recipients. The agency may
12	implement the program in targeted geographic areas or
13	statewide.
14	6. The agency may enter into arrangements that require
15	manufacturers of generic drugs prescribed to Medicaid
16	recipients to provide rebates of at least 15.1 percent of the
17	average manufacturer price for the manufacturer's generic
18	products. These arrangements shall require that if a
19	generic-drug manufacturer pays federal rebates for
20	Medicaid-reimbursed drugs at a level below 15.1 percent, the
21	manufacturer must provide a supplemental rebate to the state
22	in an amount necessary to achieve a 15.1-percent rebate level.
23	7. The agency may establish a preferred drug formulary
24	in accordance with 42 U.S.C. s. 1396r-8, and, pursuant to the
25	establishment of such formulary, it is authorized to negotiate
26	supplemental rebates from manufacturers that are in addition
27	to those required by Title XIX of the Social Security Act and
28	at no less than 14 percent of the average manufacturer price
29	as defined in 42 U.S.C. s. 1936 on the last day of a quarter
30	unless the federal or supplemental rebate, or both, equals or
31	exceeds 29 percent. There is no upper limit on the

supplemental rebates the agency may negotiate. The agency may 1 2 determine that specific products, brand-name or generic, are competitive at lower rebate percentages. Agreement to pay the 3 minimum supplemental rebate percentage will guarantee a 4 manufacturer that the Medicaid Pharmaceutical and Therapeutics 5 Committee will consider a product for inclusion on the б 7 preferred drug formulary. However, a pharmaceutical 8 manufacturer is not guaranteed placement on the formulary by 9 simply paying the minimum supplemental rebate. Agency decisions will be made on the clinical efficacy of a drug and 10 recommendations of the Medicaid Pharmaceutical and 11 Therapeutics Committee, as well as the price of competing 12 13 products minus federal and state rebates. The agency is 14 authorized to contract with an outside agency or contractor to conduct negotiations for supplemental rebates. For the 15 purposes of this section, the term "supplemental rebates" 16 means cash rebates. Effective July 1, 2004, value-added 17 18 programs as a substitution for supplemental rebates are prohibited. The agency is authorized to seek any federal 19 waivers to implement this initiative. 20 8. The agency shall establish an advisory committee 21 for the purposes of studying the feasibility of using a 2.2 23 restricted drug formulary for nursing home residents and other 24 institutionalized adults. The committee shall be comprised of seven members appointed by the Secretary of Health Care 25 Administration. The committee members shall include two 26 physicians licensed under chapter 458 or chapter 459; three 27 28 pharmacists licensed under chapter 465 and appointed from a 29 list of recommendations provided by the Florida Long-Term Care 30 Pharmacy Alliance; and two pharmacists licensed under chapter 31 465.

46

1	9. The Agency for Health Care Administration shall
2	expand home delivery of pharmacy products. To assist Medicaid
3	patients in securing their prescriptions and reduce program
4	costs, the agency shall expand its current mail-order-pharmacy
5	diabetes-supply program to include all generic and brand-name
6	drugs used by Medicaid patients with diabetes. Medicaid
7	recipients in the current program may obtain nondiabetes drugs
8	on a voluntary basis. This initiative is limited to the
9	geographic area covered by the current contract. The agency
10	may seek and implement any federal waivers necessary to
11	implement this subparagraph.
12	10. The agency shall limit to one dose per month any
13	drug prescribed to treat erectile dysfunction.
14	11.a. The agency shall implement a Medicaid behavioral
15	drug management system. The agency may contract with a vendor
16	that has experience in operating behavioral drug management
17	systems to implement this program. The agency is authorized to
18	seek federal waivers to implement this program.
19	b. The agency, in conjunction with the Department of
20	Children and Family Services, may implement the Medicaid
21	behavioral drug management system that is designed to improve
22	the quality of care and behavioral health prescribing
23	practices based on best practice guidelines, improve patient
24	adherence to medication plans, reduce clinical risk, and lower
25	prescribed drug costs and the rate of inappropriate spending
26	on Medicaid behavioral drugs. The program shall include the
27	following elements:
28	(I) Provide for the development and adoption of best
29	practice guidelines for behavioral health-related drugs such
30	as antipsychotics, antidepressants, and medications for
31	treating bipolar disorders and other behavioral conditions;
	47

translate them into practice; review behavioral health 1 2 prescribers and compare their prescribing patterns to a number of indicators that are based on national standards; and 3 determine deviations from best practice guidelines. 4 (II) Implement processes for providing feedback to and 5 educating prescribers using best practice educational б 7 materials and peer-to-peer consultation. 8 (III) Assess Medicaid beneficiaries who are outliers 9 in their use of behavioral health drugs with regard to the numbers and types of drugs taken, drug dosages, combination 10 drug therapies, and other indicators of improper use of 11 behavioral health drugs. 12 13 (IV) Alert prescribers to patients who fail to refill 14 prescriptions in a timely fashion, are prescribed multiple same-class behavioral health drugs, and may have other 15 potential medication problems. 16 (V) Track spending trends for behavioral health drugs 17 18 and deviation from best practice guidelines. (VI) Use educational and technological approaches to 19 promote best practices, educate consumers, and train 20 prescribers in the use of practice guidelines. 21 22 (VII) Disseminate electronic and published materials. 23 (VIII) Hold statewide and regional conferences. 24 (IX) Implement a disease management program with a model quality-based medication component for severely mentally 25 ill individuals and emotionally disturbed children who are 26 high users of care. 27 28 c. If the agency is unable to negotiate a contract 29 with one or more manufacturers to finance and guarantee 30 savings associated with a behavioral drug management program 31 by September 1, 2004, the four-brand drug limit and preferred

48

1	drug list prior-authorization requirements shall apply to
2	mental health-related drugs, notwithstanding any provision in
3	subparagraph 1. The agency is authorized to seek federal
4	waivers to implement this policy.
5	12.a. The agency shall implement a Medicaid
б	prescription-drug-management system. The agency may contract
7	with a vendor that has experience in operating
8	prescription-drug-management systems in order to implement
9	this system. Any management system that is implemented in
10	accordance with this subparagraph must rely on cooperation
11	between physicians and pharmacists to determine appropriate
12	practice patterns and clinical quidelines to improve the
13	prescribing, dispensing, and use of drugs in the Medicaid
14	program. The agency may seek federal waivers to implement this
15	program.
16	b. The drug-management system must be designed to
17	improve the quality of care and prescribing practices based on
18	best-practice quidelines, improve patient adherence to
19	medication plans, reduce clinical risk, and lower prescribed
20	drug costs and the rate of inappropriate spending on Medicaid
21	prescription drugs. The program must:
22	(I) Provide for the development and adoption of
23	best-practice quidelines for the prescribing and use of drugs
24	in the Medicaid program, including translating best-practice
25	guidelines into practice; reviewing prescriber patterns and
26	comparing them to indicators that are based on national
27	standards and practice patterns of clinical peers in their
28	community, statewide, and nationally; and determine deviations
29	from best-practice quidelines.
30	
31	

1	(II) Implement processes for providing feedback to and
2	educating prescribers using best-practice educational
3	materials and peer-to-peer consultation.
4	(III) Assess Medicaid recipients who are outliers in
5	their use of a single or multiple prescription drugs with
б	regard to the numbers and types of drugs taken, drug dosages,
7	combination drug therapies, and other indicators of improper
8	use of prescription drugs.
9	(IV) Alert prescribers to patients who fail to refill
10	prescriptions in a timely fashion, are prescribed multiple
11	drugs that may be redundant or contraindicated, or may have
12	other potential medication problems.
13	(V) Track spending trends for prescription drugs and
14	deviation from best-practice quidelines.
15	(VI) Use educational and technological approaches to
16	promote best practices, educate consumers, and train
17	prescribers in the use of practice quidelines.
18	(VII) Disseminate electronic and published materials.
19	(VIII) Hold statewide and regional conferences.
20	(IX) Implement disease-management programs in
21	cooperation with physicians and pharmacists, along with a
22	model quality-based medication component for individuals
23	having chronic medical conditions.
24	13.12. The agency is authorized to contract for drug
25	rebate administration, including, but not limited to,
26	calculating rebate amounts, invoicing manufacturers,
27	negotiating disputes with manufacturers, and maintaining a
28	database of rebate collections.
29	14.13. The agency may specify the preferred daily
30	dosing form or strength for the purpose of promoting best
31	practices with regard to the prescribing of certain drugs as
	50

specified in the General Appropriations Act and ensuring 1 2 cost-effective prescribing practices. 3 15.14. The agency may require prior authorization for 4 the off-label use of Medicaid-covered prescribed drugs as specified in the General Appropriations Act. The agency may, 5 б but is not required to, preauthorize the use of a product for 7 an indication not in the approved labeling. Prior 8 authorization may require the prescribing professional to 9 provide information about the rationale and supporting medical evidence for the off-label use of a drug. 10 16.15. The agency shall implement a return and reuse 11 program for drugs dispensed by pharmacies to institutional 12 13 recipients, which includes payment of a \$5 restocking fee for 14 the implementation and operation of the program. The return and reuse program shall be implemented electronically and in a 15 manner that promotes efficiency. The program must permit a 16 pharmacy to exclude drugs from the program if it is not 17 18 practical or cost-effective for the drug to be included and 19 must provide for the return to inventory of drugs that cannot be credited or returned in a cost-effective manner. The agency 20 shall determine if the program has reduced the amount of 21 22 Medicaid prescription drugs which are destroyed on an annual 23 basis and if there are additional ways to ensure more 24 prescription drugs are not destroyed which could safely be reused. The agency's conclusion and recommendations shall be 25 reported to the Legislature by December 1, 2005. 26 (b) The agency shall implement this subsection to the 27 28 extent that funds are appropriated to administer the Medicaid 29 prescribed-drug spending-control program. The agency may contract all or any part of this program to private 30 31 organizations.

51

1	(c) The agency shall submit quarterly reports to the
2	Governor, the President of the Senate, and the Speaker of the
3	House of Representatives which must include, but need not be
4	limited to, the progress made in implementing this subsection
5	and its effect on Medicaid prescribed-drug expenditures.
6	(40) Notwithstanding the provisions of chapter 287,
7	the agency may, at its discretion, renew a contract or
8	contracts for fiscal intermediary services one or more times
9	for such periods as the agency may decide; however, all such
10	renewals may not combine to exceed a total period longer than
11	the term of the original contract.
12	(41) The agency shall provide for the development of a
13	demonstration project by establishment in Miami-Dade County of
14	a long-term-care facility licensed pursuant to chapter 395 to
15	improve access to health care for a predominantly minority,
16	medically underserved, and medically complex population and to
17	evaluate alternatives to nursing home care and general acute
18	care for such population. Such project is to be located in a
19	health care condominium and colocated with licensed facilities
20	providing a continuum of care. The establishment of this
21	project is not subject to the provisions of s. 408.036 or s.
22	408.039. The agency shall report its findings to the Governor,
23	the President of the Senate, and the Speaker of the House of
24	Representatives by January 1, 2003.
25	(42) The agency shall develop and implement a
26	utilization management program for Medicaid-eligible
27	recipients for the management of occupational, physical,
28	respiratory, and speech therapies. The agency shall establish
29	a utilization program that may require prior authorization in
30	order to ensure medically necessary and cost-effective
31	treatments. The program shall be operated in accordance with a

federally approved waiver program or state plan amendment. The 1 2 agency may seek a federal waiver or state plan amendment to implement this program. The agency may also competitively 3 procure these services from an outside vendor on a regional or 4 statewide basis. 5 (43) The agency may contract on a prepaid or fixed-sum б 7 basis with appropriately licensed prepaid dental health plans 8 to provide dental services. (44) The Agency for Health Care Administration shall 9 ensure that any Medicaid managed care plan as defined in s. 10 409.9122(2)(h), whether paid on a capitated basis or a shared 11 savings basis, is cost-effective. For purposes of this 12 13 subsection, the term "cost-effective" means that a network's 14 per-member, per-month costs to the state, including, but not limited to, fee-for-service costs, administrative costs, and 15 case-management fees, must be no greater than the state's 16 costs associated with contracts for Medicaid services 17 18 established under subsection (3), which shall be actuarially 19 adjusted for case mix, model, and service area. The agency shall conduct actuarially sound audits adjusted for case mix 20 and model in order to ensure such cost-effectiveness and shall 21 22 publish the audit results on its Internet website and submit 23 the audit results annually to the Governor, the President of 24 the Senate, and the Speaker of the House of Representatives no later than December 31 of each year. Contracts established 25 pursuant to this subsection which are not cost-effective may 26 not be renewed. 27 28 (45) Subject to the availability of funds, the agency

29 shall mandate a recipient's participation in a provider 30 lock-in program, when appropriate, if a recipient is found by 31 the agency to have used Medicaid goods or services at a

53

1	frequency or amount not medically necessary, limiting the
2	receipt of goods or services to medically necessary providers
3	after the 21-day appeal process has ended, for a period of not
4	less than 1 year. The lock-in programs shall include, but are
5	not limited to, pharmacies, medical doctors, and infusion
6	clinics. The limitation does not apply to emergency services
7	and care provided to the recipient in a hospital emergency
8	department. The agency shall seek any federal waivers
9	necessary to implement this subsection. The agency shall adopt
10	any rules necessary to comply with or administer this
11	subsection.
12	(46) The agency shall seek a federal waiver for
13	permission to terminate the eligibility of a Medicaid
14	recipient who has been found to have committed fraud, through
15	judicial or administrative determination, two times in a
16	period of 5 years.
17	(47) The agency shall conduct a study of available
18	electronic systems for the purpose of verifying the identity
19	and eligibility of a Medicaid recipient. The agency shall
20	recommend to the Legislature a plan to implement an electronic
21	verification system for Medicaid recipients by January 31,
22	2005.
23	(48) A provider is not entitled to enrollment in the
24	Medicaid provider network. The agency may implement a Medicaid
25	fee-for-service provider network controls, including, but not
26	limited to, competitive procurement and provider
27	credentialing. If a credentialing process is used, the agency
28	may limit its provider network based upon the following
29	considerations: beneficiary access to care, provider
30	availability, provider quality standards and quality assurance
31	processes, cultural competency, demographic characteristics of

beneficiaries, practice standards, service wait times, 1 2 provider turnover, provider licensure and accreditation history, program integrity history, peer review, Medicaid 3 policy and billing compliance records, clinical and medical 4 record audit findings, and such other areas that are 5 б considered necessary by the agency to ensure the integrity of 7 the program. 8 (49) The agency shall contract with established 9 minority physician networks that provide services to historically underserved minority patients. The networks must 10 provide cost-effective Medicaid services, comply with the 11 requirements to be a MediPass provider, and provide their 12 13 primary care physicians with access to data and other 14 management tools necessary to assist them in ensuring the appropriate use of services, including inpatient hospital 15 services and pharmaceuticals. 16 (a) The agency shall provide for the development and 17 18 expansion of minority physician networks in each service area to provide services to Medicaid recipients who are eligible to 19 participate under federal law and rules. 20 21 (b) The agency shall reimburse each minority physician 22 network as a fee-for-service provider, including the case 23 management fee for primary care, or as a capitated rate 24 provider for Medicaid services. Any savings shall be shared with the minority physician networks pursuant to the contract. 25 (c) For purposes of this subsection, the term 26 "cost-effective" means that a network's per-member, per-month 27 costs to the state, including, but not limited to, 28 29 fee-for-service costs, administrative costs, and case-management fees, must be no greater than the state's 30 costs associated with contracts for Medicaid services 31

55

established under subsection (3), which shall be actuarially 1 2 adjusted for case mix, model, and service area. The agency 3 shall conduct actuarially sound audits adjusted for case mix 4 and model in order to ensure such cost-effectiveness and shall publish the audit results on its Internet website and submit 5 the audit results annually to the Governor, the President of б 7 the Senate, and the Speaker of the House of Representatives no 8 later than December 31. Contracts established pursuant to this subsection which are not cost-effective may not be renewed. 9 10 (d) The agency may apply for any federal waivers needed to implement this subsection. 11 (50) To the extent permitted by federal law and as 12 13 allowed under s. 409.906, the agency shall provide 14 reimbursement for emergency mental health care services for Medicaid recipients in crisis-stabilization facilities 15 licensed under s. 394.875 as long as those services are less 16 17 expensive than the same services provided in a hospital 18 setting. 19 Section 2. Section 409.91211, Florida Statutes, is created to read: 20 409.91211 Medicaid managed care pilot program. --21 22 (1) The agency is authorized to seek experimental, 23 pilot, or demonstration project waivers, pursuant to s. 1115 24 of the Social Security Act, to create a more efficient and effective service delivery system that enhances quality of 25 care and client outcomes in the Florida Medicaid program 26 pursuant to this section in two geographic areas. One 27 28 demonstration site shall include only Broward County. A second 29 demonstration site shall initially include Duval County and shall be expanded to include Baker, Clay, and Nassau Counties 30 within 1 year after the Duval County program becomes 31

1	operational. This waiver authority is contingent upon federal
2	approval to preserve the upper-payment-limit funding mechanism
3	for hospitals, including a quarantee of a reasonable growth
4	factor, a methodology to allow the use of a portion of these
5	funds to serve as a risk pool for demonstration sites,
б	provisions to preserve the state's ability to use
7	intergovernmental transfers, and provisions to protect the
8	disproportionate share program authorized pursuant to this
9	chapter.
10	(2) The Legislature intends for the capitated managed
11	<u>care pilot program to:</u>
12	(a) Provide recipients in Medicaid fee-for-service or
13	the MediPass program a comprehensive and coordinated capitated
14	managed care system for all health care services specified in
15	<u>ss. 409.905 and 409.906.</u>
16	(b) Stabilize Medicaid expenditures under the pilot
17	program compared to Medicaid expenditures in the pilot area
18	for the 3 years before implementation of the pilot program,
19	while ensuring:
20	1. Consumer education and choice.
21	2. Access to medically necessary services.
22	3. Coordination of preventative, acute, and long-term
23	care.
24	4. Reductions in unnecessary service utilization.
25	(c) Provide an opportunity to evaluate the feasibility
26	of statewide implementation of capitated managed care networks
27	as a replacement for the current Medicaid fee-for-service and
28	MediPass systems.
29	(3) The agency shall have the following powers,
30	duties, and responsibilities with respect to the development
31	<u>of a pilot program:</u>

1	<u>(a) To develop and recommend a system to deliver all</u>
2	mandatory services specified in s. 409.905 and optional
3	services specified in s. 409.906, as approved by the Centers
4	for Medicare and Medicaid Services and the Legislature in the
5	waiver pursuant to this section. Services to recipients under
б	plan benefits shall include emergency services provided under
7	<u>s. 409.9128.</u>
8	(b) To recommend Medicaid-eligibility categories, from
9	those specified in ss. 409.903 and 409.904, which shall be
10	included in the pilot program.
11	(c) To determine and recommend how to design the
12	managed care pilot program in order to take maximum advantage
13	of all available state and federal funds, including those
14	obtained through intergovernmental transfers, the
15	upper-payment-level funding systems, and the disproportionate
16	share program.
17	(d) To determine and recommend actuarially sound,
18	risk-adjusted capitation rates for Medicaid recipients in the
19	pilot program which can be separated to cover comprehensive
20	care, enhanced services, and catastrophic care.
21	(e) To determine and recommend policies and quidelines
22	for phasing in financial risk for approved provider service
23	networks over a 3-year period. These shall include an option
24	to pay fee-for-service rates that may include a
25	savings-settlement option for at least 2 years. This model may
26	be converted to a risk-adjusted capitated rate in the third
27	year of operation. Federally qualified health centers may be
28	offered an opportunity to accept or decline a contract to
29	participate in any provider network for prepaid primary care
30	services.
31	

- 1	
1	(f) To determine and recommend provisions related to
2	stop-loss requirements and the transfer of excess cost to
3	catastrophic coverage that accommodates the risks associated
4	with the development of the pilot program.
5	(q) To determine and recommend a process to be used by
6	the Social Services Estimating Conference to determine and
7	validate the rate of growth of the per-member costs of
8	providing Medicaid services under the managed care pilot
9	program.
10	(h) To determine and recommend program standards and
11	credentialing requirements for capitated managed care networks
12	to participate in the pilot program, including those related
13	to fiscal solvency, quality of care, and adequacy of access to
14	health care providers. It is the intent of the Legislature
15	that, to the extent possible, any pilot program authorized by
16	the state under this section include any federally qualified
17	health center, federally qualified rural health clinic, county
18	health department, or other federally, state, or locally
19	funded entity that serves the geographic areas within the
20	boundaries of the pilot program that requests to participate.
21	This paragraph does not relieve an entity that qualifies as a
22	capitated managed care network under this section from any
23	other licensure or regulatory requirements contained in state
24	or federal law which would otherwise apply to the entity. The
25	standards and credentialing requirements shall be based upon,
26	but are not limited to:
27	1. Compliance with the accreditation requirements as
28	provided in s. 641.512.
29	2. Compliance with early and periodic screening,
30	diagnosis, and treatment screening requirements under federal
31	law.

1	3. The percentage of voluntary disenrollments.
2	4. Immunization rates.
3	5. Standards of the National Committee for Quality
4	Assurance and other approved accrediting bodies.
5	6. Recommendations of other authoritative bodies.
б	7. Specific requirements of the Medicaid program, or
7	standards designed to specifically meet the unique needs of
8	Medicaid recipients.
9	8. Compliance with the health quality improvement
10	system as established by the agency, which incorporates
11	standards and quidelines developed by the Centers for Medicare
12	and Medicaid Services as part of the quality assurance reform
13	initiative.
14	9. The network's infrastructure capacity to manage
15	financial transactions, recordkeeping, data collection, and
16	other administrative functions.
17	10. The network's ability to submit any financial,
18	programmatic, or patient-encounter data or other information
19	required by the agency to determine the actual services
20	provided and the cost of administering the plan.
21	(i) To develop and recommend a mechanism for providing
22	information to Medicaid recipients for the purpose of
23	selecting a capitated managed care plan. For each plan
24	available to a recipient, the agency, at a minimum shall
25	ensure that the recipient is provided with:
26	1. A list and description of the benefits provided.
27	2. Information about cost sharing.
28	3. Plan performance data, if available.
29	4. An explanation of benefit limitations.
30	
31	

1	5. Contact information, including identification of
1 2	providers participating in the network, geographic locations,
∠ 3	
	and transportation limitations.
4	6. Any other information the agency determines would
5	facilitate a recipient's understanding of the plan or
б	insurance that would best meet his or her needs.
7	<u>(j) To develop and recommend a system to ensure that</u>
8	there is a record of recipient acknowledgment that choice
9	counseling has been provided.
10	(k) To develop and recommend a choice counseling
11	system to ensure that the choice counseling process and
12	related material are designed to provide counseling through
13	face-to-face interaction, by telephone, and in writing and
14	through other forms of relevant media. Materials shall be
15	written at the fourth-grade reading level and available in a
16	language other than English when 5 percent of the county
17	speaks a language other than English. Choice counseling shall
18	also use language lines and other services for impaired
19	recipients, such as TTD/TTY.
20	(1) To develop and recommend a system that prohibits
21	capitated managed care plans, their representatives, and
22	providers employed by or contracted with the capitated managed
23	care plans from recruiting persons eligible for or enrolled in
24	Medicaid, from providing inducements to Medicaid recipients to
25	select a particular capitated managed care plan, and from
26	prejudicing Medicaid recipients against other capitated
27	managed care plans. The system shall require the entity
28	performing choice counseling to determine if the recipient has
29	made a choice of a plan or has opted out because of duress,
30	threats, payment to the recipient, or incentives promised to
31	the recipient by a third party. If the choice counseling
1	

1	entity determines that the decision to choose a plan was
2	unlawfully influenced or a plan violated any of the provisions
3	of s. 409.912(21), the choice counseling entity shall
4	immediately report the violation to the agency's program
5	integrity section for investigation. Verification of choice
б	counseling by the recipient shall include a stipulation that
7	the recipient acknowledges the provisions of this subsection.
8	(m) To develop and recommend a choice counseling
9	system that promotes health literacy and provides information
10	aimed to reduce minority health disparities through outreach
11	activities for Medicaid recipients.
12	(n) To develop and recommend a system for the agency
13	to contract with entities to perform choice counseling. The
14	agency may establish standards and performance contracts,
15	including standards requiring the contractor to hire choice
16	counselors who are representative of the state's diverse
17	population and to train choice counselors in working with
18	culturally diverse populations.
19	(o) To determine and recommend descriptions of the
20	eligibility assignment processes which will be used to
21	facilitate client choice while ensuring pilot programs of
22	adequate enrollment levels. These processes shall ensure that
23	pilot sites have sufficient levels of enrollment to conduct a
24	valid test of the managed care pilot program within a 2-year
25	timeframe.
26	(p) To develop and recommend a system to monitor the
27	provision of health care services in the pilot program,
28	including utilization and quality of health care services for
29	the purpose of ensuring access to medically necessary
30	services. This system shall include an encounter
31	data-information system that collects and reports utilization

information. The system shall include a method for verifying 1 2 data integrity within the database and within the provider's 3 medical records. (q) To recommend a grievance-resolution process for 4 Medicaid recipients enrolled in a capitated managed care 5 network under the pilot program modeled after the subscriber б 7 assistance panel, as created in s. 408.7056. This process 8 shall include a mechanism for an expedited review of no 9 greater than 24 hours after notification of a grievance if the life of a Medicaid recipient is in imminent and emergent 10 11 jeopardy. (r) To recommend a grievance-resolution process for 12 13 health care providers employed by or contracted with a capitated managed care network under the pilot program in 14 order to settle disputes among the provider and the managed 15 care network or the provider and the agency. 16 (s) To develop and recommend criteria to designate 17 18 health care providers as eligible to participate in the pilot 19 program. The agency and capitated managed care networks must follow national guidelines for selecting health care 20 providers, whenever available. These criteria must include at 21 22 a minimum those criteria specified in s. 409.907. 23 (t) To develop and recommend health care provider 24 agreements for participation in the pilot program. (u) To require that all health care providers under 25 contract with the pilot program be duly licensed in the state, 26 if such licensure is available, and meet other criteria as may 27 2.8 be established by the agency. These criteria shall include at 29 a minimum those criteria specified in s. 409.907. (v) To develop and recommend agreements with other 30 state or local governmental programs or institutions for the 31

63

1	
1	coordination of health care to eligible individuals receiving
2	services from such programs or institutions.
3	(w) To develop and recommend a system to oversee the
4	activities of pilot program participants, health care
5	providers, capitated managed care networks, and their
б	representatives in order to prevent fraud or abuse,
7	overutilization or duplicative utilization, underutilization
8	or inappropriate denial of services, and neglect of
9	participants and to recover overpayments as appropriate. For
10	the purposes of this paragraph, the terms "abuse" and "fraud"
11	have the meanings as provided in s. 409.913. The agency must
12	refer incidents of suspected fraud, abuse, overutilization and
13	duplicative utilization, and underutilization or inappropriate
14	denial of services to the appropriate requlatory agency.
15	(x) To develop and provide actuarial and benefit
16	design analyses that indicate the effect on capitation rates
17	and benefits offered in the pilot program over a prospective
18	5-year period based on the following assumptions:
19	1. Growth in capitation rates which is limited to the
20	estimated growth rate in general revenue.
21	2. Growth in capitation rates which is limited to the
22	average growth rate over the last 3 years in per-recipient
23	Medicaid expenditures.
24	3. Growth in capitation rates which is limited to the
25	growth rate of aggregate Medicaid expenditures between the
26	2003-2004 fiscal year and the 2004-2005 fiscal year.
27	(y) To develop a mechanism to require capitated
28	managed care plans to reimburse qualified emergency service
29	providers, including, but not limited to, ambulance services,
30	in accordance with ss. 409.908 and 409.9128. The pilot program
31	must include a provision for continuing fee-for-service

1	payments for emergency services, including but not limited to,
2	individuals who access ambulance services or emergency
3	departments and who are subsequently determined to be eligible
4	for Medicaid services.
5	(z) To develop a system whereby school districts
6	participating in the certified school match program pursuant
7	to ss. 409.908(21) and 1011.70 shall be reimbursed by
8	Medicaid, subject to the limitations of s. 1011.70(1), for a
9	Medicaid-eligible child participating in the services as
10	authorized in s. 1011.70, as provided for in s. 409.9071,
11	regardless of whether the child is enrolled in a capitated
12	managed care network. Capitated managed care networks must
13	make a good-faith effort to execute agreements with school
14	districts regarding the coordinated provision of services
15	authorized under s. 1011.70. County health departments
16	delivering school-based services pursuant to ss. 381.0056 and
17	381.0057 must be reimbursed by Medicaid for the federal share
18	for a Medicaid-eligible child who receives Medicaid-covered
19	services in a school setting, regardless of whether the child
20	is enrolled in a capitated managed care network. Capitated
21	managed care networks must make a good-faith effort to execute
22	agreements with county health departments regarding the
23	coordinated provision of services to a Medicaid-eligible
24	child. To ensure continuity of care for Medicaid patients, the
25	agency, the Department of Health, and the Department of
26	Education shall develop procedures for ensuring that a
27	student's capitated managed care network provider receives
28	information relating to services provided in accordance with
29	<u>ss. 381.0056, 381.0057, 409.9071, and 1011.70.</u>
30	(aa) To develop and recommend a mechanism whereby
31	Medicaid recipients who are already enrolled in a managed care

1	<u>plan or the MediPass program in the pilot areas shall be</u>
2	offered the opportunity to change to capitated managed care
3	plans on a staggered basis, as defined by the agency. All
4	Medicaid recipients shall have 30 days in which to make a
5	choice of capitated managed care plans. Those Medicaid
б	recipients who do not make a choice shall be assigned to a
7	capitated managed care plan in accordance with paragraph
8	(4)(a). To facilitate continuity of care for a Medicaid
9	recipient who is also a recipient of Supplemental Security
10	Income (SSI), prior to assigning the SSI recipient to a
11	capitated managed care plan, the agency shall determine
12	whether the SSI recipient has an ongoing relationship with a
13	provider or capitated managed care plan, and if so, the agency
14	shall assign the SSI recipient to that provider or capitated
15	managed care plan where feasible. Those SSI recipients who do
16	not have such a provider relationship shall be assigned to a
17	capitated managed care plan provider in accordance with
18	paragraph (4)(a).
19	(bb) To develop and recommend a service delivery
20	alternative for children having chronic medical conditions
21	which establishes a medical home project to provide primary
22	care services to this population. The project shall provide
23	community-based primary care services that are integrated with
24	other subspecialties to meet the medical, developmental, and
25	emotional needs for children and their families. This project
26	shall include an evaluation component to determine impacts on
27	hospitalizations, length of stays, emergency room visits,
28	costs, and access to care, including specialty care and
29	patient, and family satisfaction.
30	(cc) To develop and recommend service delivery
31	mechanisms within capitated managed care plans to provide

1	Medicaid services as specified in ss. 409.905 and 409.906 to
2	persons with developmental disabilities sufficient to meet the
3	medical, developmental, and emotional needs of these persons.
4	(dd) To develop and recommend service delivery
5	mechanisms within capitated managed care plans to provide
б	Medicaid services as specified in ss. 409.905 and 409.906 to
7	Medicaid-eligible children in foster care. These services must
8	be coordinated with community-based care providers as
9	specified in s. 409.1675, where available, and be sufficient
10	to meet the medical, developmental, and emotional needs of
11	these children.
12	(4)(a) A Medicaid recipient in the pilot area who is
13	not currently enrolled in a capitated managed care plan upon
14	implementation is not eligible for services as specified in
15	ss. 409.905 and 409.906, for the amount of time that the
16	recipient does not enroll in a capitated managed care network.
17	If a Medicaid recipient has not enrolled in a capitated
18	managed care plan within 30 days after eligibility, the agency
19	shall assign the Medicaid recipient to a capitated managed
20	care plan based on the assessed needs of the recipient as
21	determined by the agency. When making assignments, the agency
22	shall take into account the following criteria:
23	1. A capitated managed care network has sufficient
24	network capacity to meet the need of members.
25	2. The capitated managed care network has previously
26	enrolled the recipient as a member, or one of the capitated
27	managed care network's primary care providers has previously
28	provided health care to the recipient.
29	3. The agency has knowledge that the member has
30	previously expressed a preference for a particular capitated
31	

1	managed care network as indicated by Medicaid fee-for-service
2	<u>claims data, but has failed to make a choice.</u>
3	4. The capitated managed care network's primary care
4	providers are geographically accessible to the recipient's
5	residence.
б	(b) When more than one capitated managed care network
7	provider meets the criteria specified in paragraph (3)(h), the
8	agency shall make recipient assignments consecutively by
9	family unit.
10	(c) The agency may not engage in practices that are
11	designed to favor one capitated managed care plan over another
12	or that are designed to influence Medicaid recipients to
13	enroll in a particular capitated managed care network in order
14	to strengthen its particular fiscal viability.
15	(d) After a recipient has made a selection or has been
16	enrolled in a capitated managed care network, the recipient
17	shall have 90 days in which to voluntarily disenroll and
18	select another capitated managed care network. After 90 days,
19	no further changes may be made except for cause. Cause shall
20	include, but not be limited to, poor quality of care, lack of
21	access to necessary specialty services, an unreasonable delay
22	or denial of service, inordinate or inappropriate changes of
23	primary care providers, service access impairments due to
24	significant changes in the geographic location of services, or
25	fraudulent enrollment. The agency may require a recipient to
26	use the capitated managed care network's grievance process as
27	specified in paragraph (3)(g) prior to the agency's
28	determination of cause, except in cases in which immediate
29	risk of permanent damage to the recipient's health is alleged.
30	The grievance process, when used, must be completed in time to
31	permit the recipient to disenroll no later than the first day

1	of the second month after the month the disenrollment request
2	was made. If the capitated managed care network, as a result
3	of the grievance process, approves an enrollee's request to
4	disenroll, the agency is not required to make a determination
5	in the case. The agency must make a determination and take
6	final action on a recipient's request so that disenrollment
7	occurs no later than the first day of the second month after
8	the month the request was made. If the agency fails to act
9	within the specified timeframe, the recipient's request to
10	disenroll is deemed to be approved as of the date agency
11	action was required. Recipients who disagree with the agency's
12	finding that cause does not exist for disenrollment shall be
13	advised of their right to pursue a Medicaid fair hearing to
14	dispute the agency's finding.
15	(e) The agency shall apply for federal waivers from
16	the Centers for Medicare and Medicaid Services to lock
17	eligible Medicaid recipients into a capitated managed care
18	network for 12 months after an open enrollment period. After
19	12 months of enrollment, a recipient may select another
20	capitated managed care network. However, nothing shall prevent
21	a Medicaid recipient from changing primary care providers
22	within the capitated managed care network during the 12-month
23	period.
24	(f) The agency shall apply for federal waivers from
25	the Centers for Medicare and Medicaid Services to allow
26	recipients to purchase health care coverage through an
27	employer-sponsored health insurance plan instead of through a
28	Medicaid-certified plan. This provision shall be known as the
29	opt-out option.
30	1. A recipient who chooses the Medicaid opt-out option
31	shall have an opportunity for a specified period of time, as

1	authorized under a waiver granted by the Centers for Medicare
2	and Medicaid Services, to select and enroll in a
3	Medicaid-certified plan. If the recipient remains in the
4	employer-sponsored plan after the specified period, the
5	recipient shall remain in the opt-out program for at least 1
б	year or until the recipient no longer has access to
7	employer-sponsored coverage, until the employer's open
8	enrollment period for a person who opts out in order to
9	participate in employer-sponsored coverage, or until the
10	person is no longer eligible for Medicaid, whichever time
11	period is shorter.
12	2. Notwithstanding any other provision of this
13	section, coverage, cost sharing, and any other component of
14	employer-sponsored health insurance shall be governed by
15	applicable state and federal laws.
16	(5) This section does not authorize the agency to
17	implement any provision of s. 1115 of the Social Security Act
18	experimental, pilot, or demonstration project waiver to reform
19	the state Medicaid program in any part of the state other than
20	the two geographic areas specified in this section unless
21	approved by the Legislature.
22	(6) The agency shall develop and submit for approval
23	applications for waivers of applicable federal laws and
24	regulations as necessary to implement the managed care pilot
25	project as defined in this section. The agency shall post all
26	waiver applications under this section on its Internet website
27	30 days before submitting the applications to the United
28	States Centers for Medicare and Medicaid Services. All waiver
29	applications shall be provided for review and comment to the
30	appropriate committees of the Senate and House of
31	Representatives for at least 10 working days prior to

submission. All waivers submitted to and approved by the 1 2 United States Centers for Medicare and Medicaid Services under this section must be approved by the Legislature. Federally 3 approved waivers must be submitted to the President of the 4 Senate and the Speaker of the House of Representatives for 5 referral to the appropriate legislative committees. The б 7 appropriate committees shall recommend whether to approve the 8 implementation of any waivers to the Legislature as a whole. 9 The agency shall submit a plan containing a recommended timeline for implementation of any waivers and budgetary 10 projections of the effect of the pilot program under this 11 section on the total Medicaid budget for the 2006-2007 through 12 13 2009-2010 state fiscal years. This implementation plan shall be submitted to the President of the Senate and the Speaker of 14 the House of Representatives at the same time any waivers are 15 submitted for consideration by the Legislature. 16 17 (7) Upon review and approval of the applications for 18 waivers of applicable federal laws and regulations to 19 implement the managed care pilot program by the Legislature, the agency may initiate adoption of rules pursuant to ss. 20 120.536(1) and 120.54 to implement and administer the managed 21 22 care pilot program as provided in this section. 23 Section 3. The Office of Program Policy Analysis and 24 Government Accountability, in consultation with the Auditor General, shall comprehensively evaluate the two managed care 25 pilot programs created under section 409.91211, Florida 26 Statutes. The evaluation shall begin with the implementation 27 28 of the managed care model in the pilot areas and continue for 29 24 months after the two pilot programs have enrolled Medicaid recipients and started providing health care services. The 30 evaluation must include assessments of cost savings; consumer 31

71

1 education, choice, and access to services; coordination of	
2 <u>care; and quality of care by each eligibility category and</u>	
3 <u>managed care plan in each pilot site. The evaluation must</u>	
4 describe administrative or legal barriers to the	
5 <u>implementation and operation of each pilot program and includ</u>	<u>.e</u>
6 recommendations regarding statewide expansion of the managed	
7 <u>care pilot programs. The office shall submit an evaluation</u>	
8 report to the Governor, the President of the Senate, and the	
9 Speaker of the House of Representatives no later than June 30	
10 2008. The managed care pilot program may not be expanded to	
11 any additional counties that are not identified in this	
12 section without the authorization of the Legislature.	
13 Section 4. Paragraphs (a) and (j) of subsection (2) o	f
14 section 409.9122, Florida Statutes, are amended to read:	
15 409.9122 Mandatory Medicaid managed care enrollment;	
16 programs and procedures	
17 (2)(a) The agency shall enroll in a managed care plan	L
18 or MediPass all Medicaid recipients, except those Medicaid	
19 recipients who are: in an institution; enrolled in the	
20 Medicaid medically needy program; or eligible for both	
21 Medicaid and Medicare. Upon enrollment, individuals will be	
22 able to change their managed care option during the 90-day op	t
23 out period required by federal Medicaid regulations. The	
24 agency is authorized to seek the necessary Medicaid state pla	n
amendment to implement this policy. However, to the extent	
26 permitted by federal law, the agency may enroll in a managed	
27 care plan or MediPass a Medicaid recipient who is exempt from	ι
28 mandatory managed care enrollment, provided that:	
29 1. The recipient's decision to enroll in a managed	
30 care plan or MediPass is voluntary;	
31	

. 1	
1	2. If the recipient chooses to enroll in a managed
2	care plan, the agency has determined that the managed care
3	plan provides specific programs and services which address the
4	special health needs of the recipient; and
5	3. The agency receives any necessary waivers from the
6	federal <u>Centers for Medicare and Medicaid Services</u> <del>Health Care</del>
7	Financing Administration.
8	
9	The agency shall develop rules to establish policies by which
10	exceptions to the mandatory managed care enrollment
11	requirement may be made on a case-by-case basis. The rules
12	shall include the specific criteria to be applied when making
13	a determination as to whether to exempt a recipient from
14	mandatory enrollment in a managed care plan or MediPass.
15	School districts participating in the certified school match
16	program pursuant to ss. 409.908(21) and 1011.70 shall be
17	reimbursed by Medicaid, subject to the limitations of s.
18	1011.70(1), for a Medicaid-eligible child participating in the
19	services as authorized in s. 1011.70, as provided for in s.
20	409.9071, regardless of whether the child is enrolled in
21	MediPass or a managed care plan. Managed care plans shall make
22	a good faith effort to execute agreements with school
23	districts regarding the coordinated provision of services
24	authorized under s. 1011.70. County health departments
25	delivering school-based services pursuant to ss. 381.0056 and
26	381.0057 shall be reimbursed by Medicaid for the federal share
27	for a Medicaid-eligible child who receives Medicaid-covered
28	services in a school setting, regardless of whether the child
29	is enrolled in MediPass or a managed care plan. Managed care
30	plans shall make a good faith effort to execute agreements
31	with county health departments regarding the coordinated

provision of services to a Medicaid-eligible child. To ensure 1 2 continuity of care for Medicaid patients, the agency, the Department of Health, and the Department of Education shall 3 develop procedures for ensuring that a student's managed care 4 plan or MediPass provider receives information relating to 5 services provided in accordance with ss. 381.0056, 381.0057, б 7 409.9071, and 1011.70. 8 (j) The agency shall apply for a federal waiver from 9 the <u>Centers for Medicare and Medicaid Services</u> Health Care Financing Administration to lock eligible Medicaid recipients 10 into a managed care plan or MediPass for 12 months after an 11 open enrollment period. After 12 months' enrollment, a 12 13 recipient may select another managed care plan or MediPass 14 provider. However, nothing shall prevent a Medicaid recipient from changing primary care providers within the managed care 15 plan or MediPass program during the 12-month period. 16 Section 5. Subsection (2) of section 409.913, Florida 17 18 Statutes, is amended, and subsection (36) is added to that 19 section, to read: 409.913 Oversight of the integrity of the Medicaid 20 program. -- The agency shall operate a program to oversee the 21 22 activities of Florida Medicaid recipients, and providers and 23 their representatives, to ensure that fraudulent and abusive 24 behavior and neglect of recipients occur to the minimum extent possible, and to recover overpayments and impose sanctions as 25 appropriate. Beginning January 1, 2003, and each year 26 thereafter, the agency and the Medicaid Fraud Control Unit of 27 28 the Department of Legal Affairs shall submit a joint report to 29 the Legislature documenting the effectiveness of the state's efforts to control Medicaid fraud and abuse and to recover 30 31 Medicaid overpayments during the previous fiscal year. The

74

report must describe the number of cases opened and 1 2 investigated each year; the sources of the cases opened; the 3 disposition of the cases closed each year; the amount of overpayments alleged in preliminary and final audit letters; 4 the number and amount of fines or penalties imposed; any 5 reductions in overpayment amounts negotiated in settlement б 7 agreements or by other means; the amount of final agency 8 determinations of overpayments; the amount deducted from 9 federal claiming as a result of overpayments; the amount of overpayments recovered each year; the amount of cost of 10 investigation recovered each year; the average length of time 11 to collect from the time the case was opened until the 12 13 overpayment is paid in full; the amount determined as 14 uncollectible and the portion of the uncollectible amount subsequently reclaimed from the Federal Government; the number 15 of providers, by type, that are terminated from participation 16 in the Medicaid program as a result of fraud and abuse; and 17 18 all costs associated with discovering and prosecuting cases of Medicaid overpayments and making recoveries in such cases. The 19 report must also document actions taken to prevent 20 overpayments and the number of providers prevented from 21 22 enrolling in or reenrolling in the Medicaid program as a 23 result of documented Medicaid fraud and abuse and must 24 recommend changes necessary to prevent or recover overpayments. 25 (2) The agency shall conduct, or cause to be conducted 26 by contract or otherwise, reviews, investigations, analyses, 27 28 audits, or any combination thereof, to determine possible 29 fraud, abuse, overpayment, or recipient neglect in the Medicaid program and shall report the findings of any 30 31

75

1	overpayments in audit reports as appropriate. <u>At least 5</u>
2	percent of all audits shall be conducted on a random basis.
3	(36) The agency shall provide to each Medicaid
4	recipient or his or her representative an explanation of
5	benefits in the form of a letter that is mailed to the most
6	recent address of the recipient on the record with the
7	Department of Children and Family Services. The explanation of
8	benefits must include the patient's name, the name of the
9	health care provider and the address of the location where the
10	service was provided, a description of all services billed to
11	Medicaid in terminology that should be understood by a
12	reasonable person, and information on how to report
13	inappropriate or incorrect billing to the agency or other law
14	enforcement entities for review or investigation.
15	Section 6. The Agency for Health Care Administration
16	shall submit to the Legislature by December 15, 2005, a report
17	on the legal and administrative barriers to enforcing section
18	409.9081, Florida Statutes. The report must describe how many
19	services require copayments, which providers collect
20	copayments, and the total amount of copayments collected from
21	recipients for all services required under section 409.9081,
22	Florida Statutes, by provider type for the 2001-2002 through
23	2004-2005 fiscal years. The agency shall recommend a mechanism
24	to enforce the requirement for Medicaid recipients to make
25	copayments which does not shift the copayment amount to the
26	provider. The agency shall also identify the federal or state
27	laws or regulations that permit Medicaid recipients to declare
28	impoverishment in order to avoid paying the copayment and
29	extent to which these statements of impoverishment are
30	verified. If claims of impoverishment are not currently
31	verified, the agency shall recommend a system for such

verification. The report must also identify any other 1 2 cost-sharing measures that could be imposed on Medicaid 3 recipients. 4 Section 7. The Agency for Health Care Administration shall submit to the Legislature by January 15, 2006, 5 б recommendations to ensure that Medicaid is the payer of last 7 resort as required by section 409.910, Florida Statutes. The 8 report must identify the public and private entities that are 9 liable for primary payment of health care services and recommend methods to improve enforcement of third-party 10 liability responsibility and repayment of benefits to the 11 state Medicaid program. The report must estimate the potential 12 13 recoveries that may be achieved through third-party liability 14 efforts if administrative and legal barriers are removed. The report must recommend whether modifications to the agency's 15 contingency-fee contract for third-party liability could 16 enhance third-party liability for benefits provided to 17 18 Medicaid recipients. 19 Section 8. By January 15, 2006, the Office of Program Policy Analysis and Government Accountability shall submit to 20 the Legislature a study of the long-term care community 21 22 diversion pilot project authorized under sections 23 430.701-430.709, Florida Statutes. The study may be conducted 24 by staff of the Office of Program Policy Analysis and Government Accountability or by a consultant obtained through 25 a competitive bid pursuant to the provisions of chapter 287, 26 Florida Statutes. The study must use a statistically-valid 27 28 methodology to assess the percent of persons served in the 29 project over a 2-year period who would have required Medicaid nursing home services without the diversion services, which 30 services are most frequently used, and which services are 31

1	least frequently used. The study must determine whether the
2	project is cost-effective or is an expansion of the Medicaid
3	program because a preponderance of the project enrollees would
4	not have required Medicaid nursing home services within a
5	2-year period regardless of the availability of the project or
б	that the enrollees could have been safely served through
7	another Medicaid program at a lower cost to the state.
8	Section 9. The Agency for Health Care Administration
9	shall identify how many individuals in the long-term care
10	diversion programs who receive care at home have a
11	patient-responsibility payment associated with their
12	participation in the diversion program. If no system is
13	available to assess this information, the agency shall
14	determine the cost of creating a system to identify and
15	collect these payments and whether the cost of developing a
16	system for this purpose is offset by the amount of
17	patient-responsibility payments which could be collected with
18	the system. The agency shall report this information to the
19	Legislature by December 1, 2005.
20	Section 10. The Office of Program Policy Analysis and
21	Government Accountability shall conduct a study of state
22	programs that allow non-Medicaid eligible persons under a
23	certain income level to buy into the Medicaid program as if it
24	was private insurance. The study shall examine Medicaid buy-in
25	programs in other states to determine if there are any models
26	that can be implemented in Florida which would provide access
27	to uninsured Floridians and what effect this program would
28	have on Medicaid expenditures based on the experience of
29	similar states. The study must also examine whether the
30	Medically Needy program could be redesigned to be a Medicaid
31	

78

1	buy-in program. The study must be submitted to the Legislature
2	<u>by January 1, 2006.</u>
3	Section 11. The Office of Program Policy Analysis and
4	Government Accountability, in consultation with the Office of
5	Attorney General, Medicaid Fraud Control Unit and the Auditor
6	General, shall conduct a study to examine issues related to
7	the amount of state and federal dollars lost due to fraud and
8	abuse in the Medicaid prescription drug program. The study
9	shall focus on examining whether pharmaceutical manufacturers
10	and their affiliates and wholesale pharmaceutical
11	manufacturers and their affiliates that participate in the
12	Medicaid program in this state, with respect to rebates for
13	prescription drugs, are inflating the average wholesale price
14	that is used in determining how much the state pays for
15	prescription drugs for Medicaid recipients. The study shall
16	also focus on examining whether the manufacturers and their
17	affiliates are committing other deceptive pricing practices
18	with regard to federal and state rebates for prescription
19	drugs in the Medicaid program in this state. The study,
20	including findings and recommendations, shall be submitted to
21	the Governor, the President of the Senate, the Speaker of the
22	House of Representatives, the Minority Leader of the Senate,
23	and the Minority Leader of the House of Representatives by
24	January 1, 2006.
25	Section 12. The sums of \$7,129,241 in recurring
26	<u>General Revenue Funds, \$9,076,875 in nonrecurring General</u>
27	Revenue Funds, \$8,608,242 in recurring funds from the
28	Administrative Trust Fund, and \$9,076,874 in nonrecurring
29	funds from the Administrative Trust Fund are appropriated and
30	11 full time equivalent positions are authorized for the
31	purpose of implementing this act.

1	Section 13. The amendments made to section 393.0661,
2	Florida Statutes, by the Conference Committee Report on
3	<u>Committee Substitute for Committee Substitute for Senate Bill</u>
4	404 are repealed.
5	Section 14. The amendments made to section 409.907,
6	Florida Statutes, by the Conference Committee Report on
7	<u>Committee Substitute for Committee Substitute for Senate Bill</u>
8	404 are repealed.
9	Section 15. The amendments made to the introductory
10	provision only of section 409.908, Florida Statutes, by the
11	Conference Committee Report on Committee Substitute for
12	Committee Substitute for Senate Bill 404 are repealed.
13	Section 16. <u>Section 409.9082, Florida Statutes, as</u>
14	created by the Conference Committee Report on Committee
15	Substitute for Committee Substitute for Senate Bill 404, is
16	repealed.
17	Section 17. <u>Section 23 of the Conference Committee</u>
18	Report on Committee Substitute for Committee Substitute for
19	<u>Senate Bill 404 is repealed.</u>
20	Section 18. Subsection (2) of section 409.9124,
21	Florida Statutes, as amended by section 18 of the Conference
22	Committee Report on Committee Substitute for Committee
23	Substitute for Senate Bill 404 is amended, and subsection (6)
24	is added to that section, to read:
25	409.9124 Managed care reimbursement
26	(2) Each year prior to establishing new managed care
27	rates, the agency shall review all prior year adjustments for
28	changes in trend, and shall reduce or eliminate those
29	adjustments which are not reasonable and which reflect
30	policies or programs which are not in effect. In addition, the
31	agency shall apply only those policy reductions applicable to

the fiscal year for which the rates are being set, which can 1 2 be accurately estimated and verified by an independent actuary, and which have been implemented prior to or will be 3 implemented during the fiscal year. The agency shall pay rates 4 at per-member, per-month averages that equal, but do not 5  $exceed_{\tau}$  the amounts allowed for in the General Appropriations б 7 Act applicable to the fiscal year for which the rates will be 8 in effect. 9 (6) For the 2005-2006 fiscal year only, the agency shall make an additional adjustment in calculating the 10 capitation payments to prepaid health plans, excluding prepaid 11 mental health plans. This adjustment must result in an 12 13 increase of 2.8 percent in the average per-member, per-month 14 rate paid to prepaid health plans, excluding prepaid mental health plans, which are funded from Specific Appropriations 15 225 and 226 in the 2005-2006 General Appropriations Act. 16 Section 19. The Senate Select Committee on Medicaid 17 18 Reform shall study how provider rates are established and modified, how provider agreements and administrative 19 rulemaking effect those rates, the discretion allowed by 20 federal law for the setting of rates by the state, and the 21 22 impact of litigation on provider rates. The committee shall 23 issue a report containing recommendations by March 1, 2006, to 24 the Governor, the President of the Senate, and the Speaker of 25 the House of Representatives. Section 20. Section 409.9062, Florida Statutes, is 26 amended to read: 27 28 409.9062 Lung transplant services for Medicaid 29 recipients. -- Subject to the availability of funds and subject 30 to any limitations or directions provided for in the General 31 Appropriations Act or chapter 216, the Agency for Health Care

81

1	Administration Medicaid program shall pay for medically
2	necessary lung transplant services for Medicaid recipients.
3	These payments must be used to reimburse approved lung
4	transplant facilities a global fee for providing lung
5	transplant services to Medicaid recipients.
6	Section 21. The sums of \$401,098 from the General
7	Revenue Fund and \$593,058 from the Medical Care Trust Fund are
, 8	appropriated to the Agency for Health Care Administration for
9	the purpose of implementing section 20 during the 2005-2006
10	fiscal year.
11	Section 22. This act shall take effect July 1, 2005.
