5 Section 4. Paragraph (b) of subsection (4) of section  
6 409.912, Florida Statutes, is amended to read:

7 409.912 Cost-effective purchasing of health care.--The  
8 agency shall purchase goods and services for Medicaid recipients  
9 in the most cost-effective manner consistent with the delivery  
10 of quality medical care. To ensure that medical services are  
11 effectively utilized, the agency may, in any case, require a  
12 confirmation or second physician's opinion of the correct  
13 diagnosis for purposes of authorizing future services under the  
14 Medicaid program. This section does not restrict access to  
15 emergency services or poststabilization care services as defined

16 in 42 C.F.R. part 438.114. Such confirmation or second opinion  
17 shall be rendered in a manner approved by the agency. The agency  
18 shall maximize the use of prepaid per capita and prepaid  
19 aggregate fixed-sum basis services when appropriate and other  
20 alternative service delivery and reimbursement methodologies,  
21 including competitive bidding pursuant to s. 287.057, designed  
22 to facilitate the cost-effective purchase of a case-managed  
23 continuum of care. The agency shall also require providers to  
24 minimize the exposure of recipients to the need for acute  
25 inpatient, custodial, and other institutional care and the  
26 inappropriate or unnecessary use of high-cost services. The  
27 agency may mandate prior authorization, drug therapy management,  
28 or disease management participation for certain populations of  
29 Medicaid beneficiaries, certain drug classes, or particular  
30 drugs to prevent fraud, abuse, overuse, and possible dangerous  
31 drug interactions. The Pharmaceutical and Therapeutics Committee  
32 shall make recommendations to the agency on drugs for which  
33 prior authorization is required. The agency shall inform the  
34 Pharmaceutical and Therapeutics Committee of its decisions  
35 regarding drugs subject to prior authorization. The agency is  
36 authorized to limit the entities it contracts with or enrolls as  
37 Medicaid providers by developing a provider network through  
38 provider credentialing. The agency may limit its network based  
39 on the assessment of beneficiary access to care, provider  
40 availability, provider quality standards, time and distance  
41 standards for access to care, the cultural competence of the  
42 provider network, demographic characteristics of Medicaid

43 beneficiaries, practice and provider-to-beneficiary standards,  
44 appointment wait times, beneficiary use of services, provider  
45 turnover, provider profiling, provider licensure history,  
46 previous program integrity investigations and findings, peer  
47 review, provider Medicaid policy and billing compliance records,  
48 clinical and medical record audits, and other factors. Providers  
49 shall not be entitled to enrollment in the Medicaid provider  
50 network. The agency is authorized to seek federal waivers  
51 necessary to implement this policy.

52 (4) The agency may contract with:

53 (b) An entity that is providing comprehensive behavioral  
54 health care services to certain Medicaid recipients through a  
55 capitated, prepaid arrangement pursuant to the federal waiver  
56 provided for by s. 409.905(5). Such an entity must be licensed  
57 under chapter 624, chapter 636, or chapter 641 and must possess  
58 the clinical systems and operational competence to manage risk  
59 and provide comprehensive behavioral health care to Medicaid  
60 recipients. As used in this paragraph, the term "comprehensive  
61 behavioral health care services" means covered mental health and  
62 substance abuse treatment services that are available to  
63 Medicaid recipients. The secretary of the Department of Children  
64 and Family Services shall approve provisions of procurements  
65 related to children in the department's care or custody prior to  
66 enrolling such children in a prepaid behavioral health plan. Any  
67 contract awarded under this paragraph must be competitively  
68 procured. In developing the behavioral health care prepaid plan  
69 procurement document, the agency shall ensure that the

70 procurement document requires the contractor to develop and  
71 implement a plan to ensure compliance with s. 394.4574 related  
72 to services provided to residents of licensed assisted living  
73 facilities that hold a limited mental health license. Except as  
74 provided in subparagraph 8., the agency shall seek federal  
75 approval to contract with a single entity meeting these  
76 requirements to provide comprehensive behavioral health care  
77 services to all Medicaid recipients not enrolled in a managed  
78 care plan in an AHCA area. Each entity must offer sufficient  
79 choice of providers in its network to ensure recipient access to  
80 care and the opportunity to select a provider with whom they are  
81 satisfied. The network shall include all public mental health  
82 hospitals. To ensure unimpaired access to behavioral health care  
83 services by Medicaid recipients, all contracts issued pursuant  
84 to this paragraph shall require 80 percent of the capitation  
85 paid to the managed care plan, including health maintenance  
86 organizations, to be expended for the provision of behavioral  
87 health care services. In the event the managed care plan expends  
88 less than 80 percent of the capitation paid pursuant to this  
89 paragraph for the provision of behavioral health care services,  
90 the difference shall be returned to the agency. The agency shall  
91 provide the managed care plan with a certification letter  
92 indicating the amount of capitation paid during each calendar  
93 year for the provision of behavioral health care services  
94 pursuant to this section. The agency may reimburse for substance  
95 abuse treatment services on a fee-for-service basis until the

96 agency finds that adequate funds are available for capitated,  
97 prepaid arrangements.

98 1. By January 1, 2001, the agency shall modify the  
99 contracts with the entities providing comprehensive inpatient  
100 and outpatient mental health care services to Medicaid  
101 recipients in Hillsborough, Highlands, Hardee, Manatee, and Polk  
102 Counties, to include substance abuse treatment services.  
103

104 2. By July 1, 2003, the agency and the Department of  
105 Children and Family Services shall execute a written agreement  
106 that requires collaboration and joint development of all policy,  
107 budgets, procurement documents, contracts, and monitoring plans  
108 that have an impact on the state and Medicaid community mental  
109 health and targeted case management programs.

110 3. Except as provided in subparagraph 8., by July 1, 2006,  
111 the agency and the Department of Children and Family Services  
112 shall contract with managed care entities in each AHCA area  
113 except area 6 or arrange to provide comprehensive inpatient and  
114 outpatient mental health and substance abuse services through  
115 capitated prepaid arrangements to all Medicaid recipients who  
116 are eligible to participate in such plans under federal law and  
117 regulation. In AHCA areas where eligible individuals number less  
118 than 150,000, the agency shall contract with a single managed  
119 care plan to provide comprehensive behavioral health services to  
120 all recipients who are not enrolled in a Medicaid health  
121 maintenance organization. The agency may contract with more than  
122 one comprehensive behavioral health provider to provide care to

123 recipients who are not enrolled in a Medicaid health maintenance  
124 organization in AHCA areas where the eligible population exceeds  
125 150,000. Contracts for comprehensive behavioral health providers  
126 awarded pursuant to this section shall be competitively  
127 procured. Both for-profit and not-for-profit corporations shall  
128 be eligible to compete. Managed care plans contracting with the  
129 agency under subsection (3) shall provide and receive payment  
130 for the same comprehensive behavioral health benefits as  
131 provided in AHCA rules, including handbooks incorporated by  
132 reference. Existing provider service networks shall be permitted  
133 to continue their programs for a period of no less than 3 years  
134 and shall include mental health care and substance abuse  
135 programs as part of the services offered by the network.  
136 Notwithstanding any other provision of this section, county  
137 governments may participate as provider service networks.

138 4. By October 1, 2003, the agency and the department shall  
139 submit a plan to the Governor, the President of the Senate, and  
140 the Speaker of the House of Representatives which provides for  
141 the full implementation of capitated prepaid behavioral health  
142 care in all areas of the state.

143 a. Implementation shall begin in 2003 in those AHCA areas  
144 of the state where the agency is able to establish sufficient  
145 capitation rates.

146 b. If the agency determines that the proposed capitation  
147 rate in any area is insufficient to provide appropriate  
148 services, the agency may adjust the capitation rate to ensure  
149 that care will be available. The agency and the department may

150 use existing general revenue to address any additional required  
151 match but may not over-obligate existing funds on an annualized  
152 basis.

153 c. Subject to any limitations provided for in the General  
154 Appropriations Act, the agency, in compliance with appropriate  
155 federal authorization, shall develop policies and procedures  
156 that allow for certification of local and state funds.

157 5. Children residing in a statewide inpatient psychiatric  
158 program, or in a Department of Juvenile Justice or a Department  
159 of Children and Family Services residential program approved as  
160 a Medicaid behavioral health overlay services provider shall not  
161 be included in a behavioral health care prepaid health plan or  
162 any other Medicaid managed care plan pursuant to this paragraph.

163 6. In converting to a prepaid system of delivery, the  
164 agency shall in its procurement document require an entity  
165 providing only comprehensive behavioral health care services to  
166 prevent the displacement of indigent care patients by enrollees  
167 in the Medicaid prepaid health plan providing behavioral health  
168 care services from facilities receiving state funding to provide  
169 indigent behavioral health care, to facilities licensed under  
170 chapter 395 which do not receive state funding for indigent  
171 behavioral health care, or reimburse the unsubsidized facility  
172 for the cost of behavioral health care provided to the displaced  
173 indigent care patient.

174 7. Traditional community mental health providers under  
175 contract with the Department of Children and Family Services  
176 pursuant to part IV of chapter 394, child welfare providers

Amendment No. (for drafter's use only)

177 under contract with the Department of Children and Family  
178 Services in areas 1 and 6, and inpatient mental health providers  
179 licensed pursuant to chapter 395 must be offered an opportunity  
180 to accept or decline a contract to participate in any provider  
181 network for prepaid behavioral health services.

182 8. For fiscal year 2004-2005, all Medicaid eligible  
183 children, except children in areas 1 and 6, whose cases are open  
184 for child welfare services in the HomeSafeNet system, shall be  
185 enrolled in MediPass or in Medicaid fee-for-service and all  
186 their behavioral health care services including inpatient,  
187 outpatient psychiatric, community mental health, and case  
188 management shall be reimbursed on a fee-for-service basis.  
189 Beginning July 1, 2005, such children, who are open for child  
190 welfare services in the HomeSafeNet system, shall receive their  
191 behavioral health care services through a specialty prepaid plan  
192 operated by community-based lead agencies either through a  
193 single agency or formal agreements among several agencies. The  
194 specialty prepaid plan must result in savings to the state  
195 comparable to savings achieved in other Medicaid managed care  
196 and prepaid programs. Such plan must provide mechanisms to  
197 maximize state and local revenues. The specialty prepaid plan  
198 shall be developed by the agency and the Department of Children  
199 and Family Services. The agency is authorized to seek any  
200 federal waivers to implement this initiative.
