FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

The bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Section 322.081, F.S., provides a procedure an organization must follow prior to seeking Legislative authorization to establish a voluntary check-off on a driver's license application. Before the organization is eligible, it must submit to DHSMV at least 90 days before the convening of the Regular Session of the Legislature:

- A request for the particular voluntary contribution being sought, describing it in general terms;
- An application fee of up to \$10,000 to defray DHSMV's costs for reviewing the application and developing the check-off, if authorized; and
- A short and long-term marketing strategy and a financial analysis outlining the anticipated revenues and the planned expenditures of the revenues to be derived from the voluntary contributions.

DHSMV must discontinue the check-off if less than \$25,000 has been contributed by the end of the fifth year, or if less than \$25,000 is contributed during any subsequent five-year period.

Currently, the driver's license application form contains five voluntary contribution check-offs. They include:

- A voluntary contribution of \$5 per applicant, which is transferred into the Election Campaign Financing Trust Fund.
- A voluntary contribution of \$1 per applicant, which is deposited into the Florida Organ and Tissue Donor Education and Procurement Trust Fund for organ and tissue donor education, and for maintaining the organ and tissue donor registry.
- A voluntary contribution of \$1 per applicant, which is distributed to the Florida Council of the Blind.
- A voluntary contribution of \$2 per applicant, which is distributed to the Hearing Research Institute, Incorporated.
- A voluntary contribution of \$1 per applicant, which is distributed to the Juvenile Diabetes Foundation International.

HB 993 requires the DHSMV to include a check-off for a voluntary \$1.00 contribution to the Children's Hearing Help Fund (administered by the Sertoma Speech and Hearing Foundation of Florida, Inc.) on each driver's license application form. The organization has completed the statutory requirements authorizing it to seek Legislative enactment of the voluntary contribution check-off.

According to the Sertoma Speech and Hearing Foundation, its mission is to, "provide quality development and rehabilitative services, products, and education (primarily to children) throughout Florida, in a caring and compassionate environment, never limited by ability to pay."

The required \$10,000 fee provided by the Sertoma Speech and Hearing Foundation of Florida, Inc, will defray DHSMV's programming costs associated with the development of the driver's license application voluntary check-off. The amount of contributions that may be collected for this organization is unknown.
