

Amendment No. (for drafter's use only)

CHAMBER ACTION

Senate

House

.

Representative(s) A. Gibson offered the following:

Amendment (with directory and title amendments)

Between line(s) 930 and 931, insert:

(ii) Implement a plan to establish up to four small or specialty provider service networks in the pilot area. The agency shall establish criteria and set standards for these provider service networks and under certain conditions shall be authorized to provide start up funding, technical assistance for the development and start up of grassroots organizations that seek to become a provider service networks, a guarantee of state solvency, access to risk adjusted rates that will create some reasonable expectation that these entities would be able to become risk bearing plans in a timely matter. The small or specialty provider service networks shall be approved for the

Amendment No. (for drafter's use only)

16 purposes of creating choice and network options for adversely
17 affected subgroups, improving minority access networks and
18 facilitation of reform plans in small rural counties. The
19 agency may allow these plans to seek waivers of requirements
20 that form an impediment to the successful start up and operation
21 of these plans.
