The Committee on General Government Appropriations (Baker)  
recommended the following amendment:

**Senate Amendment (with title amendment)**

On page 2, lines 4-9, delete those lines

and insert:

(11) A licensed well water contractor may facilitate the performance of additional work by an appropriately licensed contractor which is incidental to the construction, repair, or abandonment of a water well. For purposes of this subsection, incidental work is limited to the electrical connection of a pump, connecting a well to a residential dwelling, constructing a pump house or pump vault of 100 square feet or less, constructing a nonstructural well slab of 100 square feet or less, constructing fencing, and landscaping. This part does not authorize a licensed water well contractor to perform any services or work for which a license under chapter 489 is required.
