The Committee on Health Care (Fasano) recommended the following amendment:

Senate Amendment

On page 10, line 25 through page 11, line 9, delete those lines

and insert:

(i) Monitor innovations in health information technology, informatics, and the exchange of health information and maintain a repository of technical resources to support the development of a Florida health information network.

(j) Administer, manage, and monitor grants to not-for-profit organizations, regional health information organizations, public health departments or state agencies that submit proposals for planning, implementation, or training projects to advance the development of a Florida health information network. Any grant contract shall be evaluated to ensure the effective outcome of the health information project.

Bill No. SB 1332

Barcode 182402

1 (k) Initiate, oversee, manage, and evaluate the
2 integration of health care data from each state agency that
3 collects, stores, and reports on health care issues, and make
4 that data available to any health care practitioner through
5 the Florida health information network.
