19 advanced registered nurse practitioners or physician
20 assistants in the out-of-office practice setting at any one
21 time.

22 4. Delegate only tasks and procedures to the advanced
23 registered nurse practitioner or physician assistant which are
24 within the supervising physician's practice and medical
25 specialty area.

26 5. Ensure that the advanced registered nurse
27 practitioner or physician assistant has been actively
28 practicing within the medical specialty area for a minimum of
29 4 consecutive years prior to providing care in a practice
30 setting outside the physician office practice setting of the
31 supervising physician.

1 6. Ensure that the advanced registered nurse
2 practitioner or physician assistant under supervision clearly
3 identifies to the patient that he or she is an advanced
4 registered nurse practitioner or a physician assistant.

23 enters into an established protocol with an advanced
24 registered nurse practitioner, which protocol contemplates the
25 performance of medical acts identified and approved by the
26 joint committee pursuant to s. 464.003(3)(c) or acts set forth
27 in s. 464.012(3) and (4), the osteopathic physician shall

2 osteopathic physician)..., of ... (address of osteopathic
3 physician)... have hereby entered into a formal supervisory
4 relationship, standing orders, or an established protocol with
5 ...(number of persons)... emergency medical technician(s),
6 ...(number of persons)... paramedic(s), or ...(number of
7 persons)... advanced registered nurse practitioner(s).

8
9 (b) Notice must be filed within 30 days after entering
