Senator Posey moved the following amendment:

Senate Amendment

On lines 119 through 127, delete those lines

and insert: served by the Cape Canaveral Air Force Station
and the John F. Kennedy Space Center by reducing costs and
<ing the regulatory flexibility for commercial sector</U>
launches while pursuing the development of complementary sites
for commercial horizontal launches.

(3) It is the intent of the Legislature that aerospace
activities be highly visible and well-coordinated within this
state. To that end, it is the intent of the Legislature that
Space Florida will be the single point of contact for state
aerospace-
