SUMMARY ANALYSIS

Section 334.071, F.S., provides for legislative designations of transportation facilities for honorary or memorial purposes, or to distinguish a particular facility. The legislative designations do not “officially” change the current names of the facilities, nor does the statute require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings.

HB 179 w/CS designates two honorary roads. They are:

- The portion of Old U.S. Highway 441 between David Walker Drive and Eudora Road in Lake County as “Leighton Lee Baker Memorial Highway.”
- The portion of S.W. 10th Street between F.A.U. Research Park Boulevard and the Sawgrass Expressway in the City of Deerfield Beach in Broward County as “Trinchi Boulevard.”

The Florida Department of Transportation (FDOT) is directed to erect suitable markers to denote the honorary designation. The markers will cost an estimated \$400 each. Assuming that two markers will be erected for each designation, the estimated fiscal impact to FDOT will be \$1,600. This does not include maintenance or installation costs.

HB 179 w/CS does not create any constitutional or other legal issues. It takes effect July 1, 2006.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

HB 179 does not implicate any House Principles.

B. EFFECT OF PROPOSED CHANGES:

Current Situation

Section 334.071, F.S., provides for legislative designations of transportation facilities for honorary or memorial purposes, or to distinguish a particular facility. The legislative designations do not “officially” change the current names of the facilities, nor does the statute require local governments and private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings.

The statute requires FDOT to place a marker at each terminus or intersection of an identified road or bridge, and to erect other markers it deems appropriate for the transportation facility. The statute also provides that a city or county must pass a resolution in support of a particular designation before road markers are erected. Additionally, if the designated road segment extends through multiple cities or counties, a resolution must be passed by each affected local government.

Based on FDOT records, some 1,079 honorary road and bridge designations have been approved since 1922, most of them by the Legislature. Some public roads and bridges have multiple or overlapping designations.

Effect of HB 179 w/CS

HB 179 designates two honorary roads. They are:

- The portion of Old U.S. Highway 441 between David Walker Drive and Eudora Road in Lake County as “Leighton Lee Baker Memorial Highway.”
- The portion of S.W. 10th Street between F.A.U. Research Park Boulevard and the Sawgrass Expressway in the City of Deerfield Beach in Broward County as “Trinchi Boulevard.”

Leighton Lee Baker is the late father of State Senator Carey Baker, and he served in the Florida House of Representatives as Lake County’s first Republican to be elected to the House since the Civil War.

Amadeo “Trinchi” Trinchitella was a long-time Deerfield Beach City Commissioner and Broward County political activist. He passed away in February, 2005 at the age of 87.

C. SECTION DIRECTORY:

Section 1: Designates Leighton Lee Baker Memorial Highway in Lake County.

Section 2: Designates Trinchi Boulevard in Broward County.

Section 3: Specifies an effective date of July 1, 2006.
