The Committee on Community Affairs (Geller) recommended the following amendment:

**Senate Amendment**

On page 2, line 23, through  
page 3, line 1, delete those lines

and insert: described in s. 327.02(24). The use of cutouts or flex pipe as the source of muffling is prohibited, except as provided in subsection (4).

(2) An airboat operator cited for an infraction of this section may not operate until a muffler as defined in s. 327.02 is installed. A second or subsequent violation of this section is a noncriminal infraction punishable as provided in s. 327.73.

(3) An airboat may not operate on the waters of the state unless it is equipped with a mast or flagpole bearing a flag at a height of at least 10 feet above the lowest portion of the vessel. The flag
