The Committee on Health Care (Peaden) recommended the following amendment:

Senate Amendment (with title amendment)

Delete everything after the enacting clause

and insert:

Section 1. The Office of Program Policy Analysis and Government Accountability is directed to study and report upon the practice of clinical perfusion in this state. The study and report must identify the certifying agencies that provide credentials for persons who provide clinical perfusion; evaluate relevant workforce issues relating to clinical perfusionists, including the number of such perfusionists certified by national certifying agencies who are practicing in this state and nationally; describe the certification and recertification requirements for clinical perfusionists; and identify the number of clinical perfusionists employed by Florida-licensed hospitals and other health care facilities that are not certified. Florida-licensed hospitals and health care facilities shall provide the office with data regarding
