PROGRAM: WORKFORCE SERVICES

PROGRAM SUPPORT

It is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by agency employees working in One Stop Career Centers operated by the Regional Workforce Boards may be transferred from the Agency for Workforce Innovation to the Regional Workforce Boards. Such transfers shall only occur if the agency determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the agency shall submit budget amendments pursuant to chapter 216, Florida Statutes, to move positions to the Executive Office of the Governor's reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.

From the funds in Specific Appropriations 2263 through 2278, the Agency for Workforce Innovation shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the agency finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the agency shall notify the Executive Office of the Governor, the chair of the Senate Ways and Means Committee and the chair of the House Fiscal Council.

The funds in Specific Appropriation 3174 shall be distributed to county supervisors of elections for the following purposes relating to voter education: mailing or publishing sample ballots; conducting activities pursuant to the Standards for Nonpartisan Voter Education as provided in Rule 1S-2.033, Florida Administrative Code; print, radio, or television advertising to voters; and other innovative voter education programs, as approved by the Department of State. No supervisor of elections shall receive any funds until the supervisor of elections provides to the Department of State a detailed description of the voter-education programs, such as those described above, to be implemented.

The department shall distribute an amount to each eligible county supervisor equal to the funding level per voter multiplied by the number of registered voters in the county for the 2004 General Election. The department shall determine the funding level per voter based on the number of registered voters in the state for the 2004 General Election.

In order for a county supervisor of elections to be eligible to receive state funding for voter education, the county must certify to the Division of Elections that the county will provide matching funds for voter education in the amount equal to fifteen percent of the amount to be received from the state. Additionally, to be eligible, a county must segregate state voter education distributions and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Any funds remaining in the fund at the end of the fiscal year shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended.

These funds shall be distributed to each eligible county supervisor in an amount equal to the funding level per voter multiplied by the number of registered voters in the county for the 2004 General Election. The Division of Elections shall determine the funding level per voter based on the number of registered voters in the state for the 2004 General Election. The county must certify to the Division of Elections that the county will provide matching funds for poll worker recruitment and training in the amount equal to fifteen percent of the amount to be received from the state. The county must also submit training plans to the department for approval to ensure consistency of training across the state.
