PROGRAM: STATE GRANTS/K-12 PROGRAM - FEFP

The calculations of the Florida Education Finance Program (FEFP) for the 2006-2007 fiscal year are incorporated by reference in the act implementing the 2006-2007 General Appropriations Act. The calculations are the basis for the appropriations made in the General Appropriations Act.

91	AID TO LOCAL GOVERNMENTS	
	GRANTS AND AIDS - FLORIDA EDUCATIONAL	
	FINANCE PROGRAM	
	FROM GENERAL REVENUE FUND	6561,072,028
	FROM PRINCIPAL STATE SCHOOL TRUST FUND	72,186,968

Funds in Specific Appropriation 91 shall be allocated using a base student allocation of \$4,005.32 for the FEFP.

From the funds in Specific Appropriation 91, charter schools shall be provided an allocation pursuant to section 1002.33(17), Florida Statutes. However, for those charter schools in operation prior to July 1, 1999, funds per student shall be no less than they received in Fiscal Year 1998-99.

From the funds provided in Specific Appropriation 91, all students in juvenile justice educational programs shall receive no less than the funds per student in Fiscal Year 1998-1999.

From the funds provided in Specific Appropriation 91, juvenile justice students in juvenile justice educational programs shall receive the basic allocation assigned to a juvenile justice student, including ESE special education funding when appropriate. If a school district

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

provides incentive funding for teachers to work in a failing school, then an equal incentive bonus must be provided to teachers teaching in juvenile justice facilities.

A minimum guaranteed level of funding shall be calculated to provide each school district a 1.0 percent increase per unweighted full-time equivalent student over the amount per unweighted full-time equivalent student funded in the Fiscal Year 2005-06 FEFP. The calculation of this minimum funding shall compare total state and local formula and categorical funds, discretionary lottery, and actual discretionary local revenue for Fiscal Year 2005-06 with total state and local formula and categorical funds, discretionary lottery, and maximum potential discretionary local revenue for Fiscal Year 2006-07 and shall include the additional funds required for the increased Florida Retirement System contribution. Funds for the School Recognition Program shall not be included in the calculation of the Minimum Guarantee.

The district cost differential (DCD) for each district shall be calculated pursuant to the provisions of section 1011.62(2), Florida Statutes.

From the funds in Specific Appropriation 91, \$35,000,000 is provided for the Sparsity Supplement as defined in section 1011.62(6), Florida Statutes, for school districts of 20,000 and fewer K-12 full-time-equivalent students in Fiscal Year 2006-07.

Total required local effort for Fiscal Year 2006-07 shall be \$7,348,885,437. The total amount shall include adjustments made for the calculation required in section 1011.62(4) (a) and (c), Florida Statutes. The maximum nonvoted discretionary millage which may be levied pursuant to the provisions of section 1011.71(1), Florida Statutes, by district school boards in Fiscal Year 2006-07 shall be:

- 1) 0.51 mills, and
- 2) An additional levy, not to exceed 0.25 mills, which will raise an amount not to exceed \$100 per full-time equivalent student (FTE).

District school boards that levy the entire additional 0.25 mills and raise less than \$100 per K-12 FTE shall receive, from the funds provided in Specific Appropriation 91, an amount that, combined with funds raised by the 0.25 mills, will provide \$100 per K-12 FTE. To be eligible for state funds provided in this paragraph, a district must levy the full 0.25 mills and the full 0.51 mills.

In addition, if a school board's 0.51 mill levy provides funds per unweighted FTE that are less than \$300, the school district shall receive an amount from the funds provided in Specific Appropriation 91, which, when added to the funds generated by the district's 0.51 mill levy, is equivalent to \$300.

Funds in Specific Appropriation 91 are based upon program cost factors for Fiscal Year 2006-07 as follows:

- 1. Basic Programs
 - A. K-3 Basic.....1.035
 - B. 4-8 Basic.....1.000

The ESE Guaranteed Allocation funds are provided in addition to the funds for each exceptional student in the per FTE student calculation. Each district's ESE Guaranteed Allocation for Fiscal Year 2006-07 shall not be recalculated during the school year. School districts that provided educational services in Fiscal Year

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

Expenditure requirements for the ESE Guaranteed Allocation shall be as prescribed in section 1010.20 (3), Florida Statutes, for programs for exceptional students.

From the funds in Specific Appropriation 91, the value of 43.35 weighted FTE students is provided to supplement the funding for severely handicapped students served in ESE programs 254 and 255 when a school district has less than 10,000 FTE student enrollment and less than 3 FTE eligible students per program. The Commissioner of Education shall allocate the value of the supplemental FTE based on documented evidence of the difference in the cost of the service and the amount of funds received in the district's FEFP allocations for the students being served. The supplemental value shall not exceed 3 FTE.

A student in cooperative education or other types of programs incorporating on-the-job training shall not be counted for more than twenty-five (25) hours per week of membership in all programs when calculating full-time student membership, as provided in section 1011.61, Florida Statutes, for funding pursuant to section 1011.62, Florida Statutes.

From the funds in Specific Appropriation 91, \$75,350,000 is provided for Safe Schools activities and shall be allocated as follows: \$50,000 shall be distributed to each district, and the remaining balance shall be allocated as follows: two-thirds based on the latest official Florida Crime Index provided by the Department of Law Enforcement and one-third based on each district's share of the state's total unweighted student enrollment. Safe Schools activities include: (1) after school programs for middle school students; (2) other improvements to enhance the learning environment, including implementation of conflict resolution strategies; (3) alternative school programs for adjudicated youth; and (4) other improvements to make the school a safe place to learn. Each district shall determine, based on a review of its existing programs and priorities, how much of its total allocation to use for each authorized Safe Schools activity.

From the funds in Specific Appropriation 91, \$682,560,269 is for Supplemental Academic Instruction to be provided throughout the school year pursuant to section 1011.62(1) (f), Florida Statutes. First priority for use of these funds shall be the provision of supplemental intensive instruction, consistent with the Sunshine State Standards, including summer school, for students in grades 3 and 10 who scored a Level I in FCAT reading or math. Each district's Supplemental Academic Instruction allocation for Fiscal Year 2006-07 shall not be recalculated during the school year.

From the funds in Specific Appropriation 91, \$111,800,000 is provided for a K-12 comprehensive, district-wide system of research-based reading instruction. The amount of \$50,000 shall be allocated to each district and the remaining balance shall be allocated based on each district's proportion of the state total K-12 base funding. By July 1, 2006, districts shall submit their updated plans in a format prescribed by the Department of Education's Just Read, Florida! Office. Upon approval of a district's plan by the Just Read, Florida! Office, the department shall release the district's allocation of these funds.

From the funds in Specific Appropriation 91, \$55,000,000 is provided to assist school districts with the implementation of performance pay policies for instructional personnel in accordance with requirements of law and State Board of Education rule. These funds shall be allocated based on each district's proportion of the state total K-12 base funding.

Districts may charge a fee for grades K-12 voluntary, non-credit summer school enrollment in basic program courses. The amount of any student's fee shall be based on the student's ability to pay and the student's financial need as determined by district school board policy.

No funds are provided in Specific Appropriation 91 for charter school FTE student enrollment for on-line instruction received by students principally in their own homes. However, charter schools may serve students who are temporarily homebound or who receive a portion of their instruction on-line.

Funds in Specific Appropriation 91 for dual enrollment instruction

Any withholding of funds pursuant to this provision shall be subject to the approval of the Legislative Budget Commission.

State universities and state university direct support organizations shall not pledge or use any revenues provided in Specific Appropriations 20 through 24B, and 164 through 168 from state general revenue operating appropriations, state trust fund operating appropriations, or tuition for the financing of any fixed capital outlay project through any financing mechanism, including, but not limited to, revenue bonds, promissory notes, certificates of participation, lease-purchase agreements or any other form of indebtedness.

The appropriations provided in Specific Appropriations 164 through 168 from the Education and General Student and Other Fees Trust Fund are the only budget authority provided in this act for the 2006-2007 fiscal year to the named universities to expend tuition and fees that are collected during the 2006-2007 fiscal year and carried forward from the prior fiscal year and that are appropriated into local accounts pursuant to section 1011.4106, Florida Statutes. The expenditure of tuition and fee revenues from local accounts by each university shall not exceed the authority provided by these specific appropriations, unless approved pursuant to the provisions of chapter 216, Florida Statutes. If a court of competent jurisdiction finds that the restriction above is invalid, the appropriation made by section 1011.4106, Florida Statutes, is hereby repealed for the 2006-2007 fiscal year and the moneys described in that section shall be deposited in the state treasury for expenditure only pursuant to appropriations made by law.

General revenue funds provided in Specific Appropriations 164 through 168 to each of the named universities are contingent upon each university complying with the tuition and fee policies established in the proviso language attached to Specific Appropriation 164, and with the tuition and fee policies for state universities included in Part II of chapter 1009, Florida Statutes. However, the funds appropriated to a specific university shall not be affected by the failure of another university to comply with this provision.

From the funds provided in Specific Appropriations 164 and 166, each university may shift enrollment by level in a manner which is revenue neutral, but shall not increase the number of lower level FTEs. For planning and enrollment shifting purposes, the University of South Florida may combine lower, upper, and graduate FTE identified in Specific Appropriations 164 and 166.

The Chancellor of the Board of Governors shall submit a revised 5-year state university enrollment plan by lower, upper, graduate I and graduate II levels, by university, to the Florida Board of Governors by September 1, 2006. This revised 5-year enrollment plan must be developed with input from each state university. The State Board of Education shall include funding recommendations in its Fiscal Year 2007-2008 Legislative Budget Request to implement the revised 5-year state university enrollment plan.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Chancellor shall segregate these FTEs and not count them toward the 2006-2007 enrollment plan for the State University System.

The maximum resident undergraduate tuition per credit hour is hereby established for the 2006-2007 fiscal year as follows:

	2006	2006-2007
	Summer Term	Fall/Spring Terms
Lower Level Coursework	\$71.57	\$73.00
Upper Level Coursework	\$71.57	\$73.00

Except as otherwise provided by law, each board of trustees shall set university tuition and fees for graduate, graduate professional, and nonresident students. The annual percentage increase in tuition and fees established by each board of trustees pursuant to this paragraph for students enrolled prior to the fall of 2006 shall not exceed five percent. Tuition and out of state fees for nonresident students may not

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

be lower than the rates in effect for the 2005-2006 fiscal year.

Each university board of trustees is authorized to waive tuition and out-of-state fees for purposes which support and enhance the mission of the university. All fee waivers must be based on policies which are adopted by university boards of trustees. Each university shall report the purpose, number and value of all fee waivers granted annually in a format which shall be prescribed and reviewed by the Florida Board of Governors.

Funds provided in Specific Appropriation 164 for the University of Florida include no more than that amount which the State Board of Education and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the city and reviewed by the university. The costs of any General Fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the city or utility shall be specifically excluded as costs allocable to the university. The cost-based rate shall include charges for only those water services actually provided by the city to the university and shall not include charges for services furnished by the university.

In order to provide New College and USF Sarasota/Manatee with sufficient up-front operating capital to support shared services functions and to eliminate the significant current accounting inefficiencies, a total of \$5,000,000 from the funds in Specific Appropriation 164 shall be released in equal amounts to New College and USF/USF Sarasota-Manatee as part of the first cash distribution in the fiscal year. The remaining appropriated funds for these two institutions shall be distributed in accordance with normal release protocol, beginning with the first cash distribution in the fiscal year. New College and USF/USF Sarasota-Manatee are authorized to make lump sum budget transfers between the two institutions, as appropriate, to facilitate management of shared services.

Funds in Specific Appropriation 164 include \$810,000 from General Revenue and funds in Specific Appropriation 20 include \$2,257,000 from the Education Enhancement Trust Fund to expand the number of Ph.D., Masters, and post-Masters graduates in nursing as reflected in the funded enrollments for the affected universities. These universities shall report on progress relating to numbers of new students admitted in post-graduate nursing programs and the projected time line for completion to the Board of Governors and the Chairs of the Senate and House Education Appropriations Committees by February 1, 2007. Students enrolled in post-graduate nursing programs at universities receiving these funds shall commit to practice in Florida for at least three years, and agree to repay any tuition or stipends provided by these universities for failure to comply with this commitment.

Hospitals providing primary care to low-income individuals and participating in the Primary Care DSH program in State Fiscal Year 2003-2004 shall be paid \$12,203,921 distributed in the same proportion as the Primary Care DSH payments for State Fiscal Year 2003-2004. Of this amount, \$5,355,000 shall be distributed equally among hospitals that are a Level I trauma center; \$4,500,000 shall be distributed equally among hospitals that are either a Level II or pediatric trauma center; and \$2,520,000 shall be distributed equally among hospitals that are both a Level II and pediatric trauma center. Rural hospitals participating in the Rural Hospital DSH Program shall be paid \$8,383,500 distributed in the same proportion as the DSH payments.

Public hospitals receiving local tax support and have greater than 150,000 Medicaid and charity care days shall be paid \$313,473,121 to be allocated to each hospital based on their percentage of Medicaid and charity care days to the total. Public hospitals or systems receiving local tax support and the hospital or system have less than 150,000 Medicaid and charity care days, but the hospital or system have more than 45,000 Medicaid and charity care days shall be paid \$204,526,879. These funds shall be allocated to the hospitals based on their percentage of Medicaid and charity care days to the total for all the hospitals in this group. If a system has more than 65,000 Medicaid and charity care days, the days for each of their hospitals shall receive a weight of 1.2. Public hospitals or systems receiving local tax support and having less than 45,000 Medicaid and charity care days, but the hospital or system has more than 8,500 Medicaid and charity care days shall be paid \$50,000,000. These funds shall be allocated to the hospitals based on their percentage of Medicaid and charity care days to the total for all the hospitals in this group. Public hospitals or systems, except hospitals classified as rural, with no local tax support shall be paid \$10,000,000. These funds shall be allocated to each of the hospitals based on each hospital's percentage of Medicaid and charity care days to the total for the hospitals in that group. To determine the Medicaid and charity care days for the allocations described above, the agency shall use the average of the 2000, 2001 and 2002 audited DSH data available as of March 1, 2006. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2000, 2001 and 2002 that are available. Payments made under this section of proviso shall be deemed the LIP 1 Medicaid low income pool payments.

From the funds in Specific Appropriation 214A, \$74,214,000 from the Grants and Donations Trust Fund and \$105,786,000 from the Medical Care Trust Fund are provided for Medicaid low income payments to hospitals that receive local government support for health care expenditures for the uninsured or underinsured. To be included in this grouping the local government must provide a minimum of \$1,000,000 in financial support for the hospitals in its political boundary. Payments shall be allocated to each of the hospitals based on its percentage of charity care days to the total charity care days for all the hospitals in the group. In allocating the payments, each hospital shall be capped at 120 percent of the amount of local funding it receives from its local government for uninsured and underinsured individuals. Any funds that remain unspent

SECTION 3 - HUMAN SERVICES

after the first allocation shall then be reallocated to the hospitals based on their percentage of charity care days to the total charity care days for the group. The agency shall use the average of the 2000, 2001 and 2002 audited DSH data available as of March 1, 2006. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2000, 2001 and 2002 that are available. Additionally, if there are no audited DSH data for any of the prescribed years the agency shall use the Medicaid and charity care days from the 2004 Financial Hospital Uniform Reporting System (FHURS) reports. Payments made under this section of proviso shall be deemed the LIP 2 Medicaid low income pool payments.

From the funds in Specific Appropriation 214A, \$33,185,686 from the Grants and Donations Trust Fund and \$47,303,488 from the Medical Care Trust Fund are provided for Medicaid low income payments to hospitals that do not receive local government support for health care expenditures for the uninsured or underinsured or whose local governments provide a \$1,000,000 or less in support for the uninsured or underinsured. Additionally, to receive funds under this provision a hospital's Medicaid days, charity care days and fifty percent of bad debt days divided by the hospital's total days must equal or exceed ten percent. Payments shall be allocated to hospitals that qualify under this provision based on their percentage of Medicaid days, charity care days and fifty percent of bad debt days to the total Medicaid days, charity care days and fifty percent of bad debt days for all the hospitals that qualify under this provision. The agency shall use the 2004 FHURS reports to determine the Medicaid days, charity care days and fifty percent of the bad debt days. Payments made under this section of proviso shall be deemed the LIP 3 Medicaid low income pool payments. Hospitals who receive Medicaid low income payments from LIP 1 or LIP 2 do not qualify to receive payments under LIP 3.

From the funds in Specific Appropriation 214A, \$824,600 from the Grants and Donations Trust Fund and \$1,175,400 from the Medical Care Trust Fund are for Medicaid low income payments to specialty pediatric facilities. To qualify for a Medicaid low income payment under this section a hospital must be licensed as a children's specialty hospital and its combined Medicaid managed care and fee for service days as a percentage to total inpatient days equal or exceed 30 percent. The agency shall use the 2003 Financial Hospital Uniform Reporting System (FHURS) data to determine the combined Medicaid managed care and fee-for-service days. The total Medicaid low income payments made shall be distributed equally to the qualifying hospitals.

From the funds in Specific Appropriation 214A, \$43,744,370 from the Grants and Donations Trust Fund and \$62,354,030 from the Medical Care Trust Fund are provided to make Medicaid low income payments to hospitals that serve as a safety net in providing emergency, specialized pediatric trauma services and inpatient hospital care to low-income individuals. The agency shall monitor the implementation of rate standardization on a quarterly basis and provide updates to the Executive Office of the Governor, the chair of the Senate Ways and Means Committee, and the chair of the House Fiscal Council. Services received shall be reimbursed under the approved standardized reimbursement rate. The established rates shall be determined by the agency and the Agency for Health Care Administration, and operational requirements associated with the rates shall be monitored periodically.

To implement Specific Appropriations 263 and 274, the agency, in coordination with the Agency for Health Care Administration, shall continue to design and implement edits in the Florida Medicaid Management Information System, institute other system controls, and work to establish billing controls and claims reconciliation processes needed to properly manage the developmental services waivers. The agency shall work with the Agency for Health Care Administration, to seek federal approval or program waivers as necessary to implement these system controls.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Florida Department of Law Enforcement, Department of Juvenile Justice, Parole Commission, Department of Legal Affairs/Attorney General and Justice Administration as the amounts to be used to pay salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 695 through 864A the Department of Corrections shall support the Office of Program Policy and Governmental Accountability (OPPAGA) which shall conduct a comprehensive review of the Department of Corrections. OPPAGA shall examine the department's mission and purpose, scope of services, and programs delivered to identify programs or services that fall outside the department's mission, or programs or services that should more appropriately be delivered within another state agency or local entity. In the course of the review, OPPAGA shall identify and report on specific organizational or programmatic deficiencies that diminish agency efficiency or effectiveness. The review shall include an examination of agency personnel deficiencies using pay scales, salaries, and benefits data. An assessment of all staffing levels within the department shall be conducted to ensure levels are appropriate in fulfilling the department's statutory mission. The department shall provide sufficient data to OPPAGA to conduct these studies. OPPAGA shall submit a report to the chair of the Senate Ways and Means Committee and the chair of the House Fiscal Council by January 1, 2007.

From the funds in Specific Appropriations 695 through 864A, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediate preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2007.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 720, 731, and 741, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities in accordance with section 957.04(8), Florida Statutes. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. Distribution of these funds is contingent upon (1) the withdrawal of any outstanding claims or (2) the county commission of the county where the correctional facility is located stipulating by resolution and memorandum of understanding with the state that by the county commission's acceptance of payment in lieu of ad valorem taxation, the county commission waives any ad valorem tax claim for Fiscal Year 2006-2007 for the related facility, whichever is applicable. Distribution of these funds for each facility is further contingent upon the county commission canceling any outstanding tax certificate and quieting title to any tax deed, or portion thereof, that is based on unpaid ad valorem taxes for the relevant facility.

1. A valid determination of the exact number of pending Restoration of Civil Rights (RCR) cases existing on July 1, 2006, along with a full explanation of the methodology used to determine the pending number of cases. Data must include total cases received for each of the past five years, the total number of cases processed for each of the past five years, and the total number of cases received or pending but not processed for each of the past five years;
2. A continuation plan including measures that continue to simplify application forms and processes by using readily available data from existing automated systems;
3. Identification of all existing resources, workload, job descriptions, and internal business procedures for clemency activities. This information must be reported in a manner that allows for isolation of resources allocated to the RCR process. The information must also be sufficient to account for each step in the 0.9 hour process to complete the review of RCR without a hearing; and
4. Proposed criteria, developed by case type, to use in defining and classifying case backlogs which shall be based upon a reasonable length of time for the normal processing of cases.

PROGRAM: WORKFORCE SERVICES

PROGRAM SUPPORT

It is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by agency employees working in One Stop Career Centers operated by the Regional Workforce Boards may be transferred from the Agency for Workforce Innovation to the Regional Workforce Boards. Such transfers shall only occur if the agency determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the agency shall submit budget amendments pursuant to chapter 216, Florida Statutes, to move positions to the Executive Office of the Governor's reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.

From the funds in Specific Appropriations 2263 through 2278, the Agency for Workforce Innovation shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the agency finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the agency shall notify the Executive Office of the Governor, the chair of the Senate Ways and Means Committee and the chair of the House Fiscal Council.

From the funds in Specific Appropriations 2436 through 2452, the department shall submit reports on a quarterly basis to the Executive Office of the Governor, the chair of the Senate Ways and Means Committee, the chair of the House Fiscal Council, the Senate Regulated Industry Committee, the House Business Regulation Committee, and the Office of Program Policy Analysis and Government Accountability related to its responsibilities defined in section 718.501, Florida Statutes. The quarterly report shall include, but not be limited to the following data: the number of training programs provided for condominium association board members and unit owners; the number of complaints received by type; the number and percent of complaints acknowledged in writing within 30 days as required by section 718.501(1)(m), Florida Statutes; the number and percent of investigations acted upon within 90 days as required by section 718.501(1)(m), Florida Statutes; and the

number of investigations that are continuing in excess of the 90-day requirement, with the reasons that the cases required more than 90 days to close.

The department shall monitor caseloads, timeliness of responses to complaints and investigations, and prepare an analysis of the resources and staffing required by the Division of Land Sales, Condominiums, and Mobile Homes to maintain compliance with the requirements of section 718.501, Florida Statutes. In addition, the department shall evaluate core business processes associated with the complaint handling, in order to determine improvements in response time and efficiencies in the complaint review process.

In addition, the department shall evaluate non-jurisdictional complaints to determine if any categories of complaints warrant statutory changes providing additional authority for resolution. The department shall include any recommendations for making such statutory changes in its quarterly reports.

If the department determines that the workload justifies additional staffing, it shall request, through the Executive Office of the Governor, pursuant to section 216.181, Florida Statutes, authorization to release justified positions, associated salary rate, and appropriated funds.

The funds in Specific Appropriation 3174 shall be distributed to county supervisors of elections for the following purposes relating to voter education: mailing or publishing sample ballots; conducting activities pursuant to the Standards for Nonpartisan Voter Education as provided in Rule 1S-2.033, Florida Administrative Code; print, radio, or television advertising to voters; and other innovative voter education programs, as approved by the Department of State. No supervisor of elections shall receive any funds until the supervisor of elections provides to the Department of State a detailed description of the voter-education programs, such as those described above, to be implemented.

The department shall distribute an amount to each eligible county supervisor equal to the funding level per voter multiplied by the number of registered voters in the county for the 2004 General Election. The department shall determine the funding level per voter based on the number of registered voters in the state for the 2004 General Election.

In order for a county supervisor of elections to be eligible to receive state funding for voter education, the county must certify to the Division of Elections that the county will provide matching funds for voter education in the amount equal to fifteen percent of the amount to be received from the state. Additionally, to be eligible, a county must segregate state voter education distributions and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Any funds remaining in the fund at the end of the fiscal year shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended.

The county must certify to the Division of Elections that the county will provide matching funds for poll worker recruitment and training in the amount equal to fifteen percent of the amount to be received from the state. The county must also submit training plans to the department for approval to ensure consistency of training across the state.
