FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited Government - The bill creates the Prosperity Campaign Council, composed of 20 members and housed within Workforce Florida, Inc., to establish and coordinate Prosperity Campaigns throughout Florida.

Empower families – The bill encourages the Prosperity Campaign to connect low-wage workers to the Earned Income Tax Credit (EITC) and the Childcare Tax Credit; offer free tax preparation services, economic benefits screening and other related services. As a result, more low-wage workers will be informed and will likely apply for this credit, which will increase their income even when the amount of the EITC exceeds the amount of taxes workers owe.

Promote Personal Responsibility – The bill encourages Prosperity Campaigns to educate citizens about available economic benefit programs and the importance of wise financial decision-making. Consequently, the bill may reduce government dependency.

B. EFFECT OF PROPOSED CHANGES:

EARNED INCOME TAX CREDIT (EITC)

Present Situation

Created in 1975, the Earned Income Tax Credit (EITC), sometimes called Earned Income Credit (EIC), is a refundable federal income tax credit for low-income working individuals and families. According to the Tax Policy Center (Tax Notes, March 14, 2005) the EITC, administered through the federal income tax system, is the largest cash assistance program for low-income families. The EITC program is designed to encourage work by subsidizing people's wages. The EITC provides up to \$4,400 a year for working families with two or more children. In 2002, the EITC lifted approximately 4.9 million people out of poverty.¹

In a January 17, 2006 news article, Workforce Florida, Inc. stated that “[b]ased on the information from the IRS it is projected that as much as \$635 million goes unclaimed by the estimated 350,000+ families/individuals in Florida who are not taking advantage of the EITC.”

According to the Agency for Workforce Innovation: the state's workforce system, led by Workforce Florida, Inc., the Agency for Workforce Innovation and the 24 Regional Workforce Boards has emphasized and conducted annual Earned Income Tax Credit (EITC) informational campaigns for several years. These informational campaigns target first-time workers, the “working poor” and those exiting from public assistance through employment. Additionally, the Department of Children and Families also provides similar notices to public assistance participants and other low-wage workers.

Local workforce efforts are often conducted in collaboration with local Prosperity Campaigns, financial literacy programs and other similar efforts to demonstrate that “work pays”. Currently, Prosperity Campaigns exist in 12 counties throughout Florida.

FINANCIAL LITERACY IN HIGH SCHOOLS

Present Situation

Currently, 24 credits are required for high school graduation, pursuant to s. 1003.43, F.S. These include:

- one-half credit in life management skills which includes consumer education; and
- one-half credit in economics that includes a comparative study of the history, doctrines and objectives of all major economic systems. The Florida Council on Economic Education provides technical assistance to the department and district school boards in developing curriculum and materials for the study of economics.

Effect of Proposed Changes

The HB 531 CS requires the Prosperity Campaign Council to work with the Department of Education in developing a financial literacy instruction to be part of the life management skills course required for high school graduation. The financial literacy instruction must focus on the importance of financial management, savings investments, credit scores, savings and additional materials.

The HB 531 CS requires financial literacy instruction to be included in the high school life management skills course required for high school graduation.

The bill provides an appropriation of \$162,000 and 1.5 FTE full time employees including salary and rate from the General Revenue Fund in fiscal year 2006-2007 to Workforce Florida Inc., to fund the Prosperity Campaign Council.

2. Expenditures:

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

If this law brings greater awareness to the availability of the EITC for working families and individuals, the qualifying families and individuals who receive federal monies would presumably spend that money locally.

D. FISCAL COMMENTS:

Costs

The 20 member council, which is to be administratively housed within Workforce Florida, defines a number of coordination and information dissemination roles for the council, such as hosting the required council meeting, preparations, publication, and dissemination of printed materials to businesses and employees, and providing free tax preparation, economic benefit screenings and providing other related services to individuals. According to the Agency for Workforce Innovation, in order to provide these types of services a minimum of one full time staff position and a half-time support position will be needed to implement and support the council.

The cost of these activities is difficult to determine; however, the following is a projected estimate of state level costs:

1.5 full time employees with salary and benefits at \$87,000; quarterly meetings at \$50,000, printing/copying/publication/consultants/postage/supplies/miscellaneous at \$15,000; traveling/meetings outside of the quarterly meetings at \$10,000. The total state level cost is estimated at \$162,000.

The local level costs are estimated at \$120,000 for staff and materials for twenty-four Regional Workforce Boards.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

HB 531 CS does not reduce the authority that municipalities or counties have to raise revenues in the aggregate. HB 531 CS does not reduce the percentage of state tax shared with municipalities or counties.

2. Other: None.

B. RULE-MAKING AUTHORITY: None.

C. DRAFTING ISSUES OR OTHER COMMENTS: None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

On January 26, 2006, the Economic Development, Trade and Banking Committee adopted a strike-all amendment to the bill. The amendment reorganizes and clarifies the purpose and methods by which the Prosperity Campaign Council will operate, and removes redundant and unnecessary language.

On March 22, 2006, the Transportation and Economic Development Appropriations Committee adopted one amendment to the bill providing an appropriation of \$162,000 from the General Revenue Fund to fund the Prosperity Campaign Council.

On March 28, 2006, the Community Colleges and Workforce Committee adopted two amendments to the bill. Amendment one revises the composition of the Council by reducing by one the number of persons representing different Prosperity Campaigns in the State and adding one representative of individuals with disabilities from the Disability Navigator Program within the Agency for Workforce Innovation. Amendment two clarifies that 1.5 FTE, including salary and rate, is included in the \$162,000 appropriated funds.

This analysis is drawn to the committee substitute.
