401       (1) Use a transmitter unit that meets certification  
402 standards approved by the Federal Communications Commission.

403       (2) (a) Emit signal content 24 hours per day identifying  
404 the specific device being worn by the defendant and the  
405 defendant's physical location using Global Positioning Satellite  
406 (GPS) technology accurate to within 10 meters; or

407       (b) Receive signal content 24 hours per day determining  
408 the defendant's physical location using GPS technology accurate

409 to within 10 meters, recording the defendant's physical  
410 locations throughout the day, and being capable of transmitting  
411 that record of locations to the vendor at least daily.

412 (3) With respect to a unit affixed to a defendant, possess  
413 an internal power source that provides a minimum of 1 year of  
414 normal operation without having to recharge or replace the power  
415 source. The device must emit signal content indicating its power  
416 status and notifying the vendor when the power source needs to  
417 be recharged or replaced.

418 (4) Possess and emit signal content indicating whether or  
419 not the transmitter has been tampered with or removed.

420 (5) Possess encrypted signal content or another feature  
421 designed to discourage duplication.

422 (6) Be shock resistant, waterproof, and capable of  
423 reliable function under normal atmospheric and environmental  
424 conditions.

425 (7) Be capable of wear and use in a manner that does not  
426 pose a safety hazard or unduly restrict the activities of the  
427 defendant.

428 (8) Be capable of being attached to the defendant in a  
429 manner that readily reveals any efforts to tamper with or remove  
430 the transmitter upon visual inspection.

431 (9) Make use of straps or other mechanisms for attaching  
432 the transmitter to the defendant that are either capable of  
433 being adjusted to fit a defendant of any size or that are  
434 available in a variety of sizes.

440 tamper with, damage, or destroy any electronic monitoring device  
441 used to monitor the location of a person pursuant to court  
442 order, unless the person is the owner of the equipment or an  
443 agent of the owner performing ordinary maintenance and repairs.  
444 A person violating this subsection commits a felony of the third

461 Section 10. Section 944.161, Florida Statutes, is created  
462 to read:

463 944.161 Electronic monitoring of inmates within  
464 correctional facilities.--

HB 591 CS

2006  
CS

465       (1) The department is authorized to employ electronic  
466 monitoring of inmates incarcerated within state and private  
467 correctional facilities. The department must use electronic  
468 monitoring systems that meet the minimum specifications set  
469 forth in paragraphs (a) and (b) and are consistent with the  
470 performance standards set forth in paragraph (c), subject to the  
471 best commercially available technology at the time of  
472 procurement. Such a system must:

473       (a) Have the capacity to continuously receive electronic  
474 signals at a monitoring station within the correctional facility  
475 from a transmitter that continuously transmits in real time and  
476 identifies the specific geographic position within the facility  
477 at any time of the following persons who must wear a  
478 transmitter:

479           1. Inmates.

480           2. Department employees.

481           3. Employees of any private sector company contracted to  
482 operate a correctional facility.

483           4. Any visitor to a correctional facility provided access  
484 to areas designated for authorized personnel only.

485       (b) Use electronic monitoring transmitters worn by persons  
486 in any correctional facility that are capable of providing  
487 updates in at least 5-second intervals and transmit the  
488 geographical location of a person wearing a transmitter to  
489 within at least a 3-meter radius of his or her actual location  
490 or to within a radius equal to the width of a facility's average  
491 size sleeping quarters, whichever is less, subject to the  
492 limitations relating to the state of the art of the technology

HB 591 CS

2006  
CS

493 used and to circumstances of force majeure. Transmitters worn by  
494 persons other than inmates shall also include a panic safety  
495 button.

496 (c) Be consistent with the following technological and  
497 functional performance standards:

498 1. Be compatible with a commercially recognized wireless  
499 network access standard as designated by the department and  
500 sufficient bandwidth to support additional wireless networking  
501 devices to expand the capacity of the correctional facility to  
502 use the service.

503 2. Have the capability of issuing an alarm to an internal  
504 correctional monitoring station in an appropriate amount of time  
505 after receiving a panic alert from an employee or visitor  
506 transmitter or within an appropriate amount of time after  
507 violation of the established parameters for permissible movement  
508 of inmates, employees, and visitors within the facility.

509 3. Have the capability of maintaining a historical storage  
510 capacity sufficient to store up to at least 6 months of complete  
511 inmate, employee, and visitor tracking data for purposes of  
512 followup investigations and vendor contract auditing. The system  
513 should be capable of recording the continuous uninterrupted  
514 movement of all monitored individuals by specific position,  
515 rather than solely by area or zone. All tracking data shall also  
516 be periodically archived by appropriate electronic data transfer  
517 to a permanent storage medium designated as acceptable by the  
518 department and retained for at least a 5-year period. In  
519 addition, tracking data collected from each facility shall be  
520 electronically transmitted periodically to a secure centralized

HB 591 CS

2006  
CS

521 offsite location designated by the department and in an  
522 appropriate storage medium designated as acceptable by the  
523 department as a supplemental backup to protect the archived data  
524 from alteration and to prevent loss due to disaster or other  
525 cause.

526 4. With respect to a transmitter affixed to an inmate, be  
527 capable of possessing an internal power source that is field  
528 rechargeable or provides at least 1 year of normal operation  
529 without the need to recharge or replace the power source.  
530 Batteries used in devices should be capable of being replaced by  
531 correctional employees. The device should emit signal content  
532 indicating the power status of the transmitter and notifying the  
533 correctional facility monitoring station of any need to recharge  
534 or replace the power source.

535 5. Possess and emit signal content indicating whether the  
536 transmitter has been tampered with or removed.

537 6. Possess encrypted signal content or another feature  
538 designed to discourage duplication.

539 7. Be shock resistant, waterproof, and capable of reliable  
540 function under normal atmospheric and environmental conditions.

541 8. Have the capability to sustain wear and use in a manner  
542 that does not pose a safety hazard or unduly restrict the  
543 activities of the inmate.

544 9. Have the capability of being attached to the inmate in  
545 a manner that readily reveals any efforts to tamper with or  
546 remove the transmitter upon visual inspection.

547 10. Either possess straps or other mechanisms for  
548 attaching the transmitter to the inmate which are capable of

2006  
CS

549 being adjusted to fit an inmate of any size or available in a  
550 variety of sizes.

551 11. Be designed and constructed in such a way as to resist  
552 tampering with or removal by the inmate.

553 12. Provide a backup power source in the event of a power  
554 failure.

555 (2) A person shall not intentionally alter, tamper with,  
556 damage, or destroy any electronic monitoring equipment used to  
557 monitor the location of a person within a correctional facility,  
558 unless the person is the owner of the equipment or an agent of  
559 the owner performing ordinary maintenance and repairs. A person  
560 violating this subsection commits a felony of the third degree,  
561 punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

562 (3) A person shall not develop, build, create, possess, or  
563 use any device that is intended to mimic, clone, interfere with,  
564 or jam the signal of an electronic monitoring device used to  
565 monitor the location of a person within a correctional facility.  
566 A person violating this subsection commits a felony of the third  
567 degree, punishable as provided in s. 775.082, s. 775.083, or s.  
568 775.084.

569 (4) A person shall not intentionally alter, tamper with,  
570 damage, or destroy any data stored in an electronic monitoring  
571 device pursuant to subparagraph (1)(c)3. unless done so with  
572 written permission from an authorized official of the department  
573 or in compliance with a data-retention policy of the department  
574 adopted by rule. A person violating this subsection commits a  
575 felony of the third degree, punishable as provided in s.  
576 775.082, s. 775.083, or s. 775.084.

HB 591 CS

2006  
CS

577           (5) The department is authorized to adopt rules pursuant  
578 to ss. 120.536(1) and 120.54 to implement the provisions of this  
579 section.

580           Section 11. Effective July 1, 2006, subsections (2) and  
581 (6) and paragraph (a) of subsection (7) of section 947.1405,  
582 Florida Statutes, are amended, and subsection (11) is added to  
583 that section, to read:

584           947.1405 Conditional release program.--

585           (2) (a) Any inmate who:

586           1. (a) Is convicted of a crime committed on or after  
587 October 1, 1988, and before January 1, 1994; ~~and any inmate who~~  
588 is convicted of a crime committed on or after January 1, 1994,  
589 which crime is or was contained in category 1, category 2,  
590 category 3, or category 4 of Rule 3.701 and Rule 3.988, Florida  
591 Rules of Criminal Procedure (1993), and who has served at least  
592 one prior felony commitment at a state or federal correctional  
593 institution; or is convicted under any of the following  
594 statutory provisions committed on or after July 1, 2006:

595           a. Kidnapping, under s. 787.01(3)(a)2., 3., 4., or 5.;

596           b. False imprisonment, under s. 787.02(3)(a)2., 3., 4., or  
597 5.;

598           c. Sexual performance by a child, under s. 827.071; or

599           d. Selling or buying of minors, under s. 847.0145;

600           2. (b) Is sentenced as a habitual or violent habitual  
601 offender or a violent career criminal pursuant to s. 775.084; or

602           3. (e) Is found to be a sexual predator under s. 775.21 or  
603 former s. 775.23,

604

HB 591 CS

2006  
CS

605 shall, upon reaching the tentative release date or provisional  
606 release date, whichever is earlier, as established by the  
607 Department of Corrections, be released under supervision subject  
608 to specified terms and conditions, including payment of the cost  
609 of supervision pursuant to s. 948.09. Such supervision shall be  
610 applicable to all sentences within the overall term of sentences  
611 if an inmate's overall term of sentences includes one or more  
612 sentences that are eligible for conditional release supervision  
613 as provided herein.

614       **(b)** Effective July 1, 1994, and applicable for offenses  
615 committed on or after that date, the commission may require, as  
616 a condition of conditional release, that the releasee make  
617 payment of the debt due and owing to a county or municipal  
618 detention facility under s. 951.032 for medical care, treatment,  
619 hospitalization, or transportation received by the releasee  
620 while in that detention facility. The commission, in determining  
621 whether to order such repayment and the amount of such  
622 repayment, shall consider the amount of the debt, whether there  
623 was any fault of the institution for the medical expenses  
624 incurred, the financial resources of the releasee, the present  
625 and potential future financial needs and earning ability of the  
626 releasee, and dependents, and other appropriate factors.

627       **(c)** If any inmate, other than an inmate required to  
628 register as a sexual predator under s. 775.21 or as a sexual  
629 offender under s. 943.0435, placed on conditional release  
630 supervision is also subject to probation or community control,  
631 resulting from a probationary or community control split  
632 sentence within the overall term of sentences, the Department of

HB 591 CS

2006  
CS

633 Corrections shall supervise such person according to the  
634 conditions imposed by the court and the commission shall defer  
635 to such supervision. If the court revokes probation or community  
636 control and resentences the offender to a term of incarceration,  
637 such revocation also constitutes a sufficient basis for the  
638 revocation of the conditional release supervision on any  
639 nonprobationary or noncommunity control sentence without further  
640 hearing by the commission. If any such supervision on any  
641 nonprobationary or noncommunity control sentence is revoked,  
642 such revocation may result in a forfeiture of all gain-time, and  
643 the commission may revoke the resulting deferred conditional  
644 release supervision or take other action it considers  
645 appropriate. If the term of conditional release supervision  
646 exceeds that of the probation or community control, then, upon  
647 expiration of the probation or community control, authority for  
648 the supervision shall revert to the commission and the  
649 supervision shall be subject to the conditions imposed by the  
650 commission.

651 (d) If any inmate required to register as a sexual  
652 predator under s. 775.21 or as a sexual offender under s.  
653 943.0435 is placed on conditional release supervision is also  
654 subject to probation or community control, the period of court-  
655 ordered community supervision shall not be substituted for  
656 conditional release supervision and shall follow the term of  
657 conditional release supervision.

658 (e) A panel of no fewer than two commissioners shall  
659 establish the terms and conditions of any such release. If the  
660 offense was a controlled substance violation, the conditions

HB 591 CS

2006  
CS

661 shall include a requirement that the offender submit to random  
662 substance abuse testing intermittently throughout the term of  
663 conditional release supervision, upon the direction of the  
664 correctional probation officer as defined in s. 943.10(3). The  
665 commission shall also determine whether the terms and conditions  
666 of such release have been violated and whether such violation  
667 warrants revocation of the conditional release.

668 (6) The commission shall review the recommendations of the  
669 department, and such other information as it deems relevant, and  
670 may conduct a review of the inmate's record for the purpose of  
671 establishing the terms and conditions of the conditional  
672 release. The commission may impose any special conditions it  
673 considers warranted from its review of the release plan and  
674 recommendation. If the commission determines that the inmate is  
675 eligible for release under this section, the commission shall  
676 enter an order establishing the length of supervision and the  
677 conditions attendant thereto. However, an inmate who has been  
678 convicted of a violation of chapter 794 or found by the court to  
679 be a sexual predator is subject to the maximum level of  
680 supervision provided, with the mandatory conditions as required  
681 in subsection (7), and that supervision shall continue through  
682 the end of the releasee's original court-imposed sentence. The  
683 length of supervision must not exceed the maximum penalty  
684 imposed by the court. The commission may modify the conditions  
685 of supervision at any time as warranted in the interest of  
686 public safety.

687 (7) (a) Any inmate who is convicted of a crime committed on  
688 or after October 1, 1995, or who has been previously convicted

HB 591 CS

2006  
CS

689 of a crime committed on or after October 1, 1995, in violation  
690 of chapter 794, s. 800.04, s. 827.071, or s. 847.0145, and is  
691 subject to conditional release supervision, shall have, in  
692 addition to any other conditions imposed, the following special  
693 conditions imposed by the commission:

694 1. A mandatory curfew from 10 p.m. to 6 a.m. The  
695 commission may designate another 8-hour period if the offender's  
696 employment precludes the above specified time, and such  
697 alternative is recommended by the Department of Corrections. If  
698 the commission determines that imposing a curfew would endanger  
699 the victim, the commission may consider alternative sanctions.

700 2.a. If the victim was under the age of 18, a prohibition  
701 on living within 1,000 feet of a school, day care center, park,  
702 playground, designated public school bus stop, or other place  
703 where children regularly congregate. A releasee who is subject  
704 to this subparagraph may not relocate to a residence that is  
705 within 1,000 feet of a public school bus stop.

706 b. Beginning October 1, 2004, the commission or the  
707 department may not approve a residence that is located within  
708 1,000 feet of a school, day care center, park, playground,  
709 designated school bus stop, or other place where children  
710 regularly congregate for any releasee who is subject to this  
711 subparagraph. On October 1, 2004, the department shall notify  
712 each affected school district of the location of the residence  
713 of a releasee 30 days prior to release and thereafter, if the  
714 releasee relocates to a new residence, shall notify any affected  
715 school district of the residence of the releasee within 30 days  
716 after relocation. If, on October 1, 2004, any public school bus

HB 591 CS

2006  
CS

717 stop is located within 1,000 feet of the existing residence of  
718 such releasee, the district school board shall relocate that  
719 school bus stop. Beginning October 1, 2004, a district school  
720 board may not establish or relocate a public school bus stop  
721 within 1,000 feet of the residence of a releasee who is subject  
722 to this subparagraph. The failure of the district school board  
723 to comply with this subparagraph shall not result in a violation  
724 of conditional release supervision.

725 c. Beginning October 1, 2006, neither the commission nor  
726 the department may approve a residence located within 1,500 feet  
727 of a school, day care center, park, playground, designated  
728 school bus stop, library, or other business or place where  
729 children regularly congregate for any releasee who is subject to  
730 this subparagraph. The distance provided in this sub-  
731 paragraph shall be measured in a straight line from the  
732 offender's place of residence to the nearest boundary line of  
733 the school, day care center, park, playground, library, or other  
734 business or place where children regularly congregate. The  
735 distance may not be measured by a pedestrian route or automobile  
736 route.

737 3. Active participation in and successful completion of a  
738 sex offender treatment program with qualified practitioners  
739 specifically trained to treat sex offenders, at the releasee's  
740 own expense. If a qualified practitioner is not available within  
741 a 50-mile radius of the releasee's residence, the offender shall  
742 participate in other appropriate therapy.

743 4. A prohibition on any contact with the victim, directly  
744 or indirectly, including through a third person, unless approved

HB 591 CS

2006  
CS

745 | by the victim, the offender's therapist, and the sentencing  
746 | court.

747 |       5. If the victim was under the age of 18, a prohibition  
748 | against contact with children under the age of 18 without review  
749 | and approval by the commission. The commission may approve  
750 | supervised contact with a child under the age of 18 if the  
751 | approval is based upon a recommendation for contact issued by a  
752 | qualified practitioner who is basing the recommendation on a  
753 | risk assessment. Further, the sex offender must be currently  
754 | enrolled in or have successfully completed a sex offender  
755 | therapy program. The commission may not grant supervised contact  
756 | with a child if the contact is not recommended by a qualified  
757 | practitioner and may deny supervised contact with a child at any  
758 | time. When considering whether to approve supervised contact  
759 | with a child, the commission must review and consider the  
760 | following:

761 |       a. A risk assessment completed by a qualified  
762 | practitioner. The qualified practitioner must prepare a written  
763 | report that must include the findings of the assessment and  
764 | address each of the following components:

765 |           (I) The sex offender's current legal status;

766 |           (II) The sex offender's history of adult charges with  
767 | apparent sexual motivation;

768 |           (III) The sex offender's history of adult charges without  
769 | apparent sexual motivation;

770 |           (IV) The sex offender's history of juvenile charges,  
771 | whenever available;

772 (V) The sex offender's offender treatment history,  
 773 including a consultation from the sex offender's treating, or  
 774 most recent treating, therapist;

775 (VI) The sex offender's current mental status;

776 (VII) The sex offender's mental health and substance abuse  
 777 history as provided by the Department of Corrections;

778 (VIII) The sex offender's personal, social, educational,  
 779 and work history;

780 (IX) The results of current psychological testing of the  
 781 sex offender if determined necessary by the qualified  
 782 practitioner;

783 (X) A description of the proposed contact, including the  
 784 location, frequency, duration, and supervisory arrangement;

785 (XI) The child's preference and relative comfort level  
 786 with the proposed contact, when age-appropriate;

787 (XII) The parent's or legal guardian's preference  
 788 regarding the proposed contact; and

789 (XIII) The qualified practitioner's opinion, along with  
 790 the basis for that opinion, as to whether the proposed contact  
 791 would likely pose significant risk of emotional or physical harm  
 792 to the child.

793

794 The written report of the assessment must be given to the  
 795 commission.

796 b. A recommendation made as a part of the risk-assessment  
 797 report as to whether supervised contact with the child should be  
 798 approved;

HB 591 CS

2006  
CS

799 c. A written consent signed by the child's parent or legal  
800 guardian, if the parent or legal guardian is not the sex  
801 offender, agreeing to the sex offender having supervised contact  
802 with the child after receiving full disclosure of the sex  
803 offender's present legal status, past criminal history, and the  
804 results of the risk assessment. The commission may not approve  
805 contact with the child if the parent or legal guardian refuses  
806 to give written consent for supervised contact;

807 d. A safety plan prepared by the qualified practitioner,  
808 who provides treatment to the offender, in collaboration with  
809 the sex offender, the child's parent or legal guardian, and the

1043 (c), subject to the best commercially available technology at

1044 the time of procurement. Such a system must:

1045 (a) Have the capacity to continuously receive electronic

CS

1074        2. Have the capability of issuing an alarm to an internal

1083 purposes of followup investigations and vendor contract  
1084 auditing. The system should be capable of recording the  
1085 continuous uninterrupted movement of all monitored individuals  
1086 by specific position, rather than solely by area or zone. All  
1087 tracking data shall also be periodically archived by appropriate  
1088 electronic data transfer to a permanent storage medium  
1089 designated as acceptable by the department and retained for at  
1090 least a 5-year period. In addition, tracking data collected from  
1091 each facility shall be electronically transmitted periodically  
1092 to a secure centralized offsite location designated by the  
1093 department and in an appropriate storage medium designated as  
1094 acceptable by the department as a supplemental backup to protect  
1095 the archived data from alteration and to prevent loss due to  
1096 disaster or other cause.

1113 that does not pose a safety hazard or unduly restrict the  
1114 activities of the offender.

1115 9. Have the capability of being attached to the offender  
1116 in a manner that readily reveals any efforts to tamper with or  
1117 remove the transmitter upon visual inspection.

1118 10. Either possess straps or other mechanisms for  
1119 attaching the transmitter to the offender which are capable of  
1120 being adjusted to fit an offender of any size or available in a
