

1           (2) As used in this section, the term "sexual assault"  
2 means:  
3           (a) Sexual battery, as defined in chapter 794;  
4           (b) A lewd and lascivious act, as defined in chapter  
5 800;  
6           (c) Sexual conduct as defined in chapter 827;  
7           (d) Deviate sexual intercourse as defined in chapter  
8 827; or  
9           (e) Any other forcible felony wherein a sexual act is  
10 committed or attempted,  
11  
12 regardless of whether criminal charges were filed, reduced, or  
13 dismissed by the state attorney.  
14           (3) The Agency for Health Care Administration, in  
15 cooperation with the Division of Victim Services within the  
16 Office of the Attorney General, shall develop, prepare, and  
17 produce written information relating to emergency  
18 contraception for distribution and use in each licensed  
19 facility that provides emergency room services in this state.  
20           (4) The written information regarding emergency  
21 contraception must be clearly written, readily comprehensible,  
22 unbiased, and medically and factually accurate.  
23           (5) A licensed facility that provides emergency room  
24 services shall have written policies and procedures to ensure  
25 that a health care professional who provides care or  
26 information to a victim of sexual assault is trained to  
27 provide medically and factually accurate and objective  
28 information concerning emergency contraception to the victim  
29 of sexual assault.

30           Section 2. This act shall take effect October 1, 2006.
