87 Be It Enacted by the Legislature of the State of Florida:
88

89 Section 1. Subsection (11) of section 163.01, Florida
90 Statutes, is amended to read:

91 163.01 Florida Interlocal Cooperation Act of 1969.--

92 (11) Prior to its effectiveness, an interlocal agreement
93 and subsequent amendments thereto shall be filed with the clerk
94 of the circuit court of each county where a party to the
95 agreement is located. However, if the parties to the agreement
96 are located in multiple counties and the agreement under
97 subsection (7) provides for a separate legal entity or
98 administrative entity to administer the agreement, the
99 interlocal agreement and any amendments thereto may be filed
100 with the clerk of the circuit court in the county where the
101 legal or administrative entity maintains its principal place of
102 business.

103 Section 2. Paragraph (g) of subsection (6) and paragraph
104 (d) of subsection (11) of section 163.3177, Florida Statutes,
105 are amended to read:

106 163.3177 Required and optional elements of comprehensive
107 plan; studies and surveys.--

ENROLLED

HB 683, Engrossed 2

2006 Legislature

108 (6) In addition to the requirements of subsections (1)-(5)
109 and (12), the comprehensive plan shall include the following
110 elements:

111 (g)1. For those units of local government identified in s.
112 380.24, a coastal management element, appropriately related to
113 the particular requirements of paragraphs (d) and (e) and
114 meeting the requirements of s. 163.3178(2) and (3). The coastal
115 management element shall set forth the policies that shall guide
116 the local government's decisions and program implementation with
117 respect to the following objectives:

118 ~~a.1.~~ Maintenance, restoration, and enhancement of the
119 overall quality of the coastal zone environment, including, but
120 not limited to, its amenities and aesthetic values.

121 ~~b.2.~~ Continued existence of viable populations of all
122 species of wildlife and marine life.

123 ~~c.3.~~ The orderly and balanced utilization and
124 preservation, consistent with sound conservation principles, of
125 all living and nonliving coastal zone resources.

126 ~~d.4.~~ Avoidance of irreversible and irretrievable loss of
127 coastal zone resources.

128 ~~e.5.~~ Ecological planning principles and assumptions to be
129 used in the determination of suitability and extent of permitted
130 development.

131 ~~f.6.~~ Proposed management and regulatory techniques.

132 ~~g.7.~~ Limitation of public expenditures that subsidize
133 development in high-hazard coastal areas.

ENROLLED

HB 683, Engrossed 2

2006 Legislature

134 ~~h.8.~~ Protection of human life against the effects of
135 natural disasters.

136 ~~i.9.~~ The orderly development, maintenance, and use of
137 ports identified in s. 403.021(9) to facilitate deepwater
138 commercial navigation and other related activities.

139 ~~j.10.~~ Preservation, including sensitive adaptive use of
140 historic and archaeological resources.

141 2. As part of this element, a local government that has a
142 coastal management element in its comprehensive plan is
143 encouraged to adopt recreational surface water use policies that
144 include applicable criteria for and consider such factors as
145 natural resources, manatee protection needs, protection of
146 working waterfronts and public access to the water, and
147 recreation and economic demands. Criteria for manatee protection
148 in the recreational surface water use policies should reflect
149 applicable guidance outlined in the Boat Facility Siting Guide
150 prepared by the Fish and Wildlife Conservation Commission. If
151 the local government elects to adopt recreational surface water
152 use policies by comprehensive plan amendment, such comprehensive
153 plan amendment is exempt from the provisions of s. 163.3187(1).
154 Local governments that wish to adopt recreational surface water
155 use policies may be eligible for assistance with the development
156 of such policies through the Florida Coastal Management Program.
157 The Office of Program Policy Analysis and Government
158 Accountability shall submit a report on the adoption of
159 recreational surface water use policies under this subparagraph
160 to the President of the Senate, the Speaker of the House of

164 (11)

165 (d)1. The department, in cooperation with the Department
 166 of Agriculture and Consumer Services, the Department of
 167 Environmental Protection, water management districts, and
 168 regional planning councils, shall provide assistance to local
 169 governments in the implementation of this paragraph and rule 9J-
 170 5.006(5)(1), Florida Administrative Code. Implementation of
 171 those provisions shall include a process by which the department
 172 may authorize local governments to designate all or portions of
 173 lands classified in the future land use element as predominantly
 174 agricultural, rural, open, open-rural, or a substantively
 175 equivalent land use, as a rural land stewardship area within
 176 which planning and economic incentives are applied to encourage
 177 the implementation of innovative and flexible planning and
 178 development strategies and creative land use planning
 179 techniques, including those contained herein and in rule 9J-
 180 5.006(5)(1), Florida Administrative Code. Assistance may
 181 include, but is not limited to:

182 a. Assistance from the Department of Environmental
 183 Protection and water management districts in creating the
 184 geographic information systems land cover database and aerial
 185 photogrammetry needed to prepare for a rural land stewardship
 186 area;

ENROLLED

HB 683, Engrossed 2

2006 Legislature

187 b. Support for local government implementation of rural
 188 land stewardship concepts by providing information and
 189 assistance to local governments regarding land acquisition
 190 programs that may be used by the local government or landowners
 191 to leverage the protection of greater acreage and maximize the
 192 effectiveness of rural land stewardship areas; and

193 c. Expansion of the role of the Department of Community
 194 Affairs as a resource agency to facilitate establishment of
 195 rural land stewardship areas in smaller rural counties that do
 196 not have the staff or planning budgets to create a rural land
 197 stewardship area.

198 2. The department shall encourage participation by local
 199 governments of different sizes and rural characteristics in
 200 establishing and implementing rural land stewardship areas. It
 201 is the intent of the Legislature that rural land stewardship
 202 areas be used to further the following broad principles of rural
 203 sustainability: restoration and maintenance of the economic
 204 value of rural land; control of urban sprawl; identification and
 205 protection of ecosystems, habitats, and natural resources;
 206 promotion of rural economic activity; maintenance of the
 207 viability of Florida's agricultural economy; and protection of
 208 the character of rural areas of Florida. Rural land stewardship
 209 areas may be multicounty in order to encourage coordinated
 210 regional stewardship planning.

211 3. A local government, in conjunction with a regional
 212 planning council, a stakeholder organization of private land
 213 owners, or another local government, shall notify the department

ENROLLED

HB 683, Engrossed 2

2006 Legislature

214 | in writing of its intent to designate a rural land stewardship
215 | area. The written notification shall describe the basis for the
216 | designation, including the extent to which the rural land
217 | stewardship area enhances rural land values, controls urban
218 | sprawl, provides necessary open space for agriculture and
219 | protection of the natural environment, promotes rural economic
220 | activity, and maintains rural character and the economic
221 | viability of agriculture.

222 | 4. A rural land stewardship area shall be not less than
223 | 10,000 acres and shall be located outside of municipalities and
224 | established urban growth boundaries, and shall be designated by
225 | plan amendment. The plan amendment designating a rural land
226 | stewardship area shall be subject to review by the Department of
227 | Community Affairs pursuant to s. 163.3184 and shall provide for
228 | the following:

229 | a. Criteria for the designation of receiving areas within
230 | rural land stewardship areas in which innovative planning and
231 | development strategies may be applied. Criteria shall at a
232 | minimum provide for the following: adequacy of suitable land to
233 | accommodate development so as to avoid conflict with
234 | environmentally sensitive areas, resources, and habitats;
235 | compatibility between and transition from higher density uses to
236 | lower intensity rural uses; the establishment of receiving area
237 | service boundaries which provide for a separation between
238 | receiving areas and other land uses within the rural land
239 | stewardship area through limitations on the extension of
240 | services; and connection of receiving areas with the rest of the

241 rural land stewardship area using rural design and rural road
242 corridors.

243 b. Goals, objectives, and policies setting forth the
244 innovative planning and development strategies to be applied
245 within rural land stewardship areas pursuant to the provisions
246 of this section.

247 c. A process for the implementation of innovative planning
248 and development strategies within the rural land stewardship
249 area, including those described in this subsection and rule 9J-
250 5.006(5)(1), Florida Administrative Code, which provide for a
251 functional mix of land uses, including adequate available
252 workforce housing, including low, very-low and moderate income
253 housing for the development anticipated in the receiving area
254 and which are applied through the adoption by the local
255 government of zoning and land development regulations applicable
256 to the rural land stewardship area.

257 d. A process which encourages visioning pursuant to s.
258 163.3167(11) to ensure that innovative planning and development
259 strategies comply with the provisions of this section.

260 e. The control of sprawl through the use of innovative
261 strategies and creative land use techniques consistent with the
262 provisions of this subsection and rule 9J-5.006(5)(1), Florida
263 Administrative Code.

264 5. A receiving area shall be designated by the adoption of
265 a land development regulation. Prior to the designation of a
266 receiving area, the local government shall provide the
267 Department of Community Affairs a period of 30 days in which to

ENROLLED

HB 683, Engrossed 2

2006 Legislature

268 review a proposed receiving area for consistency with the rural
269 land stewardship area plan amendment and to provide comments to
270 the local government. At the time of designation of a
271 stewardship receiving area, a listed species survey will be
272 performed. If listed species occur on the receiving area site,
273 the developer shall coordinate with each appropriate local,
274 state, or federal agency to determine if adequate provisions
275 have been made to protect those species in accordance with
276 applicable regulations. In determining the adequacy of
277 provisions for the protection of listed species and their
278 habitats, the rural land stewardship area shall be considered as
279 a whole, and the impacts to areas to be developed as receiving
280 areas shall be considered together with the environmental
281 benefits of areas protected as sending areas in fulfilling this
282 criteria.

283 6. Upon the adoption of a plan amendment creating a rural
284 land stewardship area, the local government shall, by ordinance,
285 establish the methodology for the creation, conveyance, and use
286 of transferable rural land use credits, otherwise referred to as
287 stewardship credits, the application of which shall not
288 constitute a right to develop land, nor increase density of
289 land, except as provided by this section. The total amount of
290 transferable rural land use credits within the rural land
291 stewardship area must enable the realization of the long-term
292 vision and goals for the 25-year or greater projected population
293 of the rural land stewardship area, which may take into
294 consideration the anticipated effect of the proposed receiving

296 | following limitations:

297 | a. Transferable rural land use credits may only exist
298 | within a rural land stewardship area.

299 | b. Transferable rural land use credits may only be used on
300 | lands designated as receiving areas and then solely for the
301 | purpose of implementing innovative planning and development
302 | strategies and creative land use planning techniques adopted by
303 | the local government pursuant to this section.

304 | c. Transferable rural land use credits assigned to a
305 | parcel of land within a rural land stewardship area shall cease
306 | to exist if the parcel of land is removed from the rural land
307 | stewardship area by plan amendment.

308 | d. Neither the creation of the rural land stewardship area
309 | by plan amendment nor the assignment of transferable rural land
310 | use credits by the local government shall operate to displace
311 | the underlying density of land uses assigned to a parcel of land
312 | within the rural land stewardship area; however, if transferable
313 | rural land use credits are transferred from a parcel for use
314 | within a designated receiving area, the underlying density
315 | assigned to the parcel of land shall cease to exist.

316 | e. The underlying density on each parcel of land located
317 | within a rural land stewardship area shall not be increased or
318 | decreased by the local government, except as a result of the
319 | conveyance or use of transferable rural land use credits, as
320 | long as the parcel remains within the rural land stewardship
321 | area.

322 f. Transferable rural land use credits shall cease to
323 exist on a parcel of land where the underlying density assigned
324 to the parcel of land is utilized.

325 g. An increase in the density of use on a parcel of land
326 located within a designated receiving area may occur only
327 through the assignment or use of transferable rural land use
328 credits and shall not require a plan amendment.

329 h. A change in the density of land use on parcels located
330 within receiving areas shall be specified in a development order
331 which reflects the total number of transferable rural land use
332 credits assigned to the parcel of land and the infrastructure
333 and support services necessary to provide for a functional mix
334 of land uses corresponding to the plan of development.

335 i. Land within a rural land stewardship area may be
336 removed from the rural land stewardship area through a plan
337 amendment.

338 j. Transferable rural land use credits may be assigned at
339 different ratios of credits per acre according to the natural
340 resource or other beneficial use characteristics of the land and
341 according to the land use remaining following the transfer of
342 credits, with the highest number of credits per acre assigned to
343 the most environmentally valuable land or, in locations where
344 the retention of open space and agricultural land is a priority,
345 to such lands.

346 k. The use or conveyance of transferable rural land use
347 credits must be recorded in the public records of the county in
348 which the property is located as a covenant or restrictive

 350 | the Department of Environmental Protection, Department of
 351 | Agriculture and Consumer Services, a water management district,
 352 | or a recognized statewide land trust.

353 | 7. Owners of land within rural land stewardship areas
 354 | should be provided incentives to enter into rural land
 355 | stewardship agreements, pursuant to existing law and rules
 356 | adopted thereto, with state agencies, water management
 357 | districts, and local governments to achieve mutually agreed upon
 358 | conservation objectives. Such incentives may include, but not be
 359 | limited to, the following:

360 | a. Opportunity to accumulate transferable mitigation
 361 | credits.

362 | b. Extended permit agreements.

363 | c. Opportunities for recreational leases and ecotourism.

364 | d. Payment for specified land management services on
 365 | publicly owned land, or property under covenant or restricted
 366 | easement in favor of a public entity.

367 | e. Option agreements for sale to public entities or
 368 | private land conservation entities, in either fee or easement,
 369 | upon achievement of conservation objectives.

370 | 8. The department shall report to the Legislature on an
 371 | annual basis on the results of implementation of rural land
 372 | stewardship areas authorized by the department, including
 373 | successes and failures in achieving the intent of the

375 Section 3. Paragraph (a) of subsection (12) of section
 376 163.3180, Florida Statutes, is amended to read:

377 163.3180 Concurrency.--

378 (12) When authorized by a local comprehensive plan, a
 379 multiuse development of regional impact may satisfy the
 380 transportation concurrency requirements of the local
 381 comprehensive plan, the local government's concurrency
 382 management system, and s. 380.06 by payment of a proportionate-
 383 share contribution for local and regionally significant traffic
 384 impacts, if:

385 (a) The development of regional impact meets or exceeds
 386 the guidelines and standards of s. 380.0651(3) (h) ~~(i)~~ and rule
 387 28-24.032(2), Florida Administrative Code, and includes a
 388 residential component that contains at least 100 residential
 389 dwelling units or 15 percent of the applicable residential
 390 guideline and standard, whichever is greater;

391
 392 The proportionate-share contribution may be applied to any
 393 transportation facility to satisfy the provisions of this
 394 subsection and the local comprehensive plan, but, for the
 395 purposes of this subsection, the amount of the proportionate-
 396 share contribution shall be calculated based upon the cumulative
 397 number of trips from the proposed development expected to reach
 398 roadways during the peak hour from the complete buildout of a
 399 stage or phase being approved, divided by the change in the peak
 400 hour maximum service volume of roadways resulting from

 405 subsection, "construction cost" includes all associated costs of
 406 the improvement.

407 Section 4. Subsection (3) of section 197.303, Florida
 408 Statutes, is amended to read:

409 197.303 Ad valorem tax deferral for recreational and
 410 commercial working waterfront properties.--

411 (3) The ordinance shall designate the percentage or amount
 412 of the deferral and the type and location of working waterfront
 413 property, including the type of public lodging establishments,
 414 for which deferrals may be granted, which may include any
 415 property meeting the provisions of s. 342.07(2), which property
 416 may be further required to be located within a particular
 417 geographic area or areas of the county or municipality.

418 Section 5. Section 336.68, Florida Statutes, is created to

420 336.68 Special road and bridge district boundaries;
 421 property owner rights and options.--

422 (1) The owner of real property located within both the
 423 boundaries of a community development district created under
 424 chapter 190 and within the boundaries of a special road and
 425 bridge district created by the alternative method of
 426 establishing special road and bridge districts previously
 427 authorized under ss. 336.61-336.67 shall have the option to

430 Having made the selection, the property owner shall further have
431 the right to withdraw the property from the boundaries of the
432 special road and bridge district under the procedures set forth
433 in this section.

434 (2) To be eligible for withdrawal, the subject property
435 shall not have received improvements or benefits from the
436 special road and bridge district; there shall be no outstanding
437 bonded indebtedness of the special road and bridge district for
438 which the property is subject to ad valorem tax levies; and the
439 withdrawal of the property shall not create an enclave bounded
440 on all sides by the other property within the boundaries of the
441 district when the property owner withdraws the property from the
442 boundaries of the district.

443 (3) The election by a property owner to withdraw property
444 from the boundaries of a district as described in this section
445 shall be accomplished by filing a certificate in the official
446 records of the county in which the property is located. The
447 certificate shall identify the name and mailing address of the
448 owner, the legal description of the property, the name of the
449 district from which the property is being withdrawn, and the
450 general location of the property within district. The
451 certificate shall further state that the property has not
452 received benefits from the district from which the property is
453 to be withdrawn; that there is no bonded indebtedness owed by
454 the district; and that the property being withdrawn will not
455 become an enclave within the district boundaries.

456 (4) The property owner shall provide copies of the
457 recorded certificate to the governing body of the district from
458 which the property is being withdrawn within days 10 days after
459 the date that the certificate is recorded. If the district does
460 not record an objection to the withdrawal of the property in the
461 public records within 30 days after the recording of the
462 certificate identifying the criteria in this section that has
463 not been met, the withdrawal shall be final and the property
464 shall be permanently withdrawn from the boundaries of the
465 district.

466 Section 6. Section 342.07, Florida Statutes, is amended to
467 read:

468 342.07 Recreational and commercial working waterfronts;
469 legislative findings; definitions.--

470 (1) The Legislature recognizes that there is an important
471 state interest in facilitating boating and other recreational
472 access to the state's navigable waters. This access is vital to
473 tourists and recreational users and the marine industry in the
474 state, to maintaining or enhancing the \$57 billion economic
475 impact of tourism and the \$14 billion economic impact of boating
476 in the state annually, and to ensuring continued access to all
477 residents and visitors to the navigable waters of the state. The
478 Legislature recognizes that there is an important state interest
479 in maintaining viable water-dependent support facilities, such
480 as public lodging establishments and boat hauling and repairing
481 and commercial fishing facilities, and in maintaining the
482 availability of public access to the navigable waters of the

ENROLLED

HB 683, Engrossed 2

2006 Legislature

483 state. The Legislature further recognizes that the waterways of
484 the state are important for engaging in commerce and the
485 transportation of goods and people upon such waterways and that
486 such commerce and transportation is not feasible unless there is
487 access to and from the navigable waters of the state through
488 recreational and commercial working waterfronts.

489 (2) As used in this section, the term "recreational and
490 commercial working waterfront" means a parcel or parcels of real
491 property that provide access for water-dependent commercial
492 activities, including hotels and motels as defined in s.
493 509.242(1), or provide access for the public to the navigable
494 waters of the state. Recreational and commercial working
495 waterfronts require direct access to or a location on, over, or
496 adjacent to a navigable body of water. The term includes water-
497 dependent facilities that are open to the public and offer
498 public access by vessels to the waters of the state or that are
499 support facilities for recreational, commercial, research, or
500 governmental vessels. These facilities include public lodging
501 establishments, docks, wharfs, lifts, wet and dry marinas, boat
502 ramps, boat hauling and repair facilities, commercial fishing
503 facilities, boat construction facilities, and other support
504 structures over the water. As used in this section, the term
505 "vessel" has the same meaning as in s. 327.02(37). Seaports are
506 excluded from the definition.

507 Section 7. Section 373.4132, Florida Statutes, is created
508 to read:

ENROLLED

HB 683, Engrossed 2

2006 Legislature

509 373.4132 Dry storage facility permitting.--The governing
 510 board or the department shall require a permit under this part,
 511 including s. 373.4145, for the construction, alteration,
 512 operation, maintenance, abandonment, or removal of a dry storage
 513 facility for 10 or more vessels that is functionally associated
 514 with a boat launching area. As part of an applicant's
 515 demonstration that such a facility will not be harmful to the
 516 water resources and will not be inconsistent with the overall
 517 objectives of the district, the governing board or department
 518 shall require the applicant to provide reasonable assurance that
 519 the secondary impacts from the facility will not cause adverse
 520 impacts to the functions of wetlands and surface waters,
 521 including violations of state water quality standards applicable
 522 to waters as defined in s. 403.031(13), and will meet the public
 523 interest test of s. 373.414(1)(a), including the potential
 524 adverse impacts to manatees. Nothing in this section shall
 525 affect the authority of the governing board or the department to
 526 regulate such secondary impacts under this part for other
 527 regulated activities.

528 Section 8. Paragraph (d) of subsection (2), paragraphs (a)
 529 and (i) of subsection (4), and subsections (15), (19), (24), and
 530 (26) of section 380.06, Florida Statutes, are amended, and
 531 subsection (28) is added to that section, to read:

532 380.06 Developments of regional impact.--

533 (2) STATEWIDE GUIDELINES AND STANDARDS.--

534 (d) The guidelines and standards shall be applied as
 535 follows:

ENROLLED

HB 683, Engrossed 2

2006 Legislature

536 1. Fixed thresholds.--

537 a. A development that is below 100 percent of all

538 numerical thresholds in the guidelines and standards shall not

539 be required to undergo development-of-regional-impact review.

540 b. A development that is at or above 120 percent of any

541 numerical threshold shall be required to undergo development-of-

542 regional-impact review.

543 c. Projects certified under s. 403.973 which create at

544 least 100 jobs and meet the criteria of the Office of Tourism,

545 Trade, and Economic Development as to their impact on an area's

546 economy, employment, and prevailing wage and skill levels that

547 are at or below 100 percent of the numerical thresholds for

548 industrial plants, industrial parks, distribution, warehousing

549 or wholesaling facilities, office development or multiuse

550 projects other than residential, as described in s.

551 380.0651(3)(c), (d), and (h)~~(i)~~, are not required to undergo

552 development-of-regional-impact review.

553 2. Rebuttable presumption.--It shall be presumed that a

554 development that is at 100 percent or between 100 and 120

555 percent of a numerical threshold shall be required to undergo

556 development-of-regional-impact review.

557 (4) BINDING LETTER.--

558 (a) If any developer is in doubt whether his or her

559 proposed development must undergo development-of-regional-impact

560 review under the guidelines and standards, whether his or her

561 rights have vested pursuant to subsection (20), or whether a

562 proposed substantial change to a development of regional impact

ENROLLED

HB 683, Engrossed 2

2006 Legislature

563 concerning which rights had previously vested pursuant to
 564 subsection (20) would divest such rights, the developer may
 565 request a determination from the state land planning agency. The
 566 developer or the appropriate local government having
 567 jurisdiction may request that the state land planning agency
 568 determine whether the amount of development that remains to be
 569 built in an approved development of regional impact meets the
 570 criteria of subparagraph (15)(g)3.

571 (i) In response to an inquiry from a developer or the
 572 appropriate local government having jurisdiction, the state land
 573 planning agency may issue an informal determination in the form
 574 of a clearance letter as to whether a development is required to
 575 undergo development-of-regional-impact review or whether the
 576 amount of development that remains to be built in an approved
 577 development of regional impact meets the criteria of
 578 subparagraph (15)(g)3. A clearance letter may be based solely on
 579 the information provided by the developer, and the state land
 580 planning agency is not required to conduct an investigation of
 581 that information. If any material information provided by the
 582 developer is incomplete or inaccurate, the clearance letter is
 583 not binding upon the state land planning agency. A clearance
 584 letter does not constitute final agency action.

585 (15) LOCAL GOVERNMENT DEVELOPMENT ORDER.--

586 (a) The appropriate local government shall render a
 587 decision on the application within 30 days after the hearing
 588 unless an extension is requested by the developer.

ENROLLED

HB 683, Engrossed 2

2006 Legislature

589 (b) When possible, local governments shall issue
 590 development orders concurrently with any other local permits or
 591 development approvals that may be applicable to the proposed
 592 development.

593 (c) The development order shall include findings of fact
 594 and conclusions of law consistent with subsections (13) and
 595 (14). The development order:

596 1. Shall specify the monitoring procedures and the local
 597 official responsible for assuring compliance by the developer
 598 with the development order.

599 2. Shall establish compliance dates for the development
 600 order, including a deadline for commencing physical development
 601 and for compliance with conditions of approval or phasing
 602 requirements, and shall include a buildout ~~termination~~ date that
 603 reasonably reflects the time anticipated ~~required~~ to complete
 604 the development.

605 3. Shall establish a date until which the local government
 606 agrees that the approved development of regional impact shall
 607 not be subject to downzoning, unit density reduction, or
 608 intensity reduction, unless the local government can demonstrate
 609 that substantial changes in the conditions underlying the
 610 approval of the development order have occurred or the
 611 development order was based on substantially inaccurate
 612 information provided by the developer or that the change is
 613 clearly established by local government to be essential to the
 614 public health, safety, or welfare. The date established pursuant

ENROLLED

HB 683, Engrossed 2

2006 Legislature

615 to this subparagraph shall be no sooner than the buildout date
616 of the project.

617 4. Shall specify the requirements for the biennial report
618 designated under subsection (18), including the date of
619 submission, parties to whom the report is submitted, and
620 contents of the report, based upon the rules adopted by the
621 state land planning agency. Such rules shall specify the scope
622 of any additional local requirements that may be necessary for
623 the report.

624 5. May specify the types of changes to the development
625 which shall require submission for a substantial deviation
626 determination or a notice of proposed change under subsection
627 (19).

628 6. Shall include a legal description of the property.

629 (d) Conditions of a development order that require a
630 developer to contribute land for a public facility or construct,
631 expand, or pay for land acquisition or construction or expansion
632 of a public facility, or portion thereof, shall meet the
633 following criteria:

634 1. The need to construct new facilities or add to the
635 present system of public facilities must be reasonably
636 attributable to the proposed development.

637 2. Any contribution of funds, land, or public facilities
638 required from the developer shall be comparable to the amount of
639 funds, land, or public facilities that the state or the local
640 government would reasonably expect to expend or provide, based

ENROLLED

HB 683, Engrossed 2

2006 Legislature

641 on projected costs of comparable projects, to mitigate the
642 impacts reasonably attributable to the proposed development.

643 3. Any funds or lands contributed must be expressly
644 designated and used to mitigate impacts reasonably attributable
645 to the proposed development.

646 4. Construction or expansion of a public facility by a
647 nongovernmental developer as a condition of a development order
648 to mitigate the impacts reasonably attributable to the proposed
649 development is not subject to competitive bidding or competitive
650 negotiation for selection of a contractor or design professional
651 for any part of the construction or design ~~unless required by~~
652 ~~the local government that issues the development order.~~

653 (e)1. ~~Effective July 1, 1986,~~ A local government shall not
654 include, as a development order condition for a development of
655 regional impact, any requirement that a developer contribute or
656 pay for land acquisition or construction or expansion of public
657 facilities or portions thereof unless the local government has
658 enacted a local ordinance which requires other development not
659 subject to this section to contribute its proportionate share of
660 the funds, land, or public facilities necessary to accommodate
661 any impacts having a rational nexus to the proposed development,
662 and the need to construct new facilities or add to the present
663 system of public facilities must be reasonably attributable to
664 the proposed development.

665 2. A local government shall not approve a development of
666 regional impact that does not make adequate provision for the
667 public facilities needed to accommodate the impacts of the

ENROLLED

HB 683, Engrossed 2

2006 Legislature

668 | proposed development unless the local government includes in the
669 | development order a commitment by the local government to
670 | provide these facilities consistently with the development
671 | schedule approved in the development order; however, a local
672 | government's failure to meet the requirements of subparagraph 1.
673 | and this subparagraph shall not preclude the issuance of a
674 | development order where adequate provision is made by the
675 | developer for the public facilities needed to accommodate the
676 | impacts of the proposed development. Any funds or lands
677 | contributed by a developer must be expressly designated and used
678 | to accommodate impacts reasonably attributable to the proposed
679 | development.

680 | 3. The Department of Community Affairs and other state and
681 | regional agencies involved in the administration and
682 | implementation of this act shall cooperate and work with units
683 | of local government in preparing and adopting local impact fee
684 | and other contribution ordinances.

685 | (f) Notice of the adoption of a development order or the
686 | subsequent amendments to an adopted development order shall be
687 | recorded by the developer, in accordance with s. 28.222, with
688 | the clerk of the circuit court for each county in which the
689 | development is located. The notice shall include a legal
690 | description of the property covered by the order and shall state
691 | which unit of local government adopted the development order,
692 | the date of adoption, the date of adoption of any amendments to
693 | the development order, the location where the adopted order with
694 | any amendments may be examined, and that the development order

ENROLLED

HB 683, Engrossed 2

2006 Legislature

695 constitutes a land development regulation applicable to the
 696 property. The recording of this notice shall not constitute a
 697 lien, cloud, or encumbrance on real property, or actual or
 698 constructive notice of any such lien, cloud, or encumbrance.
 699 This paragraph applies only to developments initially approved
 700 under this section after July 1, 1980.

701 (g) A local government shall not issue permits for
 702 development subsequent to the buildout ~~termination date or~~
 703 ~~expiration~~ date contained in the development order unless:

704 1. The proposed development has been evaluated
 705 cumulatively with existing development under the substantial
 706 deviation provisions of subsection (19) subsequent to the
 707 termination or expiration date;

708 2. The proposed development is consistent with an
 709 abandonment of development order that has been issued in
 710 accordance with the provisions of subsection (26); ~~or~~

711 3. The development of regional impact is essentially built
 712 out, in that all the mitigation requirements in the development
 713 order have been satisfied, all developers are in compliance with
 714 all applicable terms and conditions of the development order
 715 except the buildout date, and the amount of proposed development
 716 that remains to be built is less than 20 percent of any
 717 applicable development-of-regional-impact threshold; or

718 ~~4.3-~~ The project has been determined to be an essentially
 719 built-out development of regional impact through an agreement
 720 executed by the developer, the state land planning agency, and
 721 the local government, in accordance with s. 380.032, which will

ENROLLED
 HB 683, Engrossed 2

2006 Legislature

722 establish the terms and conditions under which the development
 723 may be continued. If the project is determined to be essentially
 724 built out ~~built-out~~, development may proceed pursuant to the s.
 725 380.032 agreement after the termination or expiration date
 726 contained in the development order without further development-
 727 of-regional-impact review subject to the local government
 728 comprehensive plan and land development regulations or subject
 729 to a modified development-of-regional-impact analysis. As used
 730 in this paragraph, an "essentially built-out" development of
 731 regional impact means:

732 a. The developers are ~~development is~~ in compliance with
 733 all applicable terms and conditions of the development order
 734 except the buildout ~~built-out~~ date; and

735 b.(I) The amount of development that remains to be built
 736 is less than the substantial deviation threshold specified in
 737 paragraph (19)(b) for each individual land use category, or, for
 738 a multiuse development, the sum total of all unbuilt land uses
 739 as a percentage of the applicable substantial deviation
 740 threshold is equal to or less than 100 percent; or

741 (II) The state land planning agency and the local
 742 government have agreed in writing that the amount of development
 743 to be built does not create the likelihood of any additional
 744 regional impact not previously reviewed.

745
 746 The single-family residential portions of a development may be
 747 considered "essentially built out" if all of the workforce
 748 housing obligations and all of the infrastructure and horizontal

ENROLLED

HB 683, Engrossed 2

2006 Legislature

749 development have been completed, at least 50 percent of the
750 dwelling units have been completed, and more than 80 percent of
751 the lots have been conveyed to third-party individual lot owners
752 or to individual builders who own no more than 40 lots at the
753 time of the determination. The mobile home park portions of a
754 development may be considered "essentially built out" if all the
755 infrastructure and horizontal development has been completed,
756 and at least 50 percent of the lots are leased to individual
757 mobile home owners.

758 (h) If the property is annexed by another local
759 jurisdiction, the annexing jurisdiction shall adopt a new
760 development order that incorporates all previous rights and
761 obligations specified in the prior development order.

762 (19) SUBSTANTIAL DEVIATIONS.--

763 (a) Any proposed change to a previously approved
764 development which creates a reasonable likelihood of additional
765 regional impact, or any type of regional impact created by the
766 change not previously reviewed by the regional planning agency,
767 shall constitute a substantial deviation and shall cause the
768 proposed change development to be subject to further
769 development-of-regional-impact review. There are a variety of
770 reasons why a developer may wish to propose changes to an
771 approved development of regional impact, including changed
772 market conditions. The procedures set forth in this subsection
773 are for that purpose.

774 (b) Any proposed change to a previously approved
775 development of regional impact or development order condition

ENROLLED

HB 683, Engrossed 2

2006 Legislature

776 | which, either individually or cumulatively with other changes,
 777 | exceeds any of the following criteria shall constitute a
 778 | substantial deviation and shall cause the development to be
 779 | subject to further development-of-regional-impact review without
 780 | the necessity for a finding of same by the local government:

781 | 1. An increase in the number of parking spaces at an
 782 | attraction or recreational facility by 10 ~~5~~ percent or 330 ~~300~~
 783 | spaces, whichever is greater, or an increase in the number of
 784 | spectators that may be accommodated at such a facility by 10 ~~5~~
 785 | percent or 1,100 ~~1,000~~ spectators, whichever is greater.

786 | 2. A new runway, a new terminal facility, a 25-percent
 787 | lengthening of an existing runway, or a 25-percent increase in
 788 | the number of gates of an existing terminal, but only if the
 789 | increase adds at least three additional gates.

790 | ~~3. An increase in the number of hospital beds by 5 percent~~
 791 | ~~or 60 beds, whichever is greater.~~

792 | ~~3.4.~~ An increase in industrial development area by 10 ~~5~~
 793 | percent or 35 ~~32~~ acres, whichever is greater.

794 | ~~4.5.~~ An increase in the average annual acreage mined by 10
 795 | ~~5~~ percent or 11 ~~10~~ acres, whichever is greater, or an increase
 796 | in the average daily water consumption by a mining operation by
 797 | 10 ~~5~~ percent or 330,000 ~~300,000~~ gallons, whichever is greater. A
 798 | net ~~An~~ increase in the size of the mine by 10 ~~5~~ percent or 825
 799 | ~~750~~ acres, whichever is less. For purposes of calculating any
 800 | net increases in size, only additions and deletions of lands
 801 | that have not been mined shall be considered. An increase in the
 802 | size of a heavy mineral mine as defined in s. 378.403(7) will

ENROLLED

HB 683, Engrossed 2

2006 Legislature

803 only constitute a substantial deviation if the average annual
804 acreage mined is more than 550 ~~500~~ acres and consumes more than
805 3.3 ~~3~~ million gallons of water per day.

806 ~~5.6.~~ An increase in land area for office development by 10
807 ~~5~~ percent or an increase of gross floor area of office
808 development by 10 ~~5~~ percent or 66,000 ~~60,000~~ gross square feet,
809 whichever is greater.

810 ~~7.~~ ~~An increase in the storage capacity for chemical or~~
811 ~~petroleum storage facilities by 5 percent, 20,000 barrels, or 7~~
812 ~~million pounds, whichever is greater.~~

813 ~~8.~~ ~~An increase of development at a waterport of wet~~
814 ~~storage for 20 watercraft, dry storage for 30 watercraft, or~~
815 ~~wet/dry storage for 60 watercraft in an area identified in the~~
816 ~~state marina siting plan as an appropriate site for additional~~
817 ~~waterport development or a 5 percent increase in watercraft~~
818 ~~storage capacity, whichever is greater.~~

819 ~~6.9.~~ An increase in the number of dwelling units by 10 ~~5~~
820 percent or 55 ~~50~~ dwelling units, whichever is greater.

821 7. An increase in the number of dwelling units by 50
822 percent or 200 units, whichever is greater, provided that 15
823 percent of the proposed additional dwelling units are dedicated
824 to affordable workforce housing, subject to a recorded land use
825 restriction that shall be for a period of not less than 20 years
826 and that includes resale provisions to ensure long-term
827 affordability for income-eligible homeowners and renters and
828 provisions for the workforce housing to be commenced prior to
829 the completion of 50 percent of the market rate dwelling. For

ENROLLED

HB 683, Engrossed 2

2006 Legislature

830 purposes of this subparagraph, the term "affordable workforce
 831 housing" means housing that is affordable to a person who earns
 832 less than 120 percent of the area median income, or less than
 833 140 percent of the area median income if located in a county in
 834 which the median purchase price for a single-family existing
 835 home exceeds the statewide median purchase price of a single-
 836 family existing home. For purposes of this subparagraph, the
 837 term "statewide median purchase price of a single-family
 838 existing home" means the statewide purchase price as determined
 839 in the Florida Sales Report, Single-Family Existing Homes,
 840 released each January by the Florida Association of Realtors and
 841 the University of Florida Real Estate Research Center.

842 8.10. An increase in commercial development by 55,000
 843 50,000 square feet of gross floor area or of parking spaces
 844 provided for customers for 330 ~~300~~ cars or a 10-percent ~~5-~~
 845 ~~percent~~ increase of either of these, whichever is greater.

846 9.11. An increase in hotel or motel rooms ~~facility units~~
 847 by 10 ~~5~~ percent or 83 rooms ~~75 units~~, whichever is greater.

848 10.12. An increase in a recreational vehicle park area by
 849 10 ~~5~~ percent or 110 ~~100~~ vehicle spaces, whichever is less.

850 11.13. A decrease in the area set aside for open space of
 851 5 percent or 20 acres, whichever is less.

852 12.14. A proposed increase to an approved multiuse
 853 development of regional impact where the sum of the increases of
 854 each land use as a percentage of the applicable substantial
 855 deviation criteria is equal to or exceeds 110 ~~100~~ percent. The
 856 percentage of any decrease in the amount of open space shall be

ENROLLED

HB 683, Engrossed 2

2006 Legislature

857 treated as an increase for purposes of determining when 110 ~~100~~
858 percent has been reached or exceeded.

859 ~~13.15.~~ A 15-percent increase in the number of external
860 vehicle trips generated by the development above that which was
861 projected during the original development-of-regional-impact
862 review.

863 ~~14.16.~~ Any change which would result in development of any
864 area which was specifically set aside in the application for
865 development approval or in the development order for
866 preservation or special protection of endangered or threatened
867 plants or animals designated as endangered, threatened, or
868 species of special concern and their habitat, any species
869 protected by 16 U.S.C. s. 668a-668d, primary dunes, or
870 archaeological and historical sites designated as significant by
871 the Division of Historical Resources of the Department of State.
872 The ~~further~~ refinement of the boundaries and configuration of
873 such areas by survey shall be considered under sub-subparagraph
874 (e)2.j. (e)5.b.

875
876 The substantial deviation numerical standards in subparagraphs
877 3., 5., 8., 9., and 12. 4., 6., 10., 14., excluding residential
878 uses, and in subparagraph 13. 15., are increased by 100 percent
879 for a project certified under s. 403.973 which creates jobs and
880 meets criteria established by the Office of Tourism, Trade, and
881 Economic Development as to its impact on an area's economy,
882 employment, and prevailing wage and skill levels. The
883 substantial deviation numerical standards in subparagraphs 3.,

ENROLLED

HB 683, Engrossed 2

2006 Legislature

884 5., 6., 7., 8., 9., 12., and 13. ~~4., 6., 9., 10., 11., and 14.~~
885 are increased by 50 percent for a project located wholly within
886 an urban infill and redevelopment area designated on the
887 applicable adopted local comprehensive plan future land use map
888 and not located within the coastal high hazard area.

889 (c) An extension of the date of buildout of a development,
890 or any phase thereof, by more than 7 ~~or more~~ years shall be
891 presumed to create a substantial deviation subject to further
892 development-of-regional-impact review. An extension of the date
893 of buildout, or any phase thereof, of more than 5 years ~~or more~~
894 but not more ~~less~~ than 7 years shall be presumed not to create a
895 substantial deviation. The extension of the date of buildout of
896 an areawide development of regional impact by more than 5 years
897 but less than 10 years is presumed not to create a substantial
898 deviation. These presumptions may be rebutted by clear and
899 convincing evidence at the public hearing held by the local
900 government. An extension of 5 years ~~or less than 5 years~~ is not
901 a substantial deviation. For the purpose of calculating when a
902 buildout or, ~~phase, or termination~~ date has been exceeded, the
903 time shall be tolled during the pendency of administrative or
904 judicial proceedings relating to development permits. Any
905 extension of the buildout date of a project or a phase thereof
906 shall automatically extend the commencement date of the project,
907 the termination date of the development order, the expiration
908 date of the development of regional impact, and the phases
909 thereof if applicable by a like period of time.

HB 683, Engrossed 2

2006 Legislature

910 (d) A change in the plan of development of an approved
911 development of regional impact resulting from requirements
912 imposed by the Department of Environmental Protection or any
913 water management district created by s. 373.069 or any of their
914 successor agencies or by any appropriate federal regulatory
915 agency shall be submitted to the local government pursuant to
916 this subsection. The change shall be presumed not to create a
917 substantial deviation subject to further development-of-
918 regional-impact review. The presumption may be rebutted by clear
919 and convincing evidence at the public hearing held by the local
920 government.

921 (e)1. Except for a development order rendered pursuant to
922 subsection (22) or subsection (25), a proposed change to a
923 development order that individually or cumulatively with any
924 previous change is less than any numerical criterion contained
925 in subparagraphs (b)1.-13. ~~(b)1.-15.~~ and does not exceed any
926 other criterion, or that involves an extension of the buildout
927 date of a development, or any phase thereof, of less than 5
928 years is not subject to the public hearing requirements of
929 subparagraph (f)3., and is not subject to a determination
930 pursuant to subparagraph (f)5. Notice of the proposed change
931 shall be made to the regional planning council and the state
932 land planning agency. Such notice shall include a description of
933 previous individual changes made to the development, including
934 changes previously approved by the local government, and shall
935 include appropriate amendments to the development order.

- 936 2. The following changes, individually or cumulatively
 937 with any previous changes, are not substantial deviations:
- 938 a. Changes in the name of the project, developer, owner,
 939 or monitoring official.
- 940 b. Changes to a setback that do not affect noise buffers,
 941 environmental protection or mitigation areas, or archaeological
 942 or historical resources.
- 943 c. Changes to minimum lot sizes.
- 944 d. Changes in the configuration of internal roads that do
 945 not affect external access points.
- 946 e. Changes to the building design or orientation that stay
 947 approximately within the approved area designated for such
 948 building and parking lot, and which do not affect historical
 949 buildings designated as significant by the Division of
 950 Historical Resources of the Department of State.
- 951 f. Changes to increase the acreage in the development,
 952 provided that no development is proposed on the acreage to be
 953 added.
- 954 g. Changes to eliminate an approved land use, provided
 955 that there are no additional regional impacts.
- 956 h. Changes required to conform to permits approved by any
 957 federal, state, or regional permitting agency, provided that
 958 these changes do not create additional regional impacts.
- 959 i. Any renovation or redevelopment of development within a
 960 previously approved development of regional impact which does
 961 not change land use or increase density or intensity of use.

962 j. Changes that modify boundaries and configuration of
963 areas described in subparagraph (b)14. due to science-based
964 refinement of such areas by survey, by habitat evaluation, by
965 other recognized assessment methodology, or by an environmental
966 assessment. In order for changes to qualify under this sub-
967 subparagraph, the survey, habitat evaluation, or assessment must
968 occur prior to the time a conservation easement protecting such
969 lands is recorded and must not result in any net decrease in the
970 total acreage of the lands specifically set aside for permanent
971 preservation in the final development order.

972 ~~k.j.~~ Any other change which the state land planning
973 agency, in consultation with the regional planning council,
974 agrees in writing is similar in nature, impact, or character to
975 the changes enumerated in sub-subparagraphs a.-j. ~~a.-i.~~ and
976 which does not create the likelihood of any additional regional
977 impact.

978
979 This subsection does not require the filing of a notice of
980 proposed change but shall require an application to the local
981 government to amend the development order in accordance with the
982 local government's procedures for amendment of a development
983 order. In accordance with the local government's procedures,
984 including requirements for notice to the applicant and the
985 public, the local government shall either deny the application
986 for amendment or adopt an amendment to the development order
987 which approves the application with or without conditions.
988 Following adoption, the local government shall render to the

989 state land planning agency the amendment to the development
 990 order. The state land planning agency may appeal, pursuant to s.
 991 380.07(3), the amendment to the development order if the
 992 amendment involves sub-subparagraph g., sub-subparagraph h.,
 993 sub-subparagraph j., or sub-subparagraph k. and it believes the
 994 change creates a reasonable likelihood of new or additional
 995 regional impacts ~~a development order amendment for any change~~
 996 ~~listed in sub-subparagraphs a. j. unless such issue is addressed~~
 997 ~~either in the existing development order or in the application~~
 998 ~~for development approval, but, in the case of the application,~~
 999 ~~only if, and in the manner in which, the application is~~
 1000 ~~incorporated in the development order.~~

1001 3. Except for the change authorized by sub-subparagraph
 1002 2.f., any addition of land not previously reviewed or any change
 1003 not specified in paragraph (b) or paragraph (c) shall be
 1004 presumed to create a substantial deviation. This presumption may
 1005 be rebutted by clear and convincing evidence.

1006 4. Any submittal of a proposed change to a previously
 1007 approved development shall include a description of individual
 1008 changes previously made to the development, including changes
 1009 previously approved by the local government. The local
 1010 government shall consider the previous and current proposed
 1011 changes in deciding whether such changes cumulatively constitute
 1012 a substantial deviation requiring further development-of-
 1013 regional-impact review.

1014 5. The following changes to an approved development of
 1015 regional impact shall be presumed to create a substantial

1016 deviation. Such presumption may be rebutted by clear and
 1017 convincing evidence.

1018 a. A change proposed for 15 percent or more of the acreage
 1019 to a land use not previously approved in the development order.
 1020 Changes of less than 15 percent shall be presumed not to create
 1021 a substantial deviation.

1022 ~~b. Except for the types of uses listed in subparagraph~~
 1023 ~~(b)16., any change which would result in the development of any~~
 1024 ~~area which was specifically set aside in the application for~~
 1025 ~~development approval or in the development order for~~
 1026 ~~preservation, buffers, or special protection, including habitat~~
 1027 ~~for plant and animal species, archaeological and historical~~
 1028 ~~sites, dunes, and other special areas.~~

1029 b.e. Notwithstanding any provision of paragraph (b) to the
 1030 contrary, a proposed change consisting of simultaneous increases
 1031 and decreases of at least two of the uses within an authorized
 1032 multiuse development of regional impact which was originally
 1033 approved with three or more uses specified in s. 380.0651(3)(c),
 1034 (d), (e)~~(f)~~, and (f)~~(g)~~ and residential use.

1035 (f)1. The state land planning agency shall establish by
 1036 rule standard forms for submittal of proposed changes to a
 1037 previously approved development of regional impact which may
 1038 require further development-of-regional-impact review. At a
 1039 minimum, the standard form shall require the developer to
 1040 provide the precise language that the developer proposes to
 1041 delete or add as an amendment to the development order.

1042 2. The developer shall submit, simultaneously, to the
1043 local government, the regional planning agency, and the state
1044 land planning agency the request for approval of a proposed
1045 change.

1046 3. No sooner than 30 days but no later than 45 days after
1047 submittal by the developer to the local government, the state
1048 land planning agency, and the appropriate regional planning
1049 agency, the local government shall give 15 days' notice and
1050 schedule a public hearing to consider the change that the
1051 developer asserts does not create a substantial deviation. This
1052 public hearing shall be held within 60 ~~90~~ days after submittal
1053 of the proposed changes, unless that time is extended by the
1054 developer.

1055 4. The appropriate regional planning agency or the state
1056 land planning agency shall review the proposed change and, no
1057 later than 45 days after submittal by the developer of the
1058 proposed change, unless that time is extended by the developer,
1059 and prior to the public hearing at which the proposed change is
1060 to be considered, shall advise the local government in writing
1061 whether it objects to the proposed change, shall specify the
1062 reasons for its objection, if any, and shall provide a copy to
1063 the developer.

1064 5. At the public hearing, the local government shall
1065 determine whether the proposed change requires further
1066 development-of-regional-impact review. The provisions of
1067 paragraphs (a) and (e), the thresholds set forth in paragraph
1068 (b), and the presumptions set forth in paragraphs (c) and (d)

1069 and subparagraph (e)3. shall be applicable in determining
 1070 whether further development-of-regional-impact review is
 1071 required.

1072 6. If the local government determines that the proposed
 1073 change does not require further development-of-regional-impact
 1074 review and is otherwise approved, or if the proposed change is
 1075 not subject to a hearing and determination pursuant to
 1076 subparagraphs 3. and 5. and is otherwise approved, the local
 1077 government shall issue an amendment to the development order
 1078 incorporating the approved change and conditions of approval
 1079 relating to the change. The requirement that a change be
 1080 otherwise approved shall not be construed to require additional
 1081 local review or approval if the change is allowed by applicable
 1082 local ordinances without further local review or approval. The
 1083 decision of the local government to approve, with or without
 1084 conditions, or to deny the proposed change that the developer
 1085 asserts does not require further review shall be subject to the
 1086 appeal provisions of s. 380.07. However, the state land planning
 1087 agency may not appeal the local government decision if it did
 1088 not comply with subparagraph 4. The state land planning agency
 1089 may not appeal a change to a development order made pursuant to
 1090 subparagraph (e)1. or subparagraph (e)2. for developments of
 1091 regional impact approved after January 1, 1980, unless the
 1092 change would result in a significant impact to a regionally
 1093 significant archaeological, historical, or natural resource not
 1094 previously identified in the original development-of-regional-
 1095 impact review.

1096 (g) If a proposed change requires further development-of-
 1097 regional-impact review pursuant to this section, the review
 1098 shall be conducted subject to the following additional
 1099 conditions:

1100 1. The development-of-regional-impact review conducted by
 1101 the appropriate regional planning agency shall address only
 1102 those issues raised by the proposed change except as provided in
 1103 subparagraph 2.

1104 2. The regional planning agency shall consider, and the
 1105 local government shall determine whether to approve, approve
 1106 with conditions, or deny the proposed change as it relates to
 1107 the entire development. If the local government determines that
 1108 the proposed change, as it relates to the entire development, is
 1109 unacceptable, the local government shall deny the change.

1110 3. If the local government determines that the proposed
 1111 change, ~~as it relates to the entire development,~~ should be
 1112 approved, any new conditions in the amendment to the development
 1113 order issued by the local government shall address only those
 1114 issues raised by the proposed change and require mitigation only
 1115 for the individual and cumulative impacts of the proposed
 1116 change.

1117 4. Development within the previously approved development
 1118 of regional impact may continue, as approved, during the
 1119 development-of-regional-impact review in those portions of the
 1120 development which are not directly affected by the proposed
 1121 change.

1122 (h) When further development-of-regional-impact review is
 1123 required because a substantial deviation has been determined or
 1124 admitted by the developer, the amendment to the development
 1125 order issued by the local government shall be consistent with
 1126 the requirements of subsection (15) and shall be subject to the
 1127 hearing and appeal provisions of s. 380.07. The state land
 1128 planning agency or the appropriate regional planning agency need
 1129 not participate at the local hearing in order to appeal a local
 1130 government development order issued pursuant to this paragraph.

1131 (i) An increase in the number of residential dwelling
 1132 units shall not constitute a substantial deviation and shall not
 1133 be subject to development-of-regional-impact review for
 1134 additional impacts provided that all the residential dwelling
 1135 units are dedicated to affordable workforce housing and the
 1136 total number of new residential units does not exceed 200
 1137 percent of the substantial deviation threshold. The affordable
 1138 workforce housing shall be subject to a recorded land use
 1139 restriction that shall be for a period of not less than 20 years
 1140 and that includes resale provisions to ensure long-term
 1141 affordability for income-eligible homeowners and renters. For
 1142 purposes of this paragraph, the term "affordable workforce
 1143 housing" means housing that is affordable to a person who earns
 1144 less than 120 percent of the area median income, or less than
 1145 140 percent of the area median income if located in a county in
 1146 which the median purchase price for a single-family existing
 1147 home exceeds the statewide median purchase price of a single-
 1148 family existing home. For purposes of this paragraph, the term

1154 (24) STATUTORY EXEMPTIONS.--

1155 (a) Any proposed hospital ~~which has a designed capacity of~~
 1156 ~~not more than 100 beds~~ is exempt from the provisions of this
 1157 section.

1158 (b) Any proposed electrical transmission line or
 1159 electrical power plant is exempt from the provisions of this
 1160 section, ~~except any steam or solar electrical generating~~
 1161 ~~facility of less than 50 megawatts in capacity attached to a~~
 1162 ~~development of regional impact.~~

1163 (c) Any proposed addition to an existing sports facility
 1164 complex is exempt from the provisions of this section if the
 1165 addition meets the following characteristics:

1166 1. It would not operate concurrently with the scheduled
 1167 hours of operation of the existing facility.

1168 2. Its seating capacity would be no more than 75 percent
 1169 of the capacity of the existing facility.

1170 3. The sports facility complex property is owned by a
 1171 public body prior to July 1, 1983.

1172
 1173 This exemption does not apply to any pari-mutuel facility.

1174 (d) Any proposed addition or cumulative additions
 1175 subsequent to July 1, 1988, to an existing sports facility

1176 complex owned by a state university is exempt if the increased
1177 seating capacity of the complex is no more than 30 percent of
1178 the capacity of the existing facility.

1179 (e) Any addition of permanent seats or parking spaces for
1180 an existing sports facility located on property owned by a
1181 public body prior to July 1, 1973, is exempt from the provisions
1182 of this section if future additions do not expand existing
1183 permanent seating or parking capacity more than 15 percent
1184 annually in excess of the prior year's capacity.

1185 (f) Any increase in the seating capacity of an existing
1186 sports facility having a permanent seating capacity of at least
1187 50,000 spectators is exempt from the provisions of this section,
1188 provided that such an increase does not increase permanent
1189 seating capacity by more than 5 percent per year and not to
1190 exceed a total of 10 percent in any 5-year period, and provided
1191 that the sports facility notifies the appropriate local
1192 government within which the facility is located of the increase
1193 at least 6 months prior to the initial use of the increased
1194 seating, in order to permit the appropriate local government to
1195 develop a traffic management plan for the traffic generated by
1196 the increase. Any traffic management plan shall be consistent
1197 with the local comprehensive plan, the regional policy plan, and
1198 the state comprehensive plan.

1199 (g) Any expansion in the permanent seating capacity or
1200 additional improved parking facilities of an existing sports
1201 facility is exempt from the provisions of this section, if the
1202 following conditions exist:

ENROLLED

HB 683, Engrossed 2

2006 Legislature

1203 1.a. The sports facility had a permanent seating capacity
1204 on January 1, 1991, of at least 41,000 spectator seats;

1205 b. The sum of such expansions in permanent seating
1206 capacity does not exceed a total of 10 percent in any 5-year
1207 period and does not exceed a cumulative total of 20 percent for
1208 any such expansions; or

1209 c. The increase in additional improved parking facilities
1210 is a one-time addition and does not exceed 3,500 parking spaces
1211 serving the sports facility; and

1212 2. The local government having jurisdiction of the sports
1213 facility includes in the development order or development permit
1214 approving such expansion under this paragraph a finding of fact
1215 that the proposed expansion is consistent with the
1216 transportation, water, sewer and stormwater drainage provisions
1217 of the approved local comprehensive plan and local land
1218 development regulations relating to those provisions.

1219
1220 Any owner or developer who intends to rely on this statutory
1221 exemption shall provide to the department a copy of the local
1222 government application for a development permit. Within 45 days
1223 of receipt of the application, the department shall render to
1224 the local government an advisory and nonbinding opinion, in
1225 writing, stating whether, in the department's opinion, the
1226 prescribed conditions exist for an exemption under this
1227 paragraph. The local government shall render the development

 1232 the determination of whether the conditions prescribed in this
 1233 paragraph exist. If any sports facility expansion undergoes
 1234 development of regional impact review, all previous expansions
 1235 which were exempt under this paragraph shall be included in the
 1236 development of regional impact review.

1237 (h) Expansion to port harbors, spoil disposal sites,
 1238 navigation channels, turning basins, harbor berths, and other
 1239 related inwater harbor facilities of ports listed in s.
 1240 403.021(9)(b), port transportation facilities and projects

 1242 facilities identified pursuant to s. 311.09(3) are exempt from
 1243 the provisions of this section when such expansions, projects,
 1244 or facilities are consistent with comprehensive master plans
 1245 that are in compliance with the provisions of s. 163.3178.

1246 (i) Any proposed facility for the storage of any petroleum
 1247 product or any expansion of an existing facility is exempt from
 1248 the provisions of this section, ~~if the facility is consistent~~
 1249 ~~with a local comprehensive plan that is in compliance with s.~~
 1250 ~~163.3177 or is consistent with a comprehensive port master plan~~
 1251 ~~that is in compliance with s. 163.3178.~~

1252 (j) Any renovation or redevelopment within the same land
 1253 parcel which does not change land use or increase density or
 1254 intensity of use.

1255 (k) 1. Waterport and marina development, including dry
 1256 storage facilities, are exempt from the provisions of this

1338 development orders may be proposed to be abandoned by the owner
1339 or developer. The local government in which the development of
1340 regional impact is located also may propose to abandon the
1341 development of regional impact, provided that the local
1342 government gives individual written notice to each development-
1343 of-regional-impact owner and developer of record, and provided
1344 that no such owner or developer objects in writing to the local
1345 government prior to or at the public hearing pertaining to
1346 abandonment of the development of regional impact. The state
1347 land planning agency is authorized to promulgate rules that
1348 shall include, but not be limited to, criteria for determining
1349 whether to grant, grant with conditions, or deny a proposal to
1350 abandon, and provisions to ensure that the developer satisfies
1351 all applicable conditions of the development order and
1352 adequately mitigates for the impacts of the development. If
1353 there is no existing development within the development of
1354 regional impact at the time of abandonment and no development
1355 within the development of regional impact is proposed by the
1356 owner or developer after such abandonment, an abandonment order
1357 shall not require the owner or developer to contribute any land,
1358 funds, or public facilities as a condition of such abandonment
1359 order. The rules shall also provide a procedure for filing
1360 notice of the abandonment pursuant to s. 28.222 with the clerk
1361 of the circuit court for each county in which the development of
1362 regional impact is located. Any decision by a local government
1363 concerning the abandonment of a development of regional impact
1364 shall be subject to an appeal pursuant to s. 380.07. The issues

1365 in any such appeal shall be confined to whether the provisions
1366 of this subsection or any rules promulgated thereunder have been
1367 satisfied.

1368 (b) Upon receipt of written confirmation from the state
1369 land planning agency that any required mitigation applicable to
1370 completed development has occurred, an industrial development of
1371 regional impact located within the coastal high-hazard area of a
1372 rural county of economic concern which was approved prior to the
1373 adoption of the local government's comprehensive plan required
1374 under s. 163.3167 and which plan's future land use map and
1375 zoning designates the land use for the development of regional
1376 impact as commercial may be unilaterally abandoned without the
1377 need to proceed through the process described in paragraph (a)
1378 if the developer or owner provides a notice of abandonment to
1379 the local government and records such notice with the applicable
1380 clerk of court. Abandonment shall be deemed to have occurred
1381 upon the recording of the notice. All development following
1382 abandonment shall be fully consistent with the current
1383 comprehensive plan and applicable zoning.

1384 (28) PARTIAL STATUTORY EXEMPTIONS.--

1385 (a) If the binding agreement referenced under paragraph
1386 (24)(l) for urban service boundaries is not entered into within
1387 12 months after establishment of the urban service boundary, the
1388 development-of-regional-impact review for projects within the
1389 urban service boundary must address transportation impacts only.

1390 (b) If the binding agreement referenced under paragraph
1391 (24)(m) for rural land stewardship areas is not entered into

ENROLLED

HB 683, Engrossed 2

2006 Legislature

1392 within 12 months after the designation of a rural land
1393 stewardship area, the development-of-regional-impact review for
1394 projects within the rural land stewardship area must address
1395 transportation impacts only.

1396 (c) If the binding agreement referenced under paragraph
1397 (24) (n) for designated urban infill and redevelopment areas is
1398 not entered into within 12 months after the designation of the
1399 area or July 1, 2007, whichever occurs later, the development-
1400 of-regional-impact review for projects within the urban infill
1401 and redevelopment area must address transportation impacts only.

1402 (d) A local government that does not wish to enter into a
1403 binding agreement or that is unable to agree on the terms of the
1404 agreement referenced under paragraph (24) (l), paragraph (24) (m),
1405 or paragraph (24) (n) shall provide written notification to the
1406 state land planning agency of the decision to not enter into a
1407 binding agreement or the failure to enter into a binding
1408 agreement within the 12-month period referenced in paragraphs
1409 (a), (b) and (c). Following the notification of the state land
1410 planning agency, development-of-regional-impact review for
1411 projects within an urban service boundary under paragraph
1412 (24) (l), a rural land stewardship area under paragraph (24) (m),
1413 or an urban infill and redevelopment area under paragraph
1414 (24) (n), must address transportation impacts only.

1415 (e) The vesting provision of s. 163.3167(8) relating to an
1416 authorized development of regional impact shall not apply to
1417 those projects partially exempt from the development-of-
1418 regional-impact review process under paragraphs (a) - (d).

1419 Section 9. Paragraphs (d) and (e) of subsection (3) of
 1420 section 380.0651, Florida Statutes, are amended, paragraphs (f)
 1421 through (i) are redesignated as paragraphs (e) through (h),
 1422 respectively, paragraph (j) is redesignated as paragraph (i) and
 1423 amended, and a new paragraph (j) is added to that subsection, to
 1424 read:

1425 380.0651 Statewide guidelines and standards.--

1426 (3) The following statewide guidelines and standards shall
 1427 be applied in the manner described in s. 380.06(2) to determine
 1428 whether the following developments shall be required to undergo
 1429 development-of-regional-impact review:

1430 (d) Office development.--Any proposed office building or
 1431 park operated under common ownership, development plan, or
 1432 management that:

1433 1. Encompasses 300,000 or more square feet of gross floor
 1434 area; or

1435 2. Encompasses more than 600,000 square feet of gross
 1436 floor area in a county with a population greater than 500,000
 1437 and only in a geographic area specifically designated as highly
 1438 suitable for increased threshold intensity in the approved local
 1439 comprehensive plan and ~~in the strategic regional policy plan.~~

1440 ~~(e) Port facilities. The proposed construction of any~~

 1483 ~~preclude, a development from being required to undergo~~
 1484 ~~development of regional impact review under sub-subparagraphs~~
 1485 ~~1.a. and b. and subparagraph 2.~~

1486 (i) ~~(j)~~ Residential development.--No rule may be adopted
 1487 concerning residential developments which treats a residential
 1488 development in one county as being located in a less populated
 1489 adjacent county unless more than 25 percent of the development
 1490 is located within 2 or less miles of the less populated adjacent
 1491 county. The residential thresholds of adjacent counties with
 1492 less population and a lower threshold shall not be controlling
 1493 on any development wholly located within areas designated as
 1494 rural areas of critical economic concern.

1495 (j) Workforce housing.--The applicable guidelines for
 1496 residential development and the residential component for
 1497 multiuse development shall be increased by 50 percent where the
 1498 developer demonstrates that at least 15 percent of the total
 1499 residential dwelling units authorized within the development of

 1504 eligible homeowners and renters and provisions for the workforce
 1505 housing to be commenced prior to the completion of 50 percent of
 1506 the market rate dwelling. For purposes of this paragraph, the
 1507 term "affordable workforce housing" means housing that is
 1508 affordable to a person who earns less than 120 percent of the
 1509 area median income, or less than 140 percent of the area median
 1510 income if located in a county in which the median purchase price
 1511 for a single-family existing home exceeds the statewide median
 1512 purchase price of a single-family existing home. For the
 1513 purposes of this paragraph, the term "statewide median purchase
 1514 price of a single-family existing home" means the statewide
 1515 purchase price as determined in the Florida Sales Report,
 1516 Single-Family Existing Homes, released each January by the
 1517 Florida Association of Realtors and the University of Florida
 1518 Real Estate Research Center.

1519 Section 10. Section 380.07, Florida Statutes, is amended
 1520 to read:

1521 380.07 Florida Land and Water Adjudicatory Commission.--

1522 (1) There is hereby created the Florida Land and Water
 1523 Adjudicatory Commission, which shall consist of the
 1524 Administration Commission. The commission may adopt rules

1526 concern program and the requirements for developments of
 1527 regional impact as set forth in this chapter.

1528 (2) Whenever any local government issues any development
 1529 order in any area of critical state concern, or in regard to any
 1530 development of regional impact, copies of such orders as
 1531 prescribed by rule by the state land planning agency shall be
 1532 transmitted to the state land planning agency, the regional
 1533 planning agency, and the owner or developer of the property
 1534 affected by such order. The state land planning agency shall
 1535 adopt rules describing development order rendition and
 1536 effectiveness in designated areas of critical state concern.
 1537 Within 45 days after the order is rendered, the owner, the
 1538 developer, or the state land planning agency may appeal the
 1539 order to the Florida Land and Water Adjudicatory Commission by
 1540 filing a petition alleging that the development order is not
 1541 consistent with the provisions of this part ~~notice of appeal~~
 1542 ~~with the commission~~. The appropriate regional planning agency by
 1543 vote at a regularly scheduled meeting may recommend that the
 1544 state land planning agency undertake an appeal of a development-
 1545 of-regional-impact development order. Upon the request of an
 1546 appropriate regional planning council, affected local
 1547 government, or any citizen, the state land planning agency shall
 1548 consider whether to appeal the order and shall respond to the
 1549 request within the 45-day appeal period. ~~Any appeal taken by a~~
 1550 ~~regional planning agency between March 1, 1993, and the~~
 1551 ~~effective date of this section may only be continued if the~~
 1552 ~~state land planning agency has also filed an appeal. Any appeal~~

1553 ~~initiated by a regional planning agency on or before March 1,~~
 1554 ~~1993, shall continue until completion of the appeal process and~~
 1555 ~~any subsequent appellate review, as if the regional planning~~
 1556 ~~agency were authorized to initiate the appeal.~~

1557 (3) Notwithstanding any other provision of law, an appeal
 1558 of a development order by the state land planning agency under
 1559 this section may include consistency of the development order
 1560 with the local comprehensive plan. However, if a development
 1561 order relating to a development of regional impact has been
 1562 challenged in a proceeding under s. 163.3215 and a party to the
 1563 proceeding serves notice to the state land planning agency of
 1564 the pending proceeding under s. 163.3215, the state land
 1565 planning agency shall:

1566 (a) Raise its consistency issues by intervening as a full
 1567 party in the pending proceeding under s. 163.3215 within 30 days
 1568 after service of the notice; and

1569 (b) Dismiss the consistency issues from the development
 1570 order appeal.

1571 (4) The appellant shall furnish a copy of the petition to
 1572 the opposing party, as the case may be, and to the local
 1573 government that issued the order. The filing of the petition
 1574 stays the effectiveness of the order until after the completion
 1575 of the appeal process.

1576 (5)~~(3)~~ The 45-day appeal period for a development of
 1577 regional impact within the jurisdiction of more than one local
 1578 government shall not commence until after all the local
 1579 governments having jurisdiction over the proposed development of

 1581 appellant shall furnish a copy of the notice of appeal to the
 1582 opposing party, as the case may be, and to the local government
 1583 which issued the order. The filing of the notice of appeal shall
 1584 stay the effectiveness of the order until after the completion
 1585 of the appeal process.

1586 (6)~~(4)~~ Prior to issuing an order, the Florida Land and
 1587 Water Adjudicatory Commission shall hold a hearing pursuant to
 1588 the provisions of chapter 120. The commission shall encourage
 1589 the submission of appeals on the record made below in cases in
 1590 which the development order was issued after a full and complete
 1591 hearing before the local government or an agency thereof.

1592 (7)~~(5)~~ The Florida Land and Water Adjudicatory Commission
 1593 shall issue a decision granting or denying permission to develop
 1594 pursuant to the standards of this chapter and may attach
 1595 conditions and restrictions to its decisions.

1596 (8)~~(6)~~ If an appeal is filed with respect to any issues
 1597 within the scope of a permitting program authorized by chapter
 1598 161, chapter 373, or chapter 403 and for which a permit or
 1599 conceptual review approval has been obtained prior to the
 1600 issuance of a development order, any such issue shall be
 1601 specifically identified in the notice of appeal which is filed
 1602 pursuant to this section, together with other issues which
 1603 constitute grounds for the appeal. The appeal may proceed with
 1604 respect to issues within the scope of permitting programs for
 1605 which a permit or conceptual review approval has been obtained
 1606 prior to the issuance of a development order only after the

1607 commission determines by majority vote at a regularly scheduled
 1608 commission meeting that statewide or regional interests may be
 1609 adversely affected by the development. In making this
 1610 determination, there shall be a rebuttable presumption that
 1611 statewide and regional interests relating to issues within the
 1612 scope of the permitting programs for which a permit or
 1613 conceptual approval has been obtained are not adversely
 1614 affected.

1615 Section 11. Section 380.115, Florida Statutes, is amended
 1616 to read:

 1637 developments which continue to be governed by a development
 1638 order shall be approved pursuant to s. 380.06(19) as it existed
 1639 prior to a change in the development-of-regional-impact
 1640 guidelines and standards, except that all percentage criteria
 1641 shall be doubled and all other criteria shall be increased by 10
 1642 percent. The development-of-regional-impact development order
 1643 may be enforced by the local government as provided by ss.
 1644 380.06(17) and 380.11.

1645 (b) If requested by the developer or landowner, the
