

1 A bill to be entitled
 2 An act relating to growth management; amending s.
 3 163.3180, F.S.; providing an exception to certain traffic
 4 generation information required in certain applications
 5 for development approval; providing legislative intent;
 6 providing for local government imposition of a trip fee on
 7 certain facilities for certain purposes; requiring the
 8 Department of Transportation to develop a model ordinance
 9 relating to trip fee implementation; amending s. 163.3184,
 10 F.S.; providing a limitation relating to availability of
 11 water for compliance determinations by the state land
 12 planning agency; providing criteria and requirements;
 13 amending s. 380.06, F.S.; providing construction relating
 14 to local review and approval of certain changes to a
 15 development of regional impact; providing an
 16 appropriation; providing an effective date.

17
 18 Be It Enacted by the Legislature of the State of Florida:

19
 20 Section 1. Paragraph (h) is added to subsection (5) of
 21 section 163.3180, Florida Statutes, and subsection (17) is added
 22 to that section, to read:

23 163.3180 Concurrency.--

24 (5)

25 (h) New applications for development approval within or
 26 adjacent and contiguous to property which has been granted a
 27 transportation concurrency exception pursuant to this section
 28 shall not be required to include traffic generated as a result

HB 7229

2006

29 of the grant of the exemption in the traffic concurrency
30 calculations in the applications.

31 (17) (a) It is the intent of the Legislature to confirm and
32 ratify the ability of local governments to require all new
33 development to mitigate the development's impact on
34 transportation facilities, regardless of the size or type of
35 development, by payment of a per-trip fee. In order to ensure
36 the cost of transportation facilities is equitable and equally
37 distributed, the Legislature recognizes that a local government
38 may charge a per-trip fee to be imposed on roadways and paid at
39 the time of issuance of a building permit for any new structure.
40 Such a fee shall be known as a "trip fee" and may be used to
41 fund new facilities or to fix existing deficiencies on
42 transportation facilities. If the local government adopts a trip
43 fee, no de minimis impact shall be allowed.

44 (b) By December 1, 2006, the Department of Transportation
45 shall develop a model ordinance containing a methodology for
46 local governments to use in implementing the trip-fee concept.
47 Local governments shall not be required to adopt such a concept
48 but are encouraged to view the concept as an alternative to the
49 adoption by the local government of impact fees for
50 transportation facilities.

51 Section 2. Paragraph (b) of subsection (8) of section
52 163.3184, Florida Statutes, is amended to read:

53 163.3184 Process for adoption of comprehensive plan or
54 plan amendment.--

55 (8) NOTICE OF INTENT.--

HB 7229

2006

56 (b) 1. Except as provided in paragraph (a) or in s.
57 163.3187(3), the state land planning agency, upon receipt of a
58 local government's complete adopted comprehensive plan or plan
59 amendment, shall have 45 days for review and to determine if the
60 plan or plan amendment is in compliance with this act, unless
61 the amendment is the result of a compliance agreement entered
62 into under subsection (16), in which case the time period for
63 review and determination shall be 30 days. If review was not
64 conducted under subsection (6), the agency's determination must
65 be based upon the plan amendment as adopted. If review was
66 conducted under subsection (6), the agency's determination of
67 compliance must be based only upon one or both of the following:

68 ~~a.1.~~ The state land planning agency's written comments to
69 the local government pursuant to subsection (6); or

70 ~~b.2.~~ Any changes made by the local government to the
71 comprehensive plan or plan amendment as adopted.

72 2. However, if a state land planning agency's written
73 comments to the local government pursuant to subsection (6)
74 relate to the availability of water, the agency shall not use
75 the lack of availability of water during the agency's
76 determination of compliance if the applicable local government
77 transmits with its adopted plan amendment a letter from the
78 applicable water supplier that states adequate water supplies
79 will be available. If the applicable water supplier owns a
80 property interest in the land that is the subject of the plan
81 amendment, the local government shall submit a letter from the
82 applicable water management district providing that adequate
83 water supplies will be available.

84 Section 3. Paragraph (f) of subsection (19) of section
85 380.06, Florida Statutes, is amended to read:

86 380.06 Developments of regional impact.--

87 (19) SUBSTANTIAL DEVIATIONS.--

88 (f)1. The state land planning agency shall establish by
89 rule standard forms for submittal of proposed changes to a
90 previously approved development of regional impact which may
91 require further development-of-regional-impact review. At a
92 minimum, the standard form shall require the developer to
93 provide the precise language that the developer proposes to
94 delete or add as an amendment to the development order.

95 2. The developer shall submit, simultaneously, to the
96 local government, the regional planning agency, and the state
97 land planning agency the request for approval of a proposed
98 change.

99 3. No sooner than 30 days but no later than 45 days after
100 submittal by the developer to the local government, the state
101 land planning agency, and the appropriate regional planning
102 agency, the local government shall give 15 days' notice and
103 schedule a public hearing to consider the change that the
104 developer asserts does not create a substantial deviation. This
105 public hearing shall be held within 90 days after submittal of
106 the proposed changes, unless that time is extended by the
107 developer.

108 4. The appropriate regional planning agency or the state
109 land planning agency shall review the proposed change and, no
110 later than 45 days after submittal by the developer of the
111 proposed change, unless that time is extended by the developer,

HB 7229

2006

112 and prior to the public hearing at which the proposed change is
113 to be considered, shall advise the local government in writing
114 whether it objects to the proposed change, shall specify the
115 reasons for its objection, if any, and shall provide a copy to
116 the developer.

117 5. At the public hearing, the local government shall
118 determine whether the proposed change requires further
119 development-of-regional-impact review. The provisions of
120 paragraphs (a) and (e), the thresholds set forth in paragraph
121 (b), and the presumptions set forth in paragraphs (c) and (d)
122 and subparagraph (e)3. shall be applicable in determining
123 whether further development-of-regional-impact review is
124 required.

125 6. If the local government determines that the proposed
126 change does not require further development-of-regional-impact
127 review and is otherwise approved, or if the proposed change is
128 not subject to a hearing and determination pursuant to
129 subparagraphs 3. and 5. and is otherwise approved, the local
130 government shall issue an amendment to the development order
131 incorporating the approved change and conditions of approval
132 relating to the change. The requirement that a change be
133 otherwise approved shall not be construed to require additional
134 local review or approval if the change is allowed by applicable
135 local ordinances without further local review or approval. The
136 decision of the local government to approve, with or without
137 conditions, or to deny the proposed change that the developer
138 asserts does not require further review shall be subject to the
139 appeal provisions of s. 380.07. However, the state land planning

HB 7229

2006

140 agency may not appeal the local government decision if it did
141 not comply with subparagraph 4. The state land planning agency
142 may not appeal a change to a development order made pursuant to
143 subparagraph (e)1. or subparagraph (e)2. for developments of
144 regional impact approved after January 1, 1980, unless the
145 change would result in a significant impact to a regionally
146 significant archaeological, historical, or natural resource not
147 previously identified in the original development-of-regional-
148 impact review.

149 Section 4. The sum of \$25 million is appropriated from the
150 General Revenue Fund to the Conservation and Recreation Lands
151 Program Trust Fund within the Department of Agriculture and
152 Consumer Services for the purposes of s. 570.71, Florida
153 Statutes.

154 Section 5. This act shall take effect July 1, 2006.
